PREFACE

THIS volume bring us to the period of the Revolutionary War, a period of much interest to students of our history. I trust that persons having knowledge of unpublished documents relating to the subject will call my attention to them, that I may publish them in the next volume should they prove of interest.

At a Council held at the Council Chamber in Boston, on
Thursday ye 19th June 1766 —

Present in Council His Excellency the Governor
Sam'l Danforth     James Russell   Isaac Royall

John Erving Esq'rs John Bradbury   Wm Brattle

His Excellency acquainted the Board that the Establishment
made in the present Session of the General Court, for
Castle William, & Fort Pownall had been laid before him;
by which Establishment the Garrisons of those two Fortresses
are so reduced, that he apprehends them to be unsafe, while
they are thus weakened and therefore cannot give his Con-
sent thereto and desired the Advice of the Board on this
Occasion —

The Board thereupon unanimously declared that their con-
curring the House in the said Reduction, was not because
they really approved of it, but because they tho't it better to
have smaller Garrisons at those places, than none at all, and
thereupon unanimously —

Advised that his Excellency represent the true State of
the Case in a Message to the House of Representatives and
move them to reconsider the said Establishment, and place such respectable Garrisons, in those two Fortresses as shall be a sufficient Protection to them —

Message. June 20, 1766

Gentlemen of the House of Representatives.

Having had laid before me your Resolution for the Establishment of the Garrisons of his Majesty's Fortresses, Castle William and Fort Pownall, for the year ensuing, I have communicated to his Majesty's Council my reasons why I cannot consent to any Reduction of the Garrison of the former, nor so great a reduction of the Garrison of the latter, which I persuade myself have been deemed conclusive by them, and would be so by every one, who is really acquainted with the State of those Fortresses.

As you did not consult me, the Captain General, on a proposal tending so greatly to render those Fortresses, for the Security of which I am answerable, weak and insecure, I did not intend to trouble you with my Sentiments on this Occasion. But the Council having unanimously joined with me in concern at and disapprobation of this injudicious Measure, and having given their Advice that I should endeavour to divert it, by recommending to you a reconsideration of this Business, I cannot refuse complying with their request, and therefore do earnestly recommend to you, that you would fully and seriously reconsider this business before it is out of your Power to alter your late Resolutions.

I always have had, and have continually expressed a Desire
that the two royal Fortresses, which have been committed to the Government of this Province, should be continued to it; I have considered it as a Trust reflecting great honour on the Province, at no great expence; and I have always intended to use my little Influence to obtain the Continuance of this Trust, whenever any new regulations should require an interest for that Purpose.

But Gentlemen, this will be impracticable, if you will not make Provisions for sufficient Garrisons for those Fortresses; at least my Mouth must be shut, unless I can give it as my Opinion that you have made such Provision; which it will be impossible for me to do, if you make any reduction at Castle William, or a reduction greater than six or eight Privates at Fort Pownall.

If you are desirous of saving the Expence of these Garrisons, your best way will be to surrender the Forts directly rather than to give them up indirectly by withdrawing the Garrisons by piece-meal. The greatest Inconvenience of this purpose will be the uneasiness it will create among the People; for which reason I shall do all I can to prevent it; and I think so ought you.

If you will enable me to keep these Fortresses by renewing the present Establishment of the Castle, and reducing that of Fort Pownall no lower than I have before mentioned, I will use my utmost endeavours that they shall be continued to this Government. But if you will put it out of my Power to retain these Fortresses, I desire it may be remembered that neither I nor the Council have spared Pains to prevent this unadvisable Reduction taking effect, at this time.

I sent you at the same Time a Copy of the Minutes of the Advice of Council given to me upon this Occasion, which you will perceive to be unanimous in a full Council.

Fra^Waldo to the Surveyor General

Falmouth 11th August 1766 —

Sir

On the 7th Currant about 11 Clo. AM. in consequence of an Information, we the Collector and Comptroller of this Port went to the House of Enoch Ilsley Shopkeeper, & after Searching it, demanded the key of a Store belonging to him, but that not being granted we proceeded to spring the Lock of said Store, in presence of Alex^ Ross Esq' a Magistrate, who attended in obedience to a Writ of Assistance shewn him by the said Collector, thereupon seven hogsheads, & one small Tierce of Sugar, & part of a hogshead, & part of a Tierce ditto, three hogsheads of Rum & 2 Ullages of ditto, were Seized and marked (with the T) by us the Collector & Compt' and a lock then put on the said Store. Hereupon it became our endeavours to procure a proper place to remove the Goods into, as likewise Trucks and Horses for haling them, but every person to whom we applied, either refused, or were so backward that we could not obtain either.

The same Evening about 6, Clo. upon hearing that a rescue of the Goods was intended, we acquainted the aforementioned Magistrate thereof in writing, and requested his Support & assistance (he being the only one then in Town) thereupon he granted us his Warrant directed to the Sheriff and his Deputys requiring them to assist us, After enquiring for the Sheriff we found he was at a considerable distance
from the Town— by this time (7 Clo) numbers of people were assembled round the dwelling House of the said Ilsley in passing whom when in a quest of a Deputy Sheriff we Rec'd some small Insult from, and having found the Deputy Sheriff To' Noyes we committed the said Warrant to him, and enjoined him to do the needful to prevent a rescue of the Goods. Night coming on and people assembling in great numbers we went to the Dwelling House of the Comptroller being in the neighbourhood of the said Ilsleys and soon experienced the violence of the Mob, the House being beset and pelted with Clubs & Stones by intermissions until 10, or ½ past 10 Clock when they dispersed it being said that in that time the aforementioned Goods were carried away by persons unknown and disguised— the Morning following about 9 Clock the Collector having visited the said Store accordingly found all the said Goods missing, and in presence of Benj* Wait Esq' enquired of said Ilsley whether he knew by whom they were taken away, but his Answer was that he did not, he being sick and confined to his House— the aforementioned Deputy Sheriff declares that he was forcibly borne away by the Mob, his pockets Rifled and the Warrant taken away & he prevented from doing his duty.

Upon the best information we can git a considerable part of the Town were active in the said Rescue, and we conceive it becomes our duty to inform that we think ourselves unsafe at present, and that it is out of our power to carry the Laws of Trade into Execution without some other support than what we at present have.

Boston August 18th 1766

Gentlemen

By Order of his Excellency the Governor with the Advice of the Council, I now send you a Proclamation this day issued which was occasioned by some late Riotous proceedings in the County of Cumberland, with directions that you do immediately upon Receipt thereof meet together, or as many of you as can conveniently, and consult upon the most vigorous measures for carrying the intention of the said Proclamation into Execution.

You are therefore to take such Measures as you shall think most requisite for the Recovery of the Goods which have been unlawfully taken out of the possession of the Custom House officers, and in supporting them in the due Execution of their office on this occasion, and also in suppressing any further Riotous proceedings and in apprehending and securing all offenders, and make Return of your proceedings in this enquiry as soon as may be, and of the names of any of the offenders that may be discovered to you.

Letter, Govr Wentworth to Govr Bernard 2 Oct. 1766.

Sir

I have had the Honor to receive your Letter of the 10th September. The difficulty in procuring Copies has hitherto prevented my acknowledging it. Herewith is inclosed according to your Excelleney's request Copys of the various plans & Records which together with the opinion of the
Council & Mr Bryent's Deposition forwarded the 10th Instant, have induced me to judge the Lands now in question are clearly within the bounds of this Province. I presume they will procure equal certainty where may be considered. As many of these papers apply immediately to the respective positions of your Excellency's Letter, I do not trouble you with further reasons thereon. Upon enquiry I am informed that the late Govr Wentworth always declined appointing any Committee to join in running this Line again or in any way to consider the propriety of it, supposing it a matter by no means either disputable after being determined and markt by Royal Authority and the unexceptionable practice of both Provinces thereon, for so many years: Or if any uncertainty cou'd possibly remain, that He cou'd in faithfulness to the Crown take any such Measure. Indeed Mr Wentworth did consent that Bryant shou'd attend the Committee of the Mass'a Bay to show them and renew the Marks on the Line he run, merely out of Civility & just respect to your Letters — but by no means giving or intending any Authority to him. Colr Wentworth went upon similar terms: but without any particular official knowledge of the intent of the Committee, or that his presence or absence was material to either Province. I therefore beg leave to observe that Colr Wentworth or Mr Bryent cannot be considered as a Committee for this Province, who have no right or power to appoint any — The property being Royal; Or for his Majesty, as the Governor never did or wou'd admit it to require or even bear a reconsideration from him, after the Line was so authentically surveyed, markd, recorded and acted upon so long and without Exception.

In compliance with your Excellency's desire I have hitherto defer'd any executive measures; but must very soon proceed to a positive preservation of the Kings property, nor suffer it to be taken by mere supposition, without his Com-
mand: This is not practicable against a subject; at least not acceded to. I find it the more necessary as Cap't Brown and others have threatened the Grantees under the Crown with personal Arrests and to hurry them to Boston, for judicial process; that wou'd be ruinous, even if their property in the Land was preserved: Such poor Settlers you are sensible Sir, cannot bear the time & expence of distant Suits: I was very happy that your Excellency's desire confirmed my earnest inclination to prevent any violations or unnecessary interruption of the Borderers, and conclude that Cap't Brown's precipitation is unknown to your Excellency whose ready benevolence I am convinced wou'd powerfully plead against such severity; especially during an enquiry, which might be hoped would determine the Case, without Calamity. Since this matter has been considered again, this Government appear determined to prosecute the Execution of the judgment in Council, that decrees the Cost to be equally paid by both Provinces. What the result may be is uncertain: perhaps the two miles observed / heretofore / to be by accident lost to this Province may be restored to them, if it is bro't before his Majesty in Council. I have omitted sending the paragraph in my Commission as it is verbatim, the same as in the 85th Instruction to the late Governor Wentworth, respecting the Line; However I will yet send it if it is tho't to any purpose.

I shall be obliged, if your Excellency wou'd inform me, when this matter is sent home, unless upon perusing the Copies &c It is intirely dismiss'd, which I am inclined to expect: That I may also transmit such Evidence as may expedite the affair.

I am with great esteem and respect Sir

Your most obedient humble Servant

The Petition of the Subscribers hereto, who are Freeholders and Inhabitants of the Town of Andover

humbly Sheweth —

That Agriculture having been the business your Petitioners and Their Children have been bred up to, and now stand in Need of Land to Settle Their Children upon, and there being a number of Persons in their Neighbourhood in the same Situation Your said Petitioners and Neighbours would be glad of liberty to Exercise their Calling upon some part of the Wilderness Land in the County of York — And as there are three Townships already laid out at and near Pigwacket viz Fryestown, Browns town and another lately laid out to Benjamin Mulliken Esq & Others, and a Considerable number of Families Settled in the first, some in the Second, and preparations making for Settling the third, It Occasions a great deal of Traveling between this part of the Province and those Townships; and as there is a Space between Phillips-Town and said Townships of fifty four Miles; in all which distance there is not a House for Travelers to Shelter Themselves in, be the weather ever so severe: Your Petitioners humbly apprehend That if a Settlement was made between the two Rivers called great Ossapee and Little Ossapee, (which is about mid-way between Phillipstown and the aforesaid Township,) it would Answer a very good Purpose; as there would be a place of Entertainment for Travelers to and from the said Pigwacket Townships, And People in the Proposed Settlement (It's Probable) might be Supply'd with bread from the aforesaid Townships while Subduing their own Lands, which would Enable Them to proceed more Expediently in the Settlement and the sooner have a place of Shelter for Travelers to the Pigwacket Townships of which they stand in great need — And as your Petitioners do not Expect to obtain a Township of Wilderness Land any other way than by purchase, They humbly Pray Your Excellency
and Honrs would please to Grant them a Township, with liberty to lay it out between the said great & little Ossapee Rivers, for such a Consideration, and under such Injunctions, as your Excellency & Honrs shall think, Those who Settle the Wilderness Land ought to be Subjected to, and as in duty bound will ever Pray

Province of the Massachusetts Bay

To His Excellency Francis Bernard Esq. Governor and Commander in Chief The Honble His Majestys Council & Representatives of said Province in General Court Assembled at Boston January 28th 1767 —

The Memorial of Nathan Jones Francis Shaw and Robert Gould, in behalf of themselves and others Grantees of a Township N. Three, in the Territory of Saggadehock, East of Union River — Humbly Sheweth

That whereas by a Grant of their said Township made in February 1763, it was provided that in case his Majesty should not in eighteen Months next coming approve of said Grants they should be null and void, and whereas upon
Application made to your Excellency at the expiration of said Term — Your Excellency and Honors were pleased to allow a farther Time of Eighteen Months from the third of November 1764 which Time is now expired without our having been able as yet to obtain his Majestys Approbation.

Your Memorialists beg leave further to represent to your Excellency and Honors that they have exerted themselves so greatly in carrying on the Settlement that they have at one Time been upwards of Six thousand Pounds Str\(^6\) in advance, and the Settlement is now in so flourishing a state as to contain about Forty Dwelling Houses, Seven Mills and other Buildings and about three or four hundred Inhabitants. And having Lately received a Letter from Our Agent in England, signifying the great encouragement he has received from the Ministry whereby he assures us of his hopes for success on our behalf in his further Applications to the Board of Trade and others concerned in American Affairs — They therefore humbly pray that they may have a further Time allowed them for obtaining his Majestys Approbation —

Petition of B. Mulliken & M. Bridges 1767.

To His Excellency Francis Bernard Esq' Govr and Commander in Chief of his Majesty's Province of the Massachusetts Bay in New England to the Honble the Council & House of Representatives in General Court assembled May 27th 1767

The Petition of Benjamin Mulliken & Moody Bridges agents for the proprietors of a Township granted to Benjamin Mulliken Esq' and others June 25 1765, humbly sheweth

That the pond called long Pond contained in the plot of said Township occupys a much larger space than it describes by said plot. That the course of said Pond is different from the Representation thereof dividing the Land in such a Form as will greatly discomode the settlement of said Township—That that part thereof that lies East of said pond would serve the Province to accomodate another Township, and that a Strip of the Province Land between s'd Township and Saco River with the addition of another Strip at the Southend of s'd Township would accomodate said proprietors and would leave the Province Land in a much more regular form than it is now in.

That a number of the Proprietors of said Township are in arrears of the Taxes levied on them in the concerns of a former Township called Rowley Canada.

That the Council in Law of your petitioners adviseth that the Laws of the Province respecting the regulation of Townships are not sufficient to enable said proprietors to make Sale of said delinquent Rights in said Township granted to Benjamin Mulliken and others to defray the Charges of said Township called Rowley Canada of which s'd Proprietors are Owsted.
Wherefore your Petitioners humbly entreat your Excellency & Honors to Grant to said proprietors an equivalent for that part of said Township that lies East of said pond in the unappropriated Lands of the Government on the Westerly side thereof contiguous to Saco River & adjoining to said Township as aforesaid—and that it would please your Excellency & Honors to enable said proprietors to make Sale of said delinquent Rights in said Township granted to Benj Mulliken & others to defray their arrears of said former Township called Rowley Canada together with the Charges that have arisen on their Rights in the other Township aforesaid. Message. “June 11, 1767.”

Gentlemen

I never understood that the charges contained in the Earl of Shelburne’s Letter were particularly intended against this Province as there have been no Complaints of this kind made from hence that I know of. There has been but one instance of Murder of Indians happened within my time; and in that the Government exerted itself to the utmost to discover and punish the offenders and to give satisfaction to the Indians; in the latter of which we had all desired Success.

The Justice and tenderness which this Government has exercised towards the Indians which have been intermixed with the People is, I believe, very well known: such instances as have happened within my time have been faithfully represented, and the Province has had full Credit for them. But still great care remains to be taken of the Eastern Indians who are not the objects of domestic regulations. And this cannot be done without restraining the Hunting & Trading of the English in their Country, which have been & ever will be the Causes of frequent Offence given to Indians in those parts. Injuries of this kind are much better prevented than redressed. I therefore depend that you will carry into present execution the assurances you give me at the close of your address, by continuing the present Act for restraining private trading with the Indians and hunting in their Country which will otherwise expire with the present Session, or by bringing in another Bill for the same purposes.—

Message. June 11, 1767.

Gentlemen of the Council and Gentlemen of the House of Representatives

Last Winter I received a Letter from the Earl of Sherburne, signifying his Majesty’s commands that Care be taken that a
due Obedience be paid to his Majesty's royal proclamation for restraining the Indian trade & preventing incroachments upon the Indian Country. I have reserved the communication of this untill the subject matter should come before you in the course of business; which it does now by the time for renewing the Indian trade-act coming on. I have more than once represented to his Majesty's Ministers that it is not in my power to carry the proclamation into execution, without the aid of the general Court; and that so far as it has hitherto been obeyed, has been effected by means of the aforementioned Act. I now desire that you will take the whole of the said Letter into consideration, & provide for what is required thereby, either by' the same Act or by another, as you shall see Cause.

May it please your Excellency

Your Excellency's Message to both Houses of the 11th Instant, together with His Majesty's Royal Proclamation for restraining the Indian Trade and preventing Incroachments upon the Indian Country; as also the Earl of Shelburn's Letter signifying his Majesty's Commands, that a due Obedience be paid to the said Proclamation, we have most attentively considered—And are convinced that neither were founded upon any Complaints against this province by his Majesty's Superintendents for Indian Affairs: Nor will any one presume to say that the most A provoked Violences and Murthers which have been lately committed on the Indians under the Protection of his Majesty, were done by this Government,
or that any one Settlement hath been made by us without proper Authority, and beyond the Limits prescribed by his
Majesty's Royal Proclamation of One Thousand seven Hundred and Sixty-three; or that we have made Settlements beyond the utmost Boundaries of any Province in America, in Consequence of which the greatest Discontents among the Indians have arisen, which may endanger the Peace of his Majesty's Provinces, and the Safety of his Subjects: We say May it please your Excellency, it is impossible that these Complaints were made against us, because they are without even a colour B and therefore that said Letter was a circular one, and would have been sent to your Excellency had there not been an Indian, or any Indian Land in the Province.

It is with Pleasure, that we remind your Excellency, and inform the World, that greater Care was taken of the Indians by our pious Ancestors during the old Charter, and by this Government under the new even to this Day than is ordered or recommended either by the Proclamation or the Letter aforesaid—But about three Years after the Arrival of our Forefathers viz' Anno Domini 1633, they made a Law in these Words that no Person shall henceforth buy Land of any Indian without License first had and obtained of the General Court, and if any offended herein such Land so bought shall be forfeited—And least the Indians should be defrauded in their Trade, in the same Year they made a Law that no Person should trade with the Indians for any sort of Peltry &c, excepting only such as are authorized by the General Court under the Penalty of One Hundred Pounds for every offence—And so tender was their Regard for them upon other accounts that there were Indian Instructors provided: the Bible which they were perfect Strangers to translated into Indian, as well as other Books the Means of Instruction, English and Indian Ministers provided for them, the Gospel preached to them, Churches gathered, some of which continue even unto this Day: By Law severe Penalties were to be inflicted upon any that should sell them strong
Drink — By Law the Justices of every Shire were bound to give it in special Charge to the Grand Jury to inquire and present the Breaches of said Laws, Provision was therein made, that when any Damage should be done the Indians in their Fields tho' unfenced should be made good by the Town where the Land lay — Provision was likewise made for their being incorporated into Townships, they to be vested with all the Priviledges of other Towns. They were empowered from among themselves to appoint Indian Justices to hear and determine small Causes that might arise among the Indians — This was the Care the Government took of the Indians under the old charter; and this very much indeared the English to them. The Indians had a perfect Confidence in the Government, looked upon them as their civil and spiritual Fathers, and went to them in all their Difficulties as Children to a Father.

May it please your Excellency, These are a few of the many Instances of the Care our Forefathers took of the Indians — Nor hath the Scene been changed at any Time since. There is now a standing Law of this Province made in the Reign of King William and Queen Mary declaring every Deed of Bargain and Sale, Lease, Release &c, of any Lands, Tenements, or Hereditaments within this Province as well for Term of years as for ever procured or obtained from any Indian by any Person at any Time since the year 1633 the year the above mentioned Law was made, without License first had and obtained, or that shall hereafter be made or procured without the License and Approbation of the Great and General Court or Assembly of this Province for the Same shall be deemed and adjudged in the Law to be null and void and of none Effect. The same Care hath been and is now taken of them in every other Instance, there are Laws now subsisting, prohibiting the English selling strong Drink, or trading with them, to prevent their being drunk by the one
and cheated by the other: there are Churches and Congregations of Indians in this Province to whom the Gospel is preached, ministers Ordained over them, the Sacraments administered to them, Schoolmasters provided for the Instruction of their Children, decent respectable Houses for publick Worship erected, and all without the least Expence to them: There are Districts and Parishes in the Province wherein the English & Indians unitedly enjoy the same Privileges; and in one of our Towns they unite in voting for Representatives.

With Respect to the Eastern Indians—By the Instigation of the French, perhaps as inhuman as themselves: How much and how many Cruelties have our People met with from them; how much human Blood have they spilt; how much Treasure have they obliged us to expend—Yet when they desired Peace, did the Government ever refuse them: And in the Year 1726 when a Peace was concluded by the then Lieutenant Governor Dummer, whose Memory is precious to them and us, there were Truck Houses erected, by a Law of the Government, both in the Eastern and Western Frontiers, and the Trade in them was put under the wisest and most equitable Regulations, in Favour of the Indians: At y® Truck house Things are sold as cheap even at this day to the Indians as they could purchase them singly at Boston: There is not one Tract of Land in the eastern Country enjoyed by the English, but what was purchased of the Indians Sachems y® deeds acknowledged and recorded—And when There has been any Trespasses by any of the English upon the Indians there hath been the utmost Care taken by the General Assembly of setting, if not, by the Governor and Council to bring the Offenders to condign Punishment.

Nor, may it please your Excellency hath the Government omitted anything that can be suggested from the Principles of Humanity and Justice, from the year 1633, to this Day for the Interest of the Indians in their several Dispersions
throughout the whole Province: The Conduct of the Government towards them we glory in, we make our Boast of as unrivalled — And we persuade our selves, that your Excellency as the Head of the Province, and its Father hath or will make these Representations to his Majesty’s Ministers —

Upon the Principles of Christianity, upon the Rules of good Policy, Justice and Equity We have ever acted towards them, sensible that the Violations of these Principles will be attended with fatal Consequences: and that if a due Obedience had been paid to his Majesty’s Royal Proclamation, and a due Attention given to proper Restraints on the Conduct of the Indian Traders, those Evils that took Place in some of the Southern Governments might have effectually been avoided.—

It is with the highest Satisfaction that we reflect upon the Government’s Conduct relative to the Indians, all free and spontaneous on our Part, especially as it in Substance so exactly corresponds with his Majesty’s Sentiments — And we do assure your Excellency, that being animated by the same Principles, we shall do every thing that Duty to the King, and the Rules of good Policy, of Justice and Equity to the Indians can require.

Message June 17, 1767.

Gentlemen &c

Least my Reasons for dissenting to the Resolve for an Establishment for Fort Pownall should be Mistaken I think it proper to ascertain them; they are first, because the Pay appointed for the Officers is insufficient for their Support: —

2. Because the Number of Men appointed is too small for the Defence of so respectable a Fortress. At the same Time
I must recommend to You to make Provision for a Garrison, suitable to the Fort.

Council Chamber June 17, 1767

Gentlemen &c

I Consent to the Resolve for the Establishment for Castle William: I dissent to the Resolve for the Establishment for Fort Pownall.

Province of the Massachusetts Bay

To his Excellency Francis Bernard Esq'r Captain General and Governor in Chief the Hon'd the Council and House of Representatives of the Province aforesaid in General Court assembled at Boston June 1767

The Subscribers Inhabitants of a place called Machias

Humbly Shew

That they with their Families according to the Kings Proclamation went upon and took possession of a Tract of Land called Machias bounding as follows viz't beginning at a dry
Rock at a place called the Eastern Bay near the House of Mr. Samuel Holmes and extending North ten Miles, then West eight Miles then South to the Sea which Lands after proper Allowance for Water and Heaths will make only the contents of a Township six Miles Square; and they have made considerable Improvements thereon apprehending the same to be Crown lands. But so it is may it please your Excellency and Honours the said Tract of land falleth within the belongs to this Province.

Now may it please your Excellency and Honours as it was thrô the Ignorance of your petitioners they thinking the Lands belonged to the Crown, and as they have been at great Cost and pains in clearing and making Improvements on the Tract of Land aforesaid; if they should be dispossessed thereof it would be a means of ruining them and their Families.

Your petitioners would also represent to this Honble Court that they are about Seventy four in Number, and are without the common priviledges other People within this Province enjoy, having no Gospel Minister, School Master or any officers whatsoever, which is absolutely necessary for the Peace and good Order of any People; and as they are willing and desirous to pay their proportion of the Province expence as they become able.

Your petitioners therefore humbly pray your Excellency and Honours would be pleased to take the premisses into your wise serious and Compassionate consideration and make them a Grant of the said Tract of land; which will prevent the ruin of so many Families; And also Incorporate them into a Town or otherwise invest them with Authority sufficient to chuse Town Officers, or otherwise relieve them as you in your known Wisdom and goodness shall think best.

And as in duty bound shall ever pray &c

Ichabod Jones for himself and as Attorney & Agent for the Under mentioned persons.

A Message from the Board to the honorable House of Representatives

Gentlemen of the House of Representatives

The Board have concurred the vote of the honorable house relative to the establishment for Castle William & Pownal:
and thô it has been for some time practised to make establishments in this connected manner, yet as there is no necessary connection between s'd Castle & fort, it is proper in the nature of the thing that the establishments for them, and also that all matters whatever acted upon by the General Court, that are in their nature separate & distinct, should be by separate & distinct Acts, in order that each Branch of the legislature might act with the utmost Freedom: otherwise they might be necessitated to consent to a thing they utterly disapprove, for the sake of another that merits their approbation, and to which the public good demands their assent.

The Board apprehend the establishment aforesaid, with regard to the form of it was a meer transcript from the establishment of the last year; and that the honorable house had no design by it to infringe on the right of the Board to judge of every matter, that comes before them, upon its own circumstances: and they assure themselves the honorable house will never act upon principles, which they themselves would undoubtedly and very justly censure in the other Branches of the legislature.

In Council 25, June 1767 — Ordered That James Bowdoin, Harrison Gray, James Russell, Samuel White & James Pitts Esqrs be a Committee to wait on the Honble House with the foregoing Message.

May it please your Excellency

On your Excellency's laying before his Majesty's Council the Representations of the Inhabitants & proprietors of the Township of Conway in this Province, that they are prevented from complying with the conditions on which his Majesty was pleased to grant the said Township to them, by the Incroachments & vexations of sundy settlers under pretence of a Grant from the Province of the Massachusetts
Bay, and that they pray your Excellency's protection and assistance.

We were appointed a Committee to furnish your Excellency with a state of the Controversy in the said Township; In pursuance whereof we beg leave to Report that the said Township of Conway was granted by the late Governor in the year 1765; that it is bounded on one side upon the Northerly boundary line between this Province and the old Province of Maine now belonging to the Province of the Massachusetts Bay: and that the Justice or injustice of the Complaint made to your Excellency depends solely on this: Whether the said Line was run where it ought to be?

In order to throw light on this Question we further Report to your Excellency that a controversy had long subsisted with the Province of the Massachusetts Bay concerning the Boundary lines between the two Provinces. That in the year 1737 his late Majesty was pleased by a Commission under the Great Seal to appoint five of the Council from each of the Colonies & Provinces of New York, New Jersey, Nova Scotia & Rhode Island to settle the controversy. The Commissioners met at Hampton on the first day of August 1737 and proceeded to the Business, and after several Adjournments the parties having been fully heard & their pleas, Evidences & allegations fully considered, the Commissioners entered up their Judgment the latter part of which being all that relates to the present dispute and runs in the following words viz:

"And as to the Northern Boundary between the said Provinces the Court Resolves and determines that the dividing Line shall pass up thro' the mouth of Piscataqua Harbour and up the middle of the River into the River of Newichewanock (part of which is now called Salmon falls) and thro' the middle of the same to the furthest head thereof, and from thence north two degrees westerly until
One hundred and twenty miles be finished from the Mouth of Piscataqua Harbour aforesaid or until it meets with his Majesty's other Governments, and that the dividing Line shall part the Isles of Shoals & run thro' the middle of the Harbour between the Islands to the Sea on the Southerly side, and that the South Westerly part of the s't Island shall be in and be accounted part of y'e Province of New Hampshire, and that the northerly part thereof shall be in and be accounted part of the Province of the Massachusetts bay and be held & enjoyed by the said Provinces respectively and in the same manner as they now do and have heretofore held and enjoyed the same, and the Court do further judge that the Cost and Charges arising by taking out the Commission, as also for the Commissioners and their Officers viz the Two Clerks, Surveyor and Waiters for their Travelling Expences & attendance in the Execution of the same be equally born by the said "Provinces."

Both Parties Appealed from the Judgment of the Commissioners to his Majesty in his Privy Council, and the Province of the Massachusetts Bay in their Bill of Exceptions object to the line in Question for this Reason, that it should run North Westward, and not North two degrees Westerly, but they offer not any Exceptions to that part of the River which the Commissioners had considered as the furthermost Head thereof.

This part of the Determination concerning the Line in Question after a rehearing of the partys on the Appeal, was affirmed & a final Judgment given between the two Provinces by the King in Council in the year 1741 & Governor Belcher then Governor of both Provinces received a Copy of the Commissioners Plan and the Kings Instructions to cause the Lines to be run according to the said final Judgment on pain of his Majesty's highest displeasure and a Removal from his Government. Whereupon Governor Belcher came
into the Province & ordered the Lines to be run according to the said Instructions, the Northerly line now brought into Question was run by Walter Bryent Esq' an experienced Surveyor of Lands in the Woods who was appointed thereto and Sworn by Governor Belcher to the due and faithful discharge of the Trust and proper Chainmen were also duly Sworn to the faithful discharge of their trust in the marking sd Line.

Accordingly Mr. Bryent went up with them to Newiche-wanock River and ascended that Branch of it described in the Commissioners Plan until he came to the large ponds at the furthermost head thereof, from thence he began to mark the Line in Question, and proceeded therein as far as at that time he durst on Acco't of the Indians — This Survey Governor Belcher returned to the proper Office at home where it now lays upon Record.

These are all the principal Facts relative to the running this Line, but the Settlers under the Massachusetts Bay now say that Bryent did not take the main Branch of the River: We have just grounds to assert the very contrary, that he did take the main Branch of the River, and we shoud now offer to your Excellency our Reasons for this Assertion, but that is wholly foreign to the matter under consideration, which is briefly this, not whether Bryent ascended the main Branch, but whether he ascended the Branch marked as the main River in the Commissioners Plan sent to Governor Belcher as part of his Instructions, & that he did so, will appear on comparing his Return and Survey with the said Plan, and is a fact that is indisputed by either party.

Thus after a formal and final Decision of this Boundary of the Provinces by a Judgment of the Commissioners affirmed by the King in Council and in Acquiescence therein on both sides for twenty six years the dispute is now revived the Kings Jurisdiction in this Province is incroached upon.
and the Line that was fixed by such high Authority is set aside by one party who in contempt of the Kings final Judgment have boldly made Grants on this side of the Line on no better pretence than that the Commissioners mistook the main Branch of the River when if there was any Reason to suppose such a mistake it ought and it undoubtedly would have been offered in Argument either before the Commissioners or on the Appeal before the King in Council, but surely it is now too late to offer it, even if it was Fact which in Truth it is not.

And we must further observe to your Excellency that if either of the party's have Reason to object to Bryent's Line it must be this Province for there is reason to think that by accident not having upon the spot the Plan sent Governor Belcher he begun the Line one mile to the Westward of the place which the Commissioners had called the head of the River, whereby this Province lost the Breadth of one Mile upon the whole length of their Line. Yet this mistake tho' soon discovered the Province had acquiesced under to avoid litigating a matter anew that had been the subject of so much uneasiness.

We would further remark to your Excellency that the Judgment of the Commissioners directs that all the charges of taking out the Commission &c shall be equally born by both Provinces.

This part of the Judgment was also affirmed by the King in Council, but the Province of the Massachusetts Bay refusing to do their duty therein, this Province badly able as they were at that time to bear so great a Charge yet cheerfully paid the whole in hopes that with Time and due reflections their Neighbours woud come to a better mind, and reimburse it, but this has not as yet happen'd, and the Province remains as yet unpaid.

Upon the whole matter it appears to us that the Line in question was justly run and not ex Parte by New Hampshire,
but that Bryant was ordered & appointed thereto by the authority of Governor Belcher in the capacity of Governor of both Provinces and in obedience to the Instructions he had received for that purpose & without the Advice or concurrence of either the Council or Assembly of this Province, and it appears to us that Bryant ascended the River laid out as the Main River on the Commissioners plan & that his Survey was returned by Govr Belcher to the proper Office at home where it now layes upon Record.

Province of New Hampshire August 12th 1767 — Theodore Atkinson, Peter Livius, Daniel Pierce George Jaffrey /Committee/

Sir

The Grantees of sundry Tracts of Land near the Northeast Limits of this Province have complained to me, that they are obstructed in their Settlement, and prevented from complying with the terms of their respective patents, as granted by the late Governor of this Province, by Cap' Brown and his Associates, also by Claimants in the Right of Col' Frye; who alledge that they have Grants of the said Lands from the Province of the Massachusetts Bay. I have examined the Plan annexed to the Royal Instruction to Governor Belcher (then Governor of both Provinces) Recorded and upon file in the Secretary’s Office; I have also interrogated Walter Bryant Esq’ the Surveyor, who Surveyed and marked this Line, by order of Govr Belcher, not ex parte, but as Commander in chief of both Provinces: from the fullest consideration of these, and many other irrefragable Evidences I am convinced that the said Lands are clearly within the Bounds of this Province, in which I am confirmed by the
plainest Expressions of my Commission. I therefore beg leave to represent to your Excellency that I must preserve his Majesty's Rights committed to my Care, & protect the Subjects of this Province, in the enjoyment of their Property.

It will not avail to trespass on your time by discussing this affair, which at last might be vain, as I can do no other than adhere to the directions prescribed in the Royal Commission.

It is with great reluctance that I am obliged to trouble you upon this Matter which perhaps may be adjusted by a consideration of facts.

I am very respectfully Your Excellency's most Obedient and most devoted humble Servant

J Wentworth

Portsmouth 26th Aug 1767 —

Letter, Gov. Wentworth to Gov. Bernard

Sir

I have before me your Letter of 31st August; And here-with inclose you, the opinion of his Majesty's Council upon the question of the Province Line; wherein you'll readily see, there is not left the least doubt or even the most distant probability that the 3d Line was not run by proper and legal Order. The inclosed Deposition of Mr Bryant also urges the Truth & skillfulness of the Survey — Or at least, that if there has been any Error it was to the prejudice of his Majesty's Rights & Revenue in the Province of New Hampshire.

New Hampsh. 10 Sep 1767

I am with great truth & esteem

Sir your most obed & most devoted Serv

J Wentworth
Sir

I communicated your Letter of Aug. 26th to the Council, as I advised you in my last I should do and the same was referred to a Committee upon whose Report the Council advised me to return your Excellency the following Answer.

Your Excellency mentions you have examined the Plan annexed to the Royal instruction to Governor Belcher Recorded & upon file in your Secretary's Office, also interrogated Mr. Bryant who Surveyed & marked this Line; and that from there and many other irrefragable evidences you are convinced that the Lands you refer to are clearly within the bounds of the Province of New Hampshire: in which you are Confirmed by the plainest expression of your Commission."

As I am desirous of an amicable adjustment of the Line & to prevent all occasions of contention between the borderers, I am to request that you would be pleased to furnish me with a Copy of the plan & instruction aforesaid; Mr. Bryant's declaration and the other evidences your Excellency refers to, together with such part of your Commission as relates to this matter; and I will lay them before the Assembly who may thereby be enabled to judge of the facts which have induced your Excellency to adopt the sentiments you profess, and you shall be furnished with copies of any papers in the affair you shall want from hence; Extracts from which, containing the substance of said papers are below communicated to your Excellency. In this we shall both of us be possessed of the facts: by a consideration of which this matter (as you observe) may perhaps be adjusted. In the mean time I would acquaint you that the General Assembly here being informed that Mr. Bryant had made a mistake in running the Line between the two Provinces: taking his
departure from the head of the Northeast branch of Newichawanock or Salmon fall River instead of the main River: they divers times appointed Committees to be joined by a Committee on the part of New Hampshire and desired me to write to the late Governor Wentworth that such Committee might be appointed, in order to the just Settlement of the Line. I wrote to him several times accordingly, but no such Committee was appointed till the last year; when Col° John Wentworth with Walter Bryant Esq (the Surveyor who run the Line) were appointed by him. This Committee with ours proceeded last November and viewed the main River and the Northeast Branch aforesaid.— I will now mention to you the substance of the several Reports of our Committees, and of the evidence that has been taken on our part relative to said River and Branch.

January 1764 Benjamin Lincoln, Samuel Livermore and Joseph Frye Esq having in Oct° 1763 viewed said River and Branch report "That from the view we had on the spot the quantity of water flowing from said River contains two parts in three more than what run from said branch."

"We beg leave further to offer it as our opinion that the place from whence the Surveyor took his departure as the head of Newichwannock or Salmon fall River, when this Line was run in the year 1741 is not and we think cannot be understood to be the place intended by the order of his late Majesty in Council for settling that line."

1766 Decem° Jonathan Bagley Esq° from another Committee reports, that he with ten others, of which number were Col° John Wentworth and Walter Bryant Esq° the Surveyor (the Committee appointed by Governor Wentworth) proceeded in Novem° 1766 to the forementioned River and branch, and after viewing both of them several times the whole party were called together Sunday Nov° 23° to judge how large a hole would vent the water that run in
that branch: and after measuring the width and depth the party judged the whole water that then run in said Branch would run through a hole as big as a Barrel;" then they took their departure the main River or main branch again in order to view that: which accordingly they did the next day and "it appeared that it was more than three times as large as the northeast branch that Mr Bryant run in 1741, and yielded more than three times as much water."

1767. January 7th James Warren junr Gilbert Warren and James Hasty declare, "that in the month of November last /1766/ they were employed by Jon Bagley Esq and others a Committee appointed by the General Court of Massachusetts Bay and John Wentworth & Walter Bryant Esq a Committee appointed by Governor Wentworth, Governor of the Province of New Hampshire in order to view Salmon fall River and the Rivulets running into it and the branches thereof. In pursuance of which the deponents went with said Committees up said Salmon fall River until they came to the place where the Northeastly branch or Brook united with the main River, and they viewed the same" &c and after several views of both, the result is "that it appeared to them that the main River is about three times as large and yielded about three times the quantity of water that the Northeasterly branch did."

The said Gilbert Warren and James Hasty add "That they are well acquainted with the Southwesterly Branch of Salmon fall River which vents into the main River about three miles and an half above the place where the Northeasterly Branch unites with the said main River, and are of opinion that the said Southwesterly branch is near or quite as large and issues near or quite as much water as the Northeasterly Branch."

1767 June 22 Walter Bryant Esq the Surveyor who run the Line in 1741 among other questions was asked the
following viz'. Are you fully satisfied that the Westward Branch [by which 'tis supposed the main River was intended] is much bigger than the Eastward Branch which you went up? his answer is, "I am fully persuaded that the Westward branch is much the biggest for several miles up said Branch from where they come together.

This is the Substance of the Report & evidence on our part relative to Newichwannahock or Salmon Fall River and the Norther Branch of it; which has influenced me and the Assembly to apprehend Mr. Bryant made a mistake in running the Line in 1741; and I have here communicated it to you that you might consider it in connection with the Evidence already before you; and that from a view of the whole you might be able to form a Judgment whether a mistake has been made or not.

And in order that I may form a Judgment myself from a view of the whole Evidence & circumstances relative to this matter, I request the favor you would send me a Copy of the Plan, instruction & other papers & evidence mentioned above: the charge of which I shall order to be paid.

I am &c

Letter, Gov. Bernard to Tho^s Goldthwait Esq^r

Jamaica Farm Sep^t 28th 1767

Sir

I communicated your Letter to the Council and upon full deliberation they advised that I should Order you to Augment the Garrison with 8 men, if you shall still think it necessary. I send you a Copy of the Minute which must be your direction. You have two objects in view the repressing the insolence of the Indians & relieving the fears of the peo-
ple: and if either of these shall require this enforcement, you must raise it. For it is expedient to guard not only against real danger, but against the ill consequences of the apprehension of it; especially so detrimental as the unsettling that Country would be. And as these 8 men make but a small addition, I have thought of a method to double the Service with the same pay; inlist 16 men at half pay & half duty and let them relieve one another every week, the whole being paraded at the time of relieving and let them engage all to repair to the Castle upon a certain Signal. You will judge of the practicability of this: but at all Events let the men enlisted be cloathed as Soldiers; it is in my Opinion a very material Circumstance I hope you attend to it.

We have very unpleasing accounts of the frequent exposure of the Fort. It is said that it is allways in the hands of the Indians when they come to Trade in any number. I am sensible that so small a Garrison as you have now must occasion a great relaxation of discipline; as there are not Men enough to exercise it upon. But you must keep up the forms of Discipline as well as you can. Let the Drumer beat all the usual beats, the reveille, the relief of Guard, the retreat and the tattoo. After the beating the latter, let the Keyes of the Gates be brought to you, and remain with you till the Reveille is beat next Morning. As for the danger arising from the trading, it will not be removed but by setting the Truck house out of the Fort which it seems to me must be done.

I must desire you would do your best to quiet Peoples minds, that they mayn't think of deserting their Settlements; which would be a great disgrace as well as a detriment to the Province. If the People are convinced that it is the smallness of the Garrison which has encouraged the Indians to insult and plunder them (as indeed it has been fully proved before the Council, that it is the chief or sole
cause of it) they should petition the General Court & pray that they would allow for a larger Garrison. In such case they will have my Opinion on their side whether it will weigh more or less: I always expected that this reduction would have these Effects.

I have sent you six Barrels of Powder for the use of the Fort, understanding that you have none but what belongs to the Truck Trade. I will write upon the subject of the Indians in a separate Letter that you may communicate it to them with more ease

I am Sir &c

Fra Bernard

P. S. In regard to the Bridge, Platform & Outworks of the Fort, you must do what is necessary for their repair, as you propose, in the most frugal manner.—

Letter, Gov. Bernard to Tho^ Goldthwait Esq.

Boston Septem'r 29th 1767 —

Sir

I have received your Letter informing me of the Indians insulting & plundering the English Settlers. I know not whether my astonishment or resentment at these hostilities was the greater: and I should have immediately set about punishing the Authors of them, if you had not in the same Letter informed me that the Chiefs of the Tribe had apologized for the Acts of their people and promised to make satisfaction. I am upon that account willing to leave this to a Treaty; but expect that they satisfy not only the people for what they have lost, but the King's Government also for what his dignity has suffered by this insult upon his subjects.

I had intended upon this occasion to have set out for Fort Pownall myself: but am obliged to wait here for particular
Orders which I expect every day to receive from the King. I must therefore leave this negotiation to you: and if the Chiefs with whom you have talked are sincere, I hope there will be no great difficulty in it. I must therefore desire that you will call them together as soon after you receive this as may be, and endeavour to reduce what we are to expect and they to undertake to as great a certainty as can be.

Tell them that the Reduction of the Garrison which is supposed to have encouraged this insolence, was made by the confidence we had in their professions of friendship, and they should not have rendered our considering them as our friends a reason for treating us as Enemies. You have now an Order to augment the Garrison if you think fit, & tell them, that if nothing but Soldiers can keep them in order, they shall have Soldiers enough and higher up the River than they are at present. There is now at Halifax a Regiment quite unemployed; and I can have from thence at an hours warning 2 or 300 Men to send up to Passidoukeag if it shall be necessary. If Phillip is among them, tell them I insist upon their delivering him up as a public disturber of the peace. For whilst they harbour such a Villain their Enemy as well as ours, they cannot expect that their professions can gain credit with us. For if they are really our friends, they should show the same resentment against a Man who endeavours to make a Breach between us, which we do. If you can lay hold of that fellow send him to me in Irons; and I will take care that he shant disturb Penobscot again.

Tell them not to deceive themselves with idle stories about a War between England & France. There never was a more cordial intercourse between the two Kings than there is at present: there is nothing for them to quarrel about. But if there should be a variance, N America will not be affected by it: for the French know well they can never get a foot-
ing in Canada again. So that if the Indians will fight on the side of France, they must do it by themselves.

As to the satisfaction to be made to the Sufferers by these plunderers, if it is not made when this Letter arrives, I desire you will immediately demand it. And if they cannot pay directly let the damages be liquidated & allowed by the Indians, and let them give their note for the mony payable as soon as can be. And dont be put off with a pretence that they dont know who did the mischief: they must know it, and if they wont discover & deliver up particulars, they must answer for it in the whole. But if they are sincere & are really poor (for I understand their pretended priest has plundered them unmercifully) I would have them allowed all reasonable time for their payments, they giving Security as aforesd

As for the satisfaction to be made to the Government, you will consider what is due to it’s honour and dignity, which has been violated upon this occasion. Tell them in general that I am really & truly their friend, and I desire that they would not oblige me to appear as their Enemy.— 

I am Sir &c

Fra. Bernard

Petition. Oct. 12, 1767

To His Excellency Francis Bernard Esq’ Governor & Commander in Chief of the Province of the Massachusetts Bay &c &c The Honble His Majesty’s Council, And the Honble House of Representatives.

The Petition of the Officers and Soldiers of Fort Pownall together with the Inhabitants in the new settlements adjacent thereto, humbly sheweth, That whereas we your Petitioners sometime past had the great advantage and satisfaction of
attending upon divine Service at Fort Pownall, while Mr. William Crawford was continued Chaplain to that Garrison, and also had his assistance as a Physician & surgeon, which has been a great Benefit to us who are placed at so great a distance from other help; we would humbly represent, that we your humble Petitioners, have endeavour'd to give what Encouragement we could to cause Mr. Crawford to tarry amongst us But we are new settlers and most of us have but little to help ourselves with & as most of us who do not now belong to the Garrison, have been disbanded from it, & but very bare handed, so that if he has no assistance but what we at present can afford him, he must unavoidably leave us, which will be very hard as there is no Preacher, nor Doctor within fifty Miles of this Place And as he has always done his Duty faithfully and to acceptance; If this Hon'ble Court will see fit to continue him, it will be esteem'd a Great favor done to your Petitioners, And your Petitioners As in Duty Bound will ever pray

Sir

I have the Honour of your Letter from the House, and with regard to the affair of the Fishery: I had made application for removing your grievances before I rec'd this your Letter from the House, and as I have heard no complaints this Season I flatter myself the Effort was not fruitless —

I was well apprised how happily you were releived from the late difficulties of a paper currency and the contentment the sensible part of your Province experience in having a solid Medium to have ever recommended [ a change from a ] solid Coin to a precarious [ and doubtful paper ] currency and whenever the matter is under consideration, [ I hope you may repeat ] the precautions in your Letter —

TheLimits of the Colonies whenever any disputes arise about them are always refer'd to the Board of Trade and the Lords of Trade according to the evidence produced report the same to the King & Council: so that I can do nothing in the Matter as Agent of the Province untill my appointment under the Seal of the Province is register'd at that Board: which would also give me additional weight in every other application.

I am with the highest Esteem yours and the House's devoted Humble Servant

Dennys De Berdt
"Gentlemen of the Council, and Gentlemen of the House of Representatives."

"I have also to communicate a Letter which I have received from his Excellency Gov'r Wentworth with several Inclosures relating to the dispute concerning the Boundary Line between that part of this Province called the Province of Maine and the Province of New Hampshire. I must desire that you will give these due Consideration as soon as you well can; as the business is of long standing."

Message Jan' 19, 1768.

Gentlemen of the House of Representatives

I hereby send you Copies of Advices I received from Fort Pownall some time ago with the proceedings of the Council thereupon and my Orders in pursuance thereof. From all these you will perceive that the Indians have been encouraged by the late reduction of the Garrison to an insolence, which had very near broke up all the Settlements in that part of the Country; and you must be convinced that if you
would maintain your claim to the Lands on the East side of Penobscot, which is still disputed, and would encourage the improvement of the Country by population, you must provide for the security of the Settlers by making the Fort more respectable than it was when those disorders were committed.

It will be also necessary for the Security of the Fort to remove the Truck house out of it. At present when the Indians who come in to Trade must be allowed to enter the Fort. It is impossible with the present small Garrison to keep a Guard sufficient to prevent its being surprised. Whereas if the Truck house was removed to a small distance from the Fort, but under its cannon, It would be safe itself, and not endanger the Fort. A small expence will, serve to erect a building for that purpose.

I also lay before you a Petition of the Inhabitants about Fort Pownall. It is not pretended that a Chaplain is necessary to the Garrison of the Fort reduced as it has been. But the Chaplain which you established there was the only Minister of the Gospel within a circle of One hundred Miles diameter now generally peopled tho' but thinly. And as the Settlers are not able to maintain a Minister of themselves, It is a Charity of the highest kind to assist them in providing for their spiritual Wants, by keeping up Religion among them; of which they must otherwise be destitute.

I have not as yet received any advice from Fort Pownall that the Indians have made any satisfaction for the Mischiefs they have done, or given any assurance that they will not repeat the same.

Province of the Massa Bay

To His Excell: Francis Bernard Esq, Cap' Genl Govr &
Commander in chief The Hon\(^1\) his Majestys Council &
House of Rep\(^*\) for said Province in General Court
Assembled February 1768

Humbly Shews Henry Young Brown

That on the 23\(^{rd}\) of January A: D: 1764 The General Court
made him a Grant of a Township to be laid out on Saco
River above Col\(^o\) Joseph Frye's Township, The Conditions
thereof will appear by said Grant, he laid it out according to
said Court's directions & returned them a Plan of the same:

On the 7\(^{th}\) June following the Plan was accepted & the
Lands thus laid out were confirmed to your Petit\(^r\) & his heirs
& assigns forever.

In order to perform the Conditions of the Obligations he
was under to settle said Lands he has been at the expence to
move his Family & introduce a number of others into said
Township where they have been at great expence in bringing
forward said Settlement.

In Nov\(^r\) 1765 He informed the Gen\(^{r}\) Court that the greatest part of said Township was claimed by the Province of
New Hampshire, who then took the affair under consideration
& directed him to proceed in the settlement thereof.

In June 1766. He was directed to Prosecute any persons
who should enter on said Township under the New Hamp-
shire Title & defend all actions brought against him or his
Setlers at the expence & under the directions of this Gov-
ernment.—

Oct\(^o\) 7\(^{th}\) 1767. He was advised by His Excell\(^y\) & the
Hon\(^o\) Council not to proceed in Law against those claiming
under New Hampshire until the General Court could have
an opportunity to consider the papers received from his
Excell & Governor Wentworth.—

After the great expences he has been at, and fatigue &
trouble he has endured in the affair he is so situated that he
is unable to reap any advantages by disposing of any part of
said Lands but on the contrary is at continual expense in pursuing the directions of this Hon\textsuperscript{1} Court

Not only your Petitioner & his Setlers; but this Province too he humbly apprehends will suffer by any longer delay in settling the Line

Wherefore he humbly prays this Hon\textsuperscript{2} Court will take some speedy & effectual measures to settle the Line aforesaid, that he may reap some advantage from his great labors, and otherwise receive as your wisdom shall dictate

And as in duty bound shall ever pray,

I know of no letters of my own which I think can be of any use to you upon this occasion.

"May it please your Excellency,

your Message of the 16th Instant has been read and duly considered in the House of Representatives. The manner in
which your Excellency was pleased to introduce into this House the Letter from the Right Honorable the Earl of Shelburne, by giving Orders to the Secretary to read it without leaving a Copy, appeared to be unprecedented and un parliamentary, but this made but a light Impression on the House, when the Members recollected as far as they could the unfavorable Sentiments his Lordship thought himself necessitated to entertain of the two Houses of this Assembly, and of some particular Members in this House, whose Characters in the Opinion of the House stand unimpeachable—Under this Apprehension they thought it necessary for their own Vindication humbly to request your Excellency to favor them with a Copy of his Lordship's Letter; and as it appeared to them that his Lordship had formed his Sentiments of the two Houses and their Members from your own Letters to which he referred, the House thought they could not do themselves and their Members Justice unless they could be favored with a Sight of them also, and accordingly requested it of your Excellency.”

To his Excellency Francis Bernard Esq Governor in chief in and over his Majestys Province of the Massachusetts Bay in New England; The honble his Majestys Council and House of Representatives in Genl Court assembled the 25th of May A D 1768 — Humbly shews
The Freeholders & other Inhabitants of the Town of Windham in the County of Cumberland legally assembled for this purpose at said Windham on the twenty eighth day of March A D 1768

That Your petitioners presented their petition to the Genl assembly of this province in May 1767 —

 Wherein they set forth that the Inhabitants of said Town were at "a great charge and expence in settleing and supporting public Worfship amongst them and also that large sums were still wanting for clearing Roads and making them passable &c And that the proprietors of said Town had laid out and appropriated most of their Lands into hundred acre Lots which except the very small part that was under actual improvement/ could not be charged with any Sort of taxes by the Town or proprietors tho' the clearing and preparing Roads is principally for the proprietors advantage Wherefore your petitioners prayed that the Assessors or Selectmen of y* s^d Town for the Time being might be authorized and impower'd to assess on every Acre of the several 100 acre Lots in said Town not otherways taxed one penny yearly to be paid into the Town Treasury there to be applied to the uses aforementioned and that such payment might be inforced by such ways and means as to your Excellency and the Honble Court should seem meet "—

In answer to which petition a Memorial was presented to the General Court then sitting by Nathan Bowen Jeremiah Lee and Isaac Mansfield Esq's a Committee of the proprietors of the Town of Windham in which they set forth that they did not oppose the Tax prayed for, but prayed that by a public Act of the Government The Assessors of the said Town of Windham for three Years then next ensuing might be authorized and impower'd to assess yearly one penny on every acre of every 100 Acre Lott in the said Town not otherways taxed, except ministerial & school Lands and that
the Assessors of said Town by such Act be impower'd to enforce the payment of such Tax by legal sale of so much of the delinquent Lands as shall be necessary to pay the said Tax and charges &c as by the petition and Memorial afore-mentioned Copies whereof herewith exhibited will more fully appear—

Upon which petition the third of March last the whole Court resolved, "That the assessors of the said Town of "Windham for three years next ensuing be authorized and "impower'd to assess one penny per acre on every 100 Acre "Lot in said Town not otherways taxed, except ministerial "and school Lands, & that ye said assessors be impower'd to "enforce the payment of such Tax by Legal Sales of so much "of the delinquent Lands as shall be necessary to pay the "said Tax and charges thereupon arising; & that ye said Town "be impower'd in their March meeting for the said three "Years next coming to chuse two Collectors, one of them to "be an inhabitant of Marblehead and that one half of the "money raised by said Tax be paid into the hands of the Treas-
"urer of said Town of Windham to be by them applied to "the paying the ministerial & other Town charges, the other "half to be paid to the proprietors Treasurer to be by them "applied to the opening and making passable such ways as "still remain in a Wilderness state as by said Order on file "will fully appear"

Now your petitioners humbly shew that many of the Inhabitants and proprietors of ye said Town of Windham are apprehensive that the authority given by the aforesaid recited Resolve or Order of Court is insufficient for the purposes therein mentioned and that in Case Sale should be made agreeable to said Resolve of the delinquent Lands the payment of said Tax /especially as the Method or Manner of Sale is not therein particularly pointed out or described and they are at a loss to know what was intended by a legal Sale/
Differences and Disputes may hereafter arise & that Harmony, peace and Concord which has hitherto subsisted between the proprietors and Inhabitants of ye s't Town of Windham /& which they wish still to preserve/ may be disturbed and broken Wherefore your pet's humbly pray your Excellency & Honors that the payment of the Taxes afores'd may be enforced by an Act or Law of the province explicitly determining the Method and Manner of such Sale of the delinquent Lands as may be necessary for raising the Taxes afores'd and also that your petitioners may be specially impower'd to chuse at a future Town meet'd two Collectors for the gathering the Tax afores'd for the ensuing year which was neglected at their Town meeting in March last by reason of the difficulties afores'd or otherwise relieve your pet's as in your Wisdom shall seem meet & as in duty bound shall ever pray & —

Signed by Order of the Town

Resolve

The following Order passed on the Petition of Abraham Anderson in behalf of the Town of Windham viz:

In the House of Represent's March 3d 1768

Resolved That the assessors of the said Town of Windham for three years next ensuing be authorized and impowered to assess yearly one penny p. acre on every hundred acre Lot in said Town of Windham not otherwise taxed, except Ministerial and School Lands That the said assessors be impowered to enforce the payment of such Tax by legal Sale of so much of the delinquent Lands as shall be necessary to pay said Tax and Charges thereupon arising; and that the said
Town be impowered in their March Meeting for the said three years next coming to chuse two Collectors, one of whom to be an Inhabitant of Marblehead and That one half of the Money raised by said Tax be paid into the hands of the Treasurer of the said Town of Windham to be by them applied to the paying the Minister and other Town Charges; the other half to be paid into the Proprietors Treasury to be by them applied to the opening & making passable such ways as still remain in a Wilderness State

Petition of Inhabit\(^ts\) of Sebascodegin Island. 1768.

Province of the Mass\(^ts\) Bay
To His Excellency Francis Bernard Esq\(^r\) Governour and Commander in Cheif of said Province The Hon\(^ble\) His Majestys Councill and the Honourable House of Representatives of said Province in General Court Assembled on May 25, 1768.—

The Petition of the Inhabitants of Sebascodegin Island in the District of Harpswell in the County of Cumberland.

Most humbly Sheweth

That in the Act of Incorporation of said District about 11 Years past, said Island by the Name of Great Sebaseodegin Island alias Shapleigh's Island, was included in said Act, & annexed to said District of Harpswell, that when this was done we were but few in Number, not of our Motion, or Choice, nor were we so much as advised with, yet we Submitted to this Act of Government from a Principle of Duty,
and from the Encouragement then given us, that whenever we were able to support the Gospell among our Selves, that the Other Inhabitants Setled on Merryconeag Neck would readily consent to our being sett off as a distinct Parish: And in particular when the Rev'd Mr Samuel Eaton was setled this was publickly mentioned & conceded to, at a meeting of said Inhabitants, altho' no formal vote was passed, or any Record made thereof, yet this appeared to be the Sense of many then present. Your Petitioners beg leave to represent to your Excellency, & Honours, that there are now setled on said Island about fifty Families, and at their own Cost & Charge they have erected, & built a Meeting house on said Island to the Expence of Three hundred pounds, lawfull Money, and have now a Gentleman preaching to us in whom we are all well united and he would be encouraged to stay among us; altho' our Abilities are comparatively small, yet if we could obtain the Favour of this Court so as to be sett off a distinct Parish, it would greatly contribute to our Increase, and under the Divine Blessing & Protection to our future Prosperity, & Welfare by which our Ability to support the Gospell among us would be enlarged. For which purpose we have first applied to our Christian Brethren for their Consent, who have ( notwithstanding their former Encouragement given us, & not regarding the great Difficulties we are exposed to in Travell by Land as well as water, which in a tempestuous Season, which often happens, is impracticable for our Wives & Children) unkindly denied their Consent to our being Sett off a distinct Parish, when by estimation many of the Inhabitants on said Island live at the Distance of 12, 13 & 14 Miles from the stated place of Worship on said Neck, which in the Winter Season is attended with great Hazard & Danger to our Lives to gett there, in crossing the River on many Accounts which might be mentioned.—
We acknowledge that by Agreement it is provided, that the Minister shall preach to the Inhabitants living on said Island One third part of the Year, but by reason of the above mentioned Difficulties in travelling, and the Infirmity of Body under which the Rev'd Mr Eaton Labours, this is not, nor cannot be fully performed, & we are thereby deprived of this Advantage for our Selves & Children.

We are free to declare to this Honoured Court, that it is not from any disaffection to our present Pastor, whom we highly esteem & honour, nor from any want of Affection to our Christian Brethren that we are seeking this, but we trust from a Sincere Regard to the Divine Institutions, & that we may have the enjoyment of those Christian Priviledges, to which we think our Selves Justly entitled.

In a humble dependance on the Favour of this Honoured Court we hope that the Reasons and Motives offered on our part, will have that Influence with your Excellency, & Honours as to take the Prayer of this Petition into your wise consideration, and direct that the Inhabitants on said Island may be erected into a Separate Precinct, that so we may enjoy the Priviledges of the Gospell in common with other Christians, in a more decent & convenient Manner, or otherwise grant that Releif to your Petitioners as your Excellency & Honours shall in your Wisdom Judge meet: And your Petitioners as in Duty bound shall ever pray, &c

Petition of the Selectmen of Gorham "June 1, 1768."

To his Excellency Francis Bernard Esq Captain General and Governour in Chief in and over his Majesties Province of the Massachusets Bay in New England The Honourable his Majesties Council and House of Representatives in General Court Assembled

The Petition of the selectmen of the Town of Gorham in the name of said Town Humbly sheweth That by reason of the Many Misfortunes that has happened in said Town within these few years and the settlement of a minister of the Gospel among us, brings on us a burthen which we find exceeding hard to bare and the exceeding scarcity of mony adds weight to that burthen, and inasmuch as two thirds of the lands in Gorham is owned by non resident Proprietors who are Equally benefitted in the raising Price of their Lands with those that are Resident proprietors, and that by the settlers improvements and their multiplication in said Town as to Numbers, and the Settlement of the Gospel here, We
are humbly of the opinion that the non Resident proprietors are held in Justice to Contribute something towards the defraying the Charges of the Gospel Ministry among us for That who feels the benefit ought to feel the burden was never a bad maxim, we therefore Humbly pray that your Excellency and Honours would take the affair under your wise Consideration and Order so much upon the Acre on all unimproved Lands already Divided into Lots in said Town not otherwise paying taxes as Your Excellency and Honours shall in your Great Wisdom order and for such Time as may be Convenient which sum so ordered, be for the support of the Gospel in said Place and your Petitioners as in Duty bound shall ever pray

Letter, Dudley Carlton to Col. Goldthwait

These are humbly to request the Favor of Coln Goldthrite to represent to his Excellency ye Governor, the true State and Circumstances of that Part of ye Province, to ye East and Northward of Penobscut River; relating to the Timber
fit for his Majesty's Use for the Navy, with — it is said to abound. And as it is a very wrong & Misrepresentation, as to those six Townships granted by the General Court to David Marsh & others, would humbly pray his Excellency to write home in Favor of the Proprietors, as there is a Number of them settled in Consequence of said Grant, in order to bring forward the Settlement, without suspecting but that his Majesty's Approbation might be obtained, as it would be the Enlargement of his Majesty's Dominions with Respect to his Subjects; & a Means of rooting out the Savages, where it has always been a Nursery for them. And if those Families that are Setled, must be removed, it of Consequence — be the Ruin of a great Number of Families, and break up some Societies, where they have, for several Seasons had the Gospel preached to them.

And if his Excellency would use his Influence in Favor of the Case, by setting it in a true & just Light, would greatly oblige his humble Petitioner, as in Duty bound shall ever pray

_Earl of Stirling's Advertisement._

_To Be Sold._

A Tract of Land of one Hundred Thousand Acres, situate on the East Side of Penobscot River, in the Eastern Part of New England, on the following Conditions, vis.  

The Tract is to be divided and laid out in One Hundred Lots, of 1000 Acres each, bounding Westerly on the said River.  

The Purchaser of each Lot, is to pay One Hundred Pounds Sterling down, or secure the Payment thereof by Mortgage of the Land, or otherwise, and shall be entitled
also to a Town Lot of Half an Acre, in a Town called, Alexandria, laid out at the Mouth of the River, and fronting on Penobscot Bay; the whole to be held free of Quit Rent for ever.

The Purchaser is, on each 1000 Acre Lot, within three Years after the first Day of July, 1769, to settle at least one Family, or shall then forfeit his Grant; in which Case the Consideration Money shall be returned, with Interest, at Five per Cent.

A Map of the whole, with a State of the Title, is to be seen at the Earl of Stirling's Office at Baskinridge in Somerset County; at John Smith's Esq; at Perth-Amboy; At Cornelius Low's, Junior, Esq; at New Brunswick; and at Isaac Ogden's, Esq; at Newark, also in New Jersey; at Philip J. Livingston's Esq; in Bayard-Street, and at Mr Gerard Buncker's, near the Exchange, in New-York; at Jared Ingorsel's, Esq; at New-Haven, in Connecticut; and Messrs. Hazen and Jarvis's, at Newberry, in Massachusetts Bay.

All Persons inclining to be concerned in this Purchase, are desired to enter their Names at either of the above Places, on or before the first Day of November next, in Order that the respective Deeds may be prepared.

Penobscot Bay is one of the finest on the Coast of New England; it abounds with Sea-Fish; its Navigation is safe and easy to Ships of any Burden. That Part of the River, on which this Tract is laid out, begins within two Leagues of the Bay; the Lands are as good as any in America, taking so large a Tract together: The Town Spot and the Islands in its Neighbourhood, are admirably well situated for the carrying on the Cod-Fishery; the Rivers have great Plenty of Salmon. Those who have their Names first entered, will have the Advantage of taking the first Choice of their Lots as to Situation.
If this Offer to the Public be duly considered, it will be found the most advantageous one that has appeared, especially to Farmers who have large Families of Children, and who have no great Stocks to provide them with; the Terms are intended lower than any other that has been offered for Lands so commodiously situated, purposely to encourage the Settlement of this Country, the Proprietor having other Lands in the Neighbourhood.

Sir

I have the honour to transmit to your Excellency some Proposals I have lately published for settling and planting a Tract of Land belonging to me, situate in the Eastern part of your Government; and which I have good reason to expect, I shall be able to effect, so far as to the amount of Two hundred families next Spring, I also send your Excellency a printed State of my Title to that Tract of Country by which your Excellency will find, that it is founded on the same original Patent, under which all the other Lands within your Jurisdiction are held.

His Majesty in Council has long since been informed of my Right and Intention herein; and I cannot but hope that the Settlers, on their Arrival within your Province will meet with every Encouragement from your Excellency that so laudable a Design merits. I have the honor to be Your Excellency's most humble Servant

His Excellency Francis Bernard Esq' Governor.

James Bowdoin   James Russell  James Pitts
Tho' Hubbard    Tho' Flucker   Samuel Dexter

His Excellency laid before the Board, a Letter from the Earl of Stirling of the 10th August, signifying his Intention to settle a Tract of land, in the Eastern parts of this Province which he pretends a Claim to.

Advised that William Brattle and James Bowdoin Esq's take the said Letter into Consideration and report the next Council day.

At a Council held at the Council Chamber in Boston Wednesday Sept 7th 1768.

Present in Council

His Excellency Francis Bernard Esq' Governor.

Samuel Danforth  Harrison Gray  Samuel White
William Brattle  James Russell  Jeremy Powell
James Bowdoin    Tho' Flucker   James Pitts Esq's
Thomas Hubbard  Royall Tyler  Sam'l Dexter

The Committee appointed to take into Consideration the Earl of Stirling's Letter, made a report, and also reported a Draft of a Proclamation, relative to the Business therein mentioned, the said report was accepted, and his Excellency issued a Proclamation accordingly.

The Report is as follows—

The Committee of Council to whom was refered the Earl of Stirling's Letter to his Excellency Governor Bernard,
dated August 10th 1768, with the printed State of his title, to the Lands between St Croix and Pemaquid, in the Eastern parts of this Province, and his printed Advertisement for the sale of said Lands, having duly considered the same, are humbly of Opinion —

That in the Answer to said Letter, his Excellency be desired to inform the Earl of Stirling, that some Time after receiving from Mr. Bollan the Province Agent, a Copy of a Petition, signed by said Earl and others to his late Majesty relative to the said lands, a Committee of the General Court prepared a State of the title of this Province to the Country between Kennebec & St Croix: that by said State it appears that the Persons claiming under Sir William Alexander, first Earl of Stirling, have no right, or title whatsoever to the said Country, or any part thereof, and that the Province of Massachusetts Bay, hath a clear and undoubted right, and equitable Title to the Soil & Jurisdiction of the said Country, and every part thereof, under such restrictions and limitations, as are expressed in the Province Charter.

That the General Court relying on the goodness of the Province Title, have granted twelve Townships on Penobscot River, and to the Eastward, on Condition that Sixty families at least should be settled in each, within a limited time: That a great part of the Families are already settled, and in some of the Townships the whole number: that it is inconsistent with his Majesty’s Interest that the said Grantees should be disvested, that it would be manifest Injustice in the Government to suffer it, and that this Government cannot suffer it, unless it be done by his Majesty’s Orders

The Committee think it would be proper that a Copy of the said State, should accompany his Excellency’s Letter which they cannot but apprehend will induce the Earl of Stirling to desist from his Pretensions.

The Committee are further of Opinion that in order to
prevent any uneasiness in the Grantees aforesaid and their associates, arising from the Claim aforesaid, and to prevent any Persons purchasing or taking Leases of the lands advertised aforesaid, his Excellency issue a Proclamation assuring such Grantees & Associates of the Protection of this Government, and cautioning all Persons against purchasing or taking Leases of any of the said Lands under the said Earl of Stirling.

The Committee herewith present the Draft of the Proclamation, which with the foregoing Report, is humbly submitted to your Excellency and Honours.

A Proclamation

Whereas the Earl of Stirling hath published advertisements for the Sale of a large Tract of Land situated on the East side of Penobscot River and for Leasing another large Tract on Castine River; said Tracts being part of a Tract in the Eastern parts of this Province extending from S' Croix to Pemaquid to which he has laid Claim by virtue of a Grant made in the year 1635 to William Alexander first Earl of Stirling by the Council established at Plymouth. And whereas by a State of the title of this Province to the Country between the Rivers Kennebec and S' Croix prepared by a Committee of the General Court and Printed in 1763 by order of the said Court it is alleged that the persons claiming
under the said first Earl of Stirling have no right or title whatsoever to the said Country or any part thereof and it is asserted on the behalf of the Province that the Province of the Massachusetts Bay hath a clear and undoubted right & equitable title to the Soil and Jurisdiction of the said Country & every part thereof under such restrictions and limitations as are expressed in the Province Charter.

And whereas the General Court have granted twelve Townships within the Tract claimed as aforesaid which Grants now lie before his Majesty for his royal approbation in consequence of which Grants a great number of Families have actually settled in the said Townships, in order to fulfill the Conditions of the said Grants if the same shall be approved, I have thought fit to issue, and do by and with the Advice and Consent of his Majesty's Council issue this Proclamation, hereby declaring the Intention of this Government to protect & defend the said Lands & the inhabitants thereof against the said Earl of Sterling & all persons claiming under him until his Majesty's pleasure shall be known therein and cautioning all his Majestys Subjects against purchasing or taking Leases of any of the said Lands under any person or persons claiming under the first Earl of Stirling aforesaid.

*Petition to Govr Hutchinson by Inhabitants of the Fifth Township.

To his Excellency Thomas Hutchinson Esq'r Captain General and Governor of the Province of the Massachusetts Bay in New England.

The Petition of the Inhabitants of the fifth Township granted by this Province to Eastward of Mount Desart & commonly called Pleasant River humbly sheweth to your Excellency

That whereas there is now residing in this Township upwards of Sixty Families and neither Law nor Gospel
embraced among us every one doing what's right in his own eyes and a great spirit of mobbing and Rioting prevails, Cursing, Swearing, fighting, threatning, Stealing, pulling down Houses and the like as we cant sleep a nights without fear and living to such a distance from any authority that we labour under a great disadvantage of obtaining relief in such matters, being twenty miles to the Eastward of Goldsboro' and upwards of twenty miles Westward of Machias and very difficult passing any way makes us apply to your Excellency to interpose in this affair to redress our Grievances, and We whose names are hereunto subscribed humbly implore your Excellency that you would appoint a Justice of the Peace at Pleasant River as it is our sincere and hearty desire to live under a proper regulation of the Common Laws of the Land, and there is one Capt Wilmot Woss a man of a good reputation who removed from Martha's Vineyard about three years ago and has a good Interest in this Township whom we recommend to your Excellency to be appointed if you in your goodness shall think proper with the advice of Council, & we pray your Excellency to lay this our Petition before our said Council as we flatter ourselves of your Excellency's protection of our Civil Rights as far as the due Execution of the Law will give us, which causes us to apply to your Excellency to cause them to be put in force as we profess ourselves to be Loyal Subjects and are ready to spend our lives and fortunes for his Majesty's Crown and dignity and the Laws and good government as your Petitioners are in duty bound to pray for.

N. B. If your Excellency shall think proper to appoint any other suitable person we have no objection.

The Petition of Benjamin Mulliken and Moody Bridges Agents for the Prop'ts of a Township Granted to the said Benja Mulliken & others June 25th 1765 Humbly Sheweth

That the Great & General Court of said Province in Answer to a Memorial of your Petitioners (on the twelfth Day of June 1767 —

Resolved that Eight thousand Six hundred & forty five Acres of Land lying on the Easterly Side & Northerly end of a pond Called long pond Bounded as Stipulated in said Resolve be Exchanged for an Equivalent of Land on the Westerly Side of said Township &c —

That Pursuant to said Resolve the said Proprietors appointed a Committee to take a plan of the said land lying between Saco River & said Township in order to Exhibit a plan thereof to said Court for Confirmation — Who Reported as followeth (viz)

That Saco River which the Proprietors Apprehended to be within One Mile of said Township they found to be Near five Miles from the Westerly line thereof —
That the land is Mountainous & Broken & that a pond Judg'd to be Six or Seven Miles in Length Intervening between said Township & said River prevents the Communication intended By Said Proprietors with s'd River —

That the whole of the said Tract of Land in the Opinion of the Com'tee falls Short of an Equivalent for the Said Land on the Easterly Side & Northerly end of s'd pond —

That should the Proprietors Make up an Equivalent at the Southerly end of said Township it would take off so much of that Tract of Land between s'd Township & Pearson Town which land is Capacious enough for a Township as would leave it Insufficient for that Purpose —

Wherefore Your Petitioners Humbly Entreat your Honours to Quiet the said Proprietors in the Peaceable possession & Enjoyment of the said 8645 Acres of Land on the Easterly side & Northerly end of Long pond & Your Petitioners as in Duty Bound Shall ever Pray —

The Committee appointed to Consider and report upon the Petition of Cap't Henry Young Brown have attended that service and beg Leave to Report that in April 1770 the Court had a State of Facts Laid Before them and upon Mature Deliberation had thereon they Granted to the Petitioner 11000 acres of Land which Grant was at that time Considered by the Court to be in full satisfaction for all the Demands the Petitioner had against the province for loss of Lands in his Petition mentioned That the Court at that time apprehended that the 11000 acres of Land Granted as aforesaid was as good as the same Quantity lost by the Disputed lines mentioned in his Petition But your Committee are fully Convinced by the Testimony of a Number of Credable Witnesses who are well Knowing to both Tracts of Land that it falls Considerably Short in value — Your Committee are Therefore of Opinion that the Petitioner be allowed the sum of Fifty pounds more with the Interest thereof from the 5th day of May 1770 the same to be entered upon his Bond of two hundred pounds given the province Treas' as the purchase Consideration of his Township in said Petition mentioned All which is Humbly Submitted

Jonas Dix p'r Order

Gentlemen of the Council, and Gentlemen of the House of Representatives —

It is now become in several respects more necessary for the General Court to proceed upon the Business of the Province than it was when I met you in your two last Sessions. Many of our Laws, which have been of great utility, are
expired, some for the punishment of criminal offences, others which affect the course of our Judicial proceedings and the People call for the revival of them.—There are other affairs depending of a very interesting nature which had not then come to our knowledge and which may be determined before we can have another opportunity of acting upon them. The Council thought it not advisable for me to Prorogue the Court to a further time: Their opinion and advice, which always have weight with me, induced me to call you together rather sooner than I had before intended.

Pursuant to my Instructions and the established practice I caused the Acts and Doings of the General Court at the Session in March last to be transmitted to England by the first opportunity. Particular notice has been taken of a Grant made in that Session to a number of Persons who had settled upon Lands in the Eastern part of the Province and, it appearing that other Persons had also begun Settlements Eastward of Sagadehock, some under colour of Grants from the General Court notwithstanding that by the express terms of the Charter, such Grants are of no force validity or effect until approved by the Crown, others without any colour of Grant or Title whatsoever, these Settlements are deemed of great Importance in various lights, but in none more so than in that of the encouragement they have given to the waste and destruction of the Kings Timber which is a matter of the most serious consideration in respect to the Naval Strength of the Kingdom. It is made my Duty to inform you that, as the remedy for this great mischief ought properly and can only effectually come from the Province within whose Jurisdiction the Lands lye, it is expedient all Trespassers should be prosecuted, and, I am further to inform you, that the neglecting to exert every legal means to remove and prevent all unwarrantable intrusions will be imputed as a default for which the Province will stand responsible. From a sense of
my Duty to the King and from regard to the Interest of the Province I must desire you to take this affair into your consideration and do what is necessary on your part. I will assist and concur with you to the utmost of my power.

Gentlemen of the House of Representatives —

In order to conform to the Laws of the Province and to maintain the Public Faith, it was necessary the Treasurer should issue his Warrants for the assessment of the whole Province Debt in the current year. If these Warrants have not been so far executed as to render an alteration impracticable and you should be of opinion that the burden will be too great for the People to bear, I am willing to consent to an act for affording the necessary relief by easing the present year of part of this Tax and charging the same Sum upon a future year.

A State of the Treasury will be laid before you by which it will appear that a Supply will be necessary Some Appropriations are quite exhausted.

His Majesty having thought fit to Order that the Garrison of Castle William, in the pay of the Province, should be withdrawn and that this Fortress should be Garrisoned by his Majesty's Regular forces, I am prevented from desiring you to make the usual Establishment. The last Establishment expired the 20 day of June last. I know you did not expect I should then dismiss the Officers and Men. I must now desire you to continue their Pay & subsistence from the expiration of the Establishment and, as they are discharged at a Season of the year when it will be difficult for them to find Employ I could wish that the continuance might extend, at least, to the 20th of November the usual time of making up the Roll. It is no more than justice to the Garrison to say they have behaved well and have some Claim to favour.

The Establishment of Fort Pownall being also recommended to you to provide for the revival and continuance of it.
Gentlemen of the Council and House of Representatives —

As the affairs which lye before you are of great moment and deserve your serious and mature deliberation, so they must take up much time. It is therefore more necessary that you should begin without delay and should proceed with all diligence.

I wish there may be a good harmony in the Legislature, and that we may unite in such measures as our common Interest, the Interest of the Province, requires of us.—

Petition of Joseph Frye. 1770.

Province of the Massachusetts Bay
To the Honourable Thomas Hutchinson Esq' Lieu' G & Commander in Chieff, To the Honourable his Majestys Council & House of Representatives in General Court Assembled

The Petition of Joseph Frye humbly Sheweth

That under the Patronage of this Government your Petitioner has Settled upwards of Fifty Families in a new Township (at present called Fryeburg) in the County of York, which is at such a distance from any Sea-Port-Town, the Inhabitants thereof have it not in their power to procure Sundry of the absolute Necessaries of Life, at those Short periods, which Nature often calles urgently for, and they being unable to purchase so many of them at a Time, as to answer Nature's Just Demand thro' the Year. They often Suffer for want —

That as your said Petitioner is Determined with all possible Speed to move Himself and Family into s^4 Township, and for remedy of that inconvenience, open a Store there, He presumes he may Say, It's Necessary he should be Legally
Authorized to Sell Spirituous Licquors, as such Licquors are what Labouring Men stand in need of. That as said Township is not incorporated; there are no Selectmen to recommend any person in it, to the Court of general Sessions of the Peace for the County wherein it lays, (which is what the Law requires) he cannot obtain Licence from thence —

Wherefore your Petitioner prays your Hon' & Hon'rs would please to empower him to sell Spirituous Licquors by Retail at his Dwelling House in said Township, by such a Method as you shall judge proper. And as in duty bound prays

Petition of H. Eggleston "Oct. 1770."

To his Honor the Lieut' Governor, the Hon'ble his Majesty's Council and the Hon'ble House of Representatives. —

The Petition of Hezekiah Egglestone of Bristol in the County of Lincoln — Humbly sheweth,

That your Petitioner's Great Grandfather Richard Fullford formerly of a Place called Round Pond in said Bristol, about the Year of our Lord 1660 purchased a Tract of Land there whereon he lived, adjoining to a Plantation commonly called Muscongus, and belonging to the Family of the Peirces; that your Petitioner's said Great Grandfather lived on and quietly enjoyed the Premisses 'till the Beginning of the present Century except the Interruptions given him by the Indians (in which Time the Deed of his said Land was lost) leaving issue only one Son who was a Minor, and a Daughter who was your Petitioner's Grandmother and who married Samuel Martin, who as soon as the Troubles with the Indians were over again in 1715 settled said Lands, till he was beat off by the Indians in the War commonly called the three Year War
between 1722 & 1725; that your Petitioner's said Grandfather Martin after he had thus resettled said Lands, took the Testimonies of sundry ancient Persons in 1717, who formerly lived adjoining, to fix the Boundaries and supply the Loss of his Father in Law's Deed of said Land; that afterwards Viz* in 1739 your Petitioner's Great Uncle Viz* Francis Fullford the only Son of said Richard again settled said Lands, whose Tenants have been in constant Possession 'till the late War; and lastly that your Petitioner is now in Possession of Part of said Tract — But so it happens that your Petitioner's said Grandfather thro' Ignorance of the Law, had the said Testimonies taken before one Justice of the Peace only and put on Record ad perpetuam Rei Memoriam. And whereas sundry Persons without any Pretence of Title have trespassed and settled themselves on said Land cleared and brought too by your Petitioner's Ancestors at great Peril of their Lives and Expence of Labour, your Petitioner is unable to recover the Possession of said Land unless relieved by your Honors; Wherefore your Petitioner humbly prays that your Honors would confirm or make valid in Law said Testimonies or otherwise grant him that Relief which to your Honors shall seem meet — And your Petitioner as in Duty bound shall ever pray —

_Petition & Remonstrance of S. Livermore & others._ 1770.

Province of the Massachusetts Bay
To the Honourable Thomas Hutchinson Esq* Lieu* Governor and Commander in Chief in and over said Province; To the Honourable his Majestys Council; and House of Representives in General Court assembled the 29th Day of Oct* 1770
The Petition and Remonstrance of Samuel Livermore, Leonard Williams, and George Badcock a Committee appointed by a Society who were Proprietors of a Township of Land granted to Nathl Harris Esq and others by s\textsuperscript{d} General Court in the Year 1736, (as a Gratuity for their Service in the Reduction of Port Royal) humbly sheweth That the said Proprietors in Observance of the Condition of their Grant proceeded to lay out said Township and returned a Plan of the same to the same Court for their Approbation, which was approved of by them accordingly. That then the Grantees proceeded to perform the Conditions of their Grant by allotting out the House Lotts, and some began to build thereon and repaired to said Town with Design to dwell there, cleared Roads, and built a Saw Mill at the charge of the Proprietors, with many other charges, in the whole amounting to more than £1000 of the then Currency (as by the Book of Records of s\textsuperscript{d} Proprietors clearly appears) besides their Expence of Time & Labour.

But yet it happened that a War broke out, and many of the Inhabitants were killd, others taken Captive, others surprised, and discouraged: and immediately by the Settlement of the Bounds between this Province, and the Province of New Hampshire to our great Loss & Disappointment the Town fell within the Bounds of New Hampshire Province, whereby the Proprietors were wholly deprived of all the Profit and Advantage, they expected to reap and enjoy for their Services aforesaid, and suffered great Loss not only in Time, but in Mony in laying out their Lotts, clearing Roads, &c. and have no way to obtain Relief but by the Interposition of your Honors —

Your Petitioners therefore pray your Honors would take the same into your wise Consideration, and appoint a Committee to enquire into the Equity of our Claims, and also the Claims of several others who were in the same Expedition,
but have received no Favour therefor, & who desire to be admitted with us and grant Leave to remove our Pitch to some other Place, in some of the unappropriated Lands in s\textsuperscript{1} Province And your Petitioners as in Duty bound shall ever pray

Jonathan Longfellow's Memorial to Govr Hutchinson.

Provence of the Masachussets Bay To the Honourable Thomas Hutchinson Esqr Lieut Governor and Commander in Chief in and over his Majestys Said provence

Jonathan Longfellow of Machias in the County of Lincoln, humbly Represents to your honor, that since your Memorialist was appointed by your honor, as one of his Majestys justices of the peace for said County, a number of the inhabitants of
Machias who are enemies to all law and government, have Combined together against your Memorialist, for no other Reason: but, for that of his being a Civil magistrate: they have at divers times put your memorialist in great Bodily fear, by menaces and threatening speaches; and on Saturday the third day of November, as your memorialist was in the publick highway, in the peace of God and the King, four of the said disaffected persons; vis Samuel Kenney, Jeremiah Obrion, James Southerland, and Joshua Webster, did attack the person of your memorialist, and in a violent manner threw him down upon the ground; and then Beat, and mawled your memorialist with their fists, in a most Barbarous manner, so that your memorialist is wholly disenabled from going about his common buisness, and what makes his Situation still more unhappy is, that there is no Magistrate nigher than Gold"boro', which is about twenty leagues from this place; and those that where there, are now gone to Boston, and the Season of the year approaching, that makes it difficult paseing either by land or water; So that it is impossible for your memorialist to Receive any present Relief, in the disabled circumstances that he is now in.

Your memorialist would also Represent to your honor, that, except he can have some other person appointed as Justices of the peace in this place, he must Resign his Commission; it being impossible for him to do his duty without being in continual danger of his life from the lawless party, who are daily giving out threatning speaches against any Civil officer, that shall presume to take any one of their party; and that they are determined to Support themselves by Clubb law. Conscious of the deep wisdom of your honor, he most humbly Submits his hard case, and the agravated treatment he has Received, in consequence of his being appointed one of his majesty's Justices: most humbly imploreing your honor to take the premises into Considera-

advancement of Justice, and the preservation of peace, order,

The Subscribers, inhabitants of machias in the County of

and are willing and desireous of supporting Civil Govern-
ment as far as lies in their power, and very much lament
that they are obliged to Represent to your honor, that a
number of their Neighbours, and fellow inhabitants, seem to
be otherwise inclined, which by their Conduct is but too
evident: they having by many Repeated and open acts of
violence, Shewn their disaffection to all order and good Gov-
ernment. They have divers times put his Majesty's quiet
and peaceable Subjects, in this place, in great Bodily fear;
not only by threatening speaches; but likewise by heavy
Blows. They have at divers times assembled together in a
Riotious manner; pulled down their neighbours buildings;
and have beat or abused all those, who offered to oppose
them and on the third day of Nov"mber four of them, vis
Samuel Kenney, Jerimiah Obrion, James Southerland, and
Joshua Webster, did attack, in the publick highway, when
in the peace of God and the King, the person whom youre honour was pleased to appoint, as a Civil magistrate in this place; and in a violent manner threw him down upon the ground then beat and brused him to such a degree, that he is now incapable of going about his common business. And what makes his Situation still more deplorable, is, that there is no magistrate within twenty leagues of this place, that he can apply to for Relief, and assistance.

Your memorialists would likewise Represent to your honor, the absolute necessity of having another Justice appointed in this place, and that it will be impossible to suppress the present disorders; excepting there is one or more persons appointed to that office.

Conscious of the deep wisdom of your honor, we most humbly Submit our Case. Most humbly implorecing your honor to take the premises into consideration, and grant such Relief, as your honor, in your Known great wisdom, and impartiality, Shall deem most for the advancement of Justice, and the preservation of peace, order and good Government.

Petition of Henry Young Brown 1770

To His Honour Thomas Hutchinson Esq' Lieut' Governour Commander in chief in and over his Majestys Province of the Massachusetts bay the Honourable his Majestys Council & house of representatives Nov' 13th 1770

Humbly Sheweth Henry Young Brown

That your memorialist preferred a Petition to the General Court which was considered last April praying for an allowance for that part of his Township which he purchased of this province that lies between Warrens & Bryants Lines and claim'd by New hampshire also for his Expences in laying out his first Grant and other necessary Expences he has been at in Consequence of orders from the General Court in October 1765 For which he hath not had an allowance

When the affair was under consideration it was thought that he could avail himself of one hundred and Fifty pounds out of what he had Rec'd of the Settlers he Sold to. and they be Quiet'd in their Lands under New hampshire. Since that, five of them have Recovered against him Two hundred and Seventy Eight pounds Exclusive of his own Expences which is above one hundred Dollars. all which he hath been oblig'd to pay. So that instead of having 150£ he has paid Considerable more than he Rec'd of his Settlers.

What he Rec'd out of the Treasury hath been Expended and accounted for to the acceptance of the Court and hath no reference to what he asks allowance for, that Expence being founded on an order of June 1766 which directed him to prosecute and defend actions with those claiming under New hampshire —

The land he was ordered to lay out in Lieu of his former Grant is not half so Good as his first Grant— Which first Grant the General Court ordered him to keep possession of and to Go on in his Improvements and Settlements and if he
should meet with any difficulty he should be relieved this order passed after the matter had been enquired into by a Committee sent to view and examine the foundation of the dispute which order prevented him from securing his settlers under New Hampshire which he could have done to great advantage;

Your memorialist humbly conceives this court will not suffer him to be so great a loser by the dispute as is now evident he must be if he don't have further relief therefore he humbly prays your honour and honours would reassume the consideration of his former petition and grant him such further relief as you in your great wisdom shall think proper as in duty bound shall ever pray

[The wild lands along the Kennebec began about this time to attract attention. There was a rapidly growing interest at this time in the incorporation of towns along the Kennebec river, and several were incorporated as here shown, four at this session of the General Court, namely, Winthrop, named for Governor Winthrop; Vassalboro, for William Vassal, one of the Assistants of Massachusetts; Winslow, for General John Winslow; and Hallowell, for the well known Hallowell family. The names were left by the General Court to be supplied by the inhabitants.]

Petition in behalf of George Town. 1771.

To His Excellency Thomas Hutchinson Esq" Captain Gen-
eral & Commander in Chief in & over his Majesties province of
Massachusetts Bay — The Honorable the Council & House
of Representatives in General Court assembled May 29 1771
The Petition of James McCobb in Behalf of the Town of
George Town humbly shews
That said Town was fined in the Sum of Ten pounds for
not returning a representative to the General Assembly the
last year
Your Petitioner prays this Hon'lo Court that said fine may
be remitted, & begs leave to offer the following Reasons
The said Town being at the distance of one hundred &
Eighty miles from Boston, it has been seldom that the Select-
men could have a Precept in Season: and particularly the
last year the precept came so late that a Meeting of the Town
could not be had, till the very day before the Election of
Councillors, whereby it became impossible for the Town to
return a Member timely enough for them to enjoy their full
Share of the Right & Privilege of Representation
But further your Petitioner would humbly represent, that
the Inhabitants of said Town were in very distressing Cir-
cumstances occasioned by the Destruction of their Grass &
Corn by Worms, many Persons having thereby lost four fifths
of their Crops, & in Consequence a great part of their stock of Cattle in the Spring by which means they were greatly impoverish'd.

Wherefore your Petitioner prays your Excellency & Honors to take the Case of said Town into your compassionate Consideration and afford them Relief And as in duty bound shall ever pray

James McCobb

In the House of Representatives June 11 1771

Resolved that the prayer of this petition be granted & that there be allow'd & paid out of the publick Treasury the sum of Ten pounds into the Hands of James McCobb Esqr for the Use of the said Town of George Town accordingly

Extract from Speech. May 30, 1771.

Gentlemen of the Council and Gentlemen of the House of Representatives

"It is with pleasure that I now inform you that the account which I thought my self warranted to transmit to England, the last Fall of the general disposition in the people of the Province to promote Order and a due submission to Government gave the greatest satisfaction to His Majesty, who has nothing more at heart than to see his Subjects in a State of happiness Peace and Prosperity. By making these the great Objects of my Administration I shall advance the real Interest of the Province and at the same time do that duty to the King which he requires of me."
The common inferior business of the Province necessary to be acted upon at this Session I need not particularly point out to you. The state and circumstances of that part of the Province which lies to the East and North of Penobscot River, where settlements are every day making by persons who have no colour of Title, I am required by the King to recommend to your serious consideration. I think the people deceive themselves with a groundless expectation of acquiring a Title by force of possession. I know that His Majesty is displeased with such proceedings and I have reason to apprehend that a longer neglect of effectual measures, on our part, to prevent any further Intrusions and to remove those already made will occasion the interposition of Parliament to maintain and preserve the possession of this Country or District for the sake of His Majesty's Timber with which it is said to abound. I recommended this important business to the Assembly of the last year at their Session in September. The Council thought it necessary then to be acted upon, but the House referred it to the next Session and then let it drop without further notice."

Message. June 19, 1771.

Gentlemen of the House of Representatives

There is only one part of your Message presented to me yesterday which I think it necessary, at present, to make any Observations upon.

In my Speech to the two Houses at opening the Session I expressed my Opinion of the necessity of effectual measures to prevent any farther Intrusions upon the Eastern parts of
the Province and to remove such as have been already made.

The Council in a very obliging Address or Answer declare their willingness to do every thing they can in conjunction with the other Branches of the Legislature to convince the Intruders that they are under a mistake if they expect to acquire Title by force of their Possession.

You tell me that I am sensible some of these Settlements are in consequence of Grants made by the General Assembly of this Province agreeable to the Royal Charter and if any settlements are made there without any colour of Title you apprehend that the penalty provided by Charter and the appointment of Surveyors is sufficient to prevent Trespasses on the King's Woods and that there is no necessity, at present of the Interposition of this or any other Legislature for that purpose.

The words in the Charter are "that no Grant of any Lands lying &c shall be of any force validity or effect until We our Heirs and Successors shall have signified our or their Approbation of the same." Now a Grant cannot give a colour of Title without having some force validity or effect. It is immaterial whether the Settlements are with or without Grants from the Court. In either case the Settlers are alike Intruders for none have the Royal approbation. I know what the Penalties are in the Charter and in divers Acts of Parliament for Trespasses made upon the King's Woods. I have not asked you to join with me in more effectual measures for punishing such Trespasses. I desired your assistance in removing such persons as have already intruded and in preventing all others from intruding upon the Lands, for by means of such Intrusions Trespasses are easily committed without any great danger of discovery let the Surveyors be ever so vigilant & attentive to their duty.

You have avoided a direct Answer and I have no encouragement that you will join in removing the Intruders with or
without what you call Grants or in discouraging others from
making further Intrusions. I am bound to explain to you
my Intention in my Speech to repeat my recommendation
and my apprehensions of the consequences of your neglect,
that I may never be charged with having failed giving you
that warning which I ought to have done

Report of Commissioners on Machias Sept^r 12th 1771.

Pursuant to your Excellency's Instructions, you will permit us to make the following Remarks —

1st The quality of the Land at Machias is very good, capable of making extraordinary Farms, from the produce whereof the Grantees may live very comfortably and have a surplusage for market, and considering the great improvements in so short a time which they have made We believe that will soon be the case, provided they meet with no obstructions.

2ndly We cannot by our view which was very considerable or by the best information we could get, find that the Pine Trees growing there are capable of making masts for
his Majesty's Royal Navy, they being what is called Saplings. There is an extraordinary Harbour with several ways of entrance into it and a number of Navigable Rivers within the bounds of Machias. About four miles up the River called Eastern River on one branch of it there is a very large Pond which they call a Lake, about twelve miles in length and three or four miles in width with a variety of Fish in it as well as in the River aforesaid: the Rivers abounding with Salmon and Salmon Trouts &c. of large dimensions. The Rivers there all communicate with the main River which empties itself into the Ocean. There are a considerable number of Mills in said place, the people very notable, sober, peaceable, and industrious, a few excepted, who tho' not so peaceable are very industrious.

3rdly That there might be as much peace and good order at Machias as in the other twelve granted Towns, we would humbly offer it as our opinion that the authority which is now there should be strengthened. This we believe would be greatly for his Majesty's service and the honor of Government. It was with great pleasure that we had an opportunity of Swearing Mr. Sinkler an Inhabitant there into the office of a Deputy Sheriff. That there should be such an Officer there was absolutely necessary, especially as there neither was nor could be a Constable in that place, it not being Incorporated: but there being but one Goal in the County wherein it lies & that Goal near 70 leagues distant by water and for several months in the year inaccessible, involves in it a thousand legal difficulties which might be removed if there was a Goal at and in Fort Pownall, where there is a convenient Room which would extremely well answer that purpose and in no wise hurt the Garrison. But this cannot be done with your Excellency's permission which we doubt not will be granted, as it will be so much for his Majesty's real service. And if we should be so
happy as to have your Excell^y view it in the same point of light. We persuade ourselves for the reason aforesaid that you will be pleased to express your sentiments,—with your permission to the Court of General Sessions of the peace at Pownalborough that the same by them may be made a Goal during the Governor's pleasure.—Machias is about 36 leagues from Fort Pownall and about 90 from Boston.

4thly It was with pleasure and at the same time with grief, we heard the good people at Machias express their ardent desires that they might be in a legal capacity to maintain the preaching of the Gospel among them and that they and their Children might be taught to fear God and honor the King. That they are sincere in it we have abundant reason to believe when we consider that whilst we were there the Reverend Gentleman that went down with us preached twice a day the two Sabbaths we were at Machias and one Lecture to an audience consisting of about 150 or rather two hundred persons and Baptized 18 Children. We are sure your Excell^y feels for these people and for those in the Towns abovementioned and will do every thing for them touching the premises that possibly can be done, consistent with your duty to his Majesty.

5thly The number of Males at Machias from sixteen & upwards are about 150 and of Families upwards of Sixty.

6thly As to the quality of the Land at Gouldsboro' what bounds upon the Harbour we thought not very extraordinary, but we were informed that that was the worst of the Land; at Frenchmans Bay, part of Gouldsboro' where Mr Justice Nathan Jones lives, the Land is very good, but no Pines fit for Masts grow there, being chiefly Saplings. Whilst we were at Gouldsboro' Cap^t Smith in a Ship from and belonging to Bristol in England and bound there, was in the Harbour which is a mighty good one (tho' dangerous to enter without a good pilot, having some ledges of Rocks near the
entrance) informed us that he had either lost a mast or wanted a spare one, and that he could not get one in the whole Township. The people in general we are informed are honest, sober and peaceable. The Lands in the other granted Townships by what we saw of them and by what we heard are good, very much improved for the time and very much in the same situation with respect to Pine Trees fit for his Majesty's Royal Navy as at Machias and Gouldsboro'. The people in general are sober industrious, peaceable and well affected to Government and make great Improvements of the Lands granted them. This we had ocular demonstration of, when we came between the Islands and the main from Mount Desart to Fort Pownall, which is about 20 leagues. We anchored on a Saturday (24 August) near Naskeeg point within the Reach called Egamogging Reach 18 miles in length very strait and about a mile wide extremely pleasant; good improvements in many places on each side thereof; an Inhabitant having about 100 Cocks of fine English Hay upon about five acres of Land as we judged. This is in the Township No four: We were detained here by reason of a calm and the Tide against us till Lords day noon; the people ashore upon their knowing there was an Ordained Minister on board, entreated that we would go ashore and that the minister would perform Divine Service amongst them and Baptise their Children, there not having been a Sermon ever preached there. It gave us great satisfaction to see such a disposition in them and that providence had given us such an opportunity to oblige them. We went ashore, divine Service was carried on and nine Children baptised and one adult, tho' these people had only one hours notice. We apprehend there are 500 Families at least in the thirteen granted Townships. Notwithstanding the Pine Trees aforesaid are generally of the Sapling kind, yet as we are informed in the rear of said Townships there are
OF THE STATE OF MAINE

some very fine Trees fit to Mast the Royal Navy, the Land there being stronger and better, but without the clearing of the Land in said granted Townships they cannot be transported to the Water side without very great expence. We were at Mount Desart, the Land there is extremely good, saving the mountains which are a Desart and from whence Monsieur Champlain gave it that name — We suppose there was or might have been mowed there a thousand Tuns of fine Salt hay this year, and a vast quantity of fresh and English Grass. There are on it many stately Trees fit for Royal Masts.

7thly It is most certain that the people who have settled and are settling in the 13 Townships have this intention to make further Improvements and to spend their days there: But that they went there only for the sake of the Timber and when they have cut that off intend to quit the Lands is without the least color of truth: for can it be conceived that persons who have laid out their Money and strength upon these Lands by clearing and making such profitable Improvements thereon, so that in fact they now support themselves and Families, should ever voluntarily quit the same, especially when a great number, perhaps far the greatest never was concerned in logging, Masting, or a Saw Mill. This your Excellency may depend upon as a fact; and it is the opinion of the most thinking amongst them and their practice is accordingly that upon the whole and in the conclusion those who are least concerned in logging will be the Richest. They gave us numbers of instances to support their sentiments by way of comparison and we must confess that we were entirely of their mind.

8thly We do not find that there hath been much if any spoil or waste made on the Lands aforesaid by cutting Trees fit for Masts for the Royal Navy and we are so far from apprehending that the settling these Townships with Inhabitants can,
supposing there was a number of Trees fit for the Royal Navy therein, have any tendency to destroy said Trees, that we believe quite the contrary and for this plain reason, that there is less hazard of detection in committing Trespasses where there are no settled fixed Inhabitants than in a place where there are numbers of such Inhabitants, many of whom from a sense of duty or for a Reward would turn Informers and we are from our own observations certain that there is no Trading Maritime Town destitute of Informers, and the reason of the thing holds equally good with respect to Informers in the above case.

Lastly When we consider the description given by Monsieur Champlain who we apprehend was the first European that reconnoitred the Eastern shore and gave the River S' Croix its name, we are convinced that the River S' Croix mentioned in the Royal Charter can by no means be the River Passamaquoda, but that the River Passamaquoda being an Indian name was known thereby: When we consider also that there is a living Witness (whose Deposition we wish might be taken in perpetuam rei memoriam) who will Swear that about Sixty years ago he used to trade at S' Croix, that by the Indians he Traded with (who were born there & always lived there and by the oldest of them who had it from their Fathers) the River S' Croix aforesaid was known by that name, and that S' Croix River was East of Passamaquoda. When we consider these things and many more we could mention it is plain to us that the River S' Croix which we call by that name and which is East of Passamaquoda is the true River S' Croix and the Eastern boundary of this Province as mentioned in the Charter. Notwithstanding which we are well informed that there are Grants made by the Governor or Government of Nova Scotia of Grand Manan, some of the Islands of Passamaquoda Bay and of Land upon the main and settlements thereon, all
West of St. Croix. And we are also informed that the same Lands are very good.

The above Remarks are humbly submitted to your Excellency by

To His Excellency Thomas Hutchinson Esq† Governor of The Province of The Massachusetts Bay: &c &c

Arthur Savage Comptroller of His Majestys Customs for the Port of Falmouth, begs leave Humbly to represent to Your Excellency

That on the Evening of the 12th Currant setting in my House at Falmouth in company with my Nephew Mr William Savage just before nine of the Clock, some person gave a violent stroke at the door of the House of your Memorialist, upon which my Nephew abovemention'd took a Candle, and went to the door, and unbolted the same, Immediately on which I heard a rushing in the Entry, and turning me head towards the door of the Room, I see a number of disguised persons entering the same, Upon which your Memorialist rose and Spoke to them, and asked them their Business with Him, and was answered by the persons in disguise, that they had come to know who was the Informer, and immediately seized me, I answered the persons in disguise That I could not lett them know who the person was, They replyed with an Oath That I should tell, and forcibly hauled me out of my
House, Upon which I told them they need not treat me ill, as if I must go with them I would walk without hauling me — being forced immediately into the Street, I desired my Nephew beforementioned to call Mr. Benjamin Titcomb (who lives opposite to me) Said Titcomb came into the Street, and I lett him know "That I was forced out of my House by a number of persons armed with Clubs, and in disguise, "and what they Intended against me I did not know, and "desired the assistance of the said Titcomb"; Upon which one of the disguised persons replyed, "We come to know "who was the Informer and by God you must and shall tell, upon which said Benja Titcomb said, applying himself to your Memorialist.— We want to know who the Informer is, which we shall be glad to know — and left me, Immediately on which I asked Mr. William Savage beforementd to keep by me, The disguised Persons then violently pushing me, and hauling me by my Arms down a lane leading towards the River, Mr. Wm Savage soon disappeared, and I was left in their custody, without any person to assist me, Said disguised persons hurreing me along the side of the River where no House is, but at a considerable distance, and frequently stopt and surrounded me, and with horrid Oaths and threatnings demanded whether I would let them know the name of the Informer. I still refused to satisfy them, and continued in telling them it was contrary to my duty so to do, and demanded of them wether I had in any way or manner Injured any of them they the disguised persons replyed I had not, but by the Almighty God I should tell them who the Informer was, I repeatedly answered them to these demands, that I would not lett them know who he was, lett the Consequences be what they would, Upon which they continued forcing me along to the extream parts of this Town, and soon after a loud Yell was given and they sur- rounded me, (being upwards of twenty five persons) and
with very threatening expressions told me they where armed, I answered I could not help it, upon which the person who appeared their leader presented a Pistle towards me, and told me "That by the living God I now must lett them know, or take the consequence, and at the same Time three or four others by me shew their Pistles — upon which I lett them know what I was acquainted with respecting the matter, which they obliged me twice at the place to Swear to, and immediately turned, and brought me up the lane w't they had carried me down, and stopped at the door of the House of Benj' Titcomb beforemention'd, where they the disguised persons asked for Liquor, and obliged me there to swear to what I had before done — Upon which upon mentioning my Swearing That if I knew any of them I would not make a discovery — They the disguised persons in the most Solemn manner, called God to witness "That if I knew any of them and should discover them, they would destroy me, or words conveying that meaning — they then fired two or three Pistles in the Air, and left me in the Street opposite to my House, after being in their custody near One Hour.

Your memorialist would further Acquaint Your Excellency that the next day being the 13th in Company with the Collector, and deputy collector he waited on the Justices of the Inferior Court, then sitting at Falmouth, and made known to them particularly the circumstances before related, Who remarked that it was a high handed Riott — bore Testimony against it, and told me all they could do was to Issue Warrants in case any of the persons where known, Your memorialist answered that he could not say who the persons where.

On Thursday 14th Mr William Savage beforement'd having committed to writing what he knew respecting the Riott Aforement'd, was desirous (at the request of your memorial-
ist) to make Oath to the same—I attended him to the House where the Justices of the Inferior Court where Setting, and taking Enock Freeman Esq one of said Justices into another Room the said writing was offered to said Freeman with the desire of the said Wm that he might be admitted to make Oath to the same which the said Enock refused to administer—I then called out another of the said Justices, and after sending for the beforementd Benjamin Titcomb, and reading the said writing to him (the words aledged to be spoken by him he having admitted to be True) the said Justice declined administering an Oath, and was of Opinion It was proper to lay it before the Court—Soon after which on the same day Your Memorialist with Francis Waldo Esq Collector of said Port, William Tyng Esq Sherrif of the County of Cumberland, and Mr Wm Savage beforementd, applied to The Justices of the Inferior Court then setting, and presented the said writing, and prayed that the said William might be admitted to make Oath to the Same, which said Justices after a debate on the matter for an Hour or more Voted that he should not be admitted to make Oath to the same three of which Justices voting directly against an Admission, and two of them where of Opinion that if it could be admitted it must be with Mr Benjamin Titecomb beforementd Oath to his deposition on the Same paper, and to be used together. And as Your memorialist had the greatest Reason to think his life in danger, and as he could not receive the desired support from the Justices of the County, he tho it his duty (after deputiseing a Suitable person to act for him in the Custom House) to repair to Boston and pray the protection of Your Excellency.

He therefore Humbly prays That Your Excellency would be pleased to consider the distressed situation of Your Memorialist, his Wife, and family, who he has been obliged to leave at Falmouth, and that your Excellency will be
pleased to grant him such Relief as in your Wisdom you may judge the nature of his case calls for, And as in duty bound shall ever pray &c.

Boston November 27th: 1771.

Mr. Savage attending the Governor & Council further saith that he Certainly knew Jonathan Armstrong & Stone Masters of Vessels Living in Falmouth to be of the Company Mentioned In this Memorial, and that he verily Believes Thomas Sanford a Master of a Vessell was the person who presented the Pistol to his Breast — and that the reason Assigned by One of the Justices of the Sessions for not Admitting his Nephew William Savage to his Oath was, because the deposition Might possably be sent To the Commissioners at Boston and by them be sent to England the Consequence whereof Might be fatal to the Town — he further said that Collonel Powell & Mr. Bradbury two of the Justices said that If Mr. Wm Savage was Admitted to his Oath, that Mr. Benj Titcomb should Likewise that they might appear Together

Proceedings of the Council Regarding the Riot at Falmouth.

At a Council held at the Council Chamber, in Boston, Wednesday November 27th 1771. Present His Excellency Governor Hutchinson John Erving Willm Brattle James Bowdoin Esq* Tho* Hubbard Harrison Gray James Otis James Pitts Esq* Stephen Hall
His Excellency communicated to the Board, a Letter from William Tyng Esq' Sheriff of the County of Cumberland, to him, dated the 4\textsuperscript{th} Instant, together with a Copy of a Letter from Arthur Savage Esq' Comptroller of his Majesty's Customs, at the Port of Falmouth, to the Commissioners at Boston with their Letter to his Excellency the Governor thereupon, and said Savages Memorial to him; all relating to a violent Assault upon the Person of the said Savage, by sundry of the Inhabitants of the Town of Falmouth, on the Evening of the 12\textsuperscript{th} Current, as particularly set forth in the several Papers aforementioned; when a Motion was made for M' Savage's Attendance who was accordingly sent for, and being asked whether he knew any of the Persons, concerned in the Riot? answered that he certainly knew Jonathan Armstrong and Stone, both Masters of Vessels, living in Falmouth, to be very active therein, and that he believed Thomas Sanford of Falmouth aforesaid Mariner, was the Person who presented the Pistol to his Breast, as mentioned in his Memorial. He was further asked whether he knew the Reason why the Justices of the Sessions then sitting refused to admit his Nephew William Savage to his Oath; to which he answered that one of them said, the Deposition might possibly be sent to the Commissioners at Boston, and by them to England, the Consequence whereof, might be fatal to the Town, he added that Col'o Powell and M'r Bradbury, two of said Justices, said, that if M'r Savage was admitted to his Oath, M'r Benjamin Titcomb, ought likewise to be admitted that they might appear together.

Whereupon it was advised that his Majesty's Justices of the Superior Court, now sitting in Boston, be desired to attend the Governor and Council, of which they were made acquainted by the Secretary; they attended accordingly when his Excellency informed them of the whole of this matter; They expressed their to do all that was incumbent
on them to bring the Rioters to Punishment, & desired the Complaint might be laid before them, which was advised to, and laid before them accordingly.

Ordered that the further Consideration of this affair, be referred to the next sitting of the Council.

Att. Jn. Cotton D. Scцry

To the Right Honourable the Lords Commissioners of His Majesty’s Treasury

The petition of the Proprietors of the Kennebeck Purchase lying in the County of Lincoln in the Province of Massachusetts Bay. Humbly Sheweth,

That your Petitioners are Proprietors of a large Tract of Land lying on each side of the Kennebeck River: their Title to which appears by the paper annexed No. 1, which they humbly submit to Your Lordships Consideration, together with a State of Facts relative to the said Tract, No. 2.

That in the Patent & Deeds from which your petitioner’s Title is derived, there is no Reserve of White pines suitable for Masts for the Royal Navy, nor any other Reservation whatever, except a certain part of the Ore of the Mines of Gold & silver which shall be had & obtained within the Premises, & which shall be for, or in lieu of all services & Demands whatsoever.

That as they have the Property of the White pine Trees growing on the said Tract, so they are not disturbed in that property by any of the Acts of Parliament made for the preservation of white pines in America suitable for Masts for the Royal Navy. And this it is humbly apprehended will appear by the Extracts from the said Acts hereunto annexed, No. 3.
That knowing of what Importance it is, that there should be a supply of Masts for the Royal Navy, they have to the utmost of their power endeavoured to preserve the White pines growing on the said Tract and they have been influenced thereto by their own Interest also: it being much more beneficial to reserve such Trees for the use of the Navy, than for any other use whatever.

That the Means necessary for procuring such Masts there, could not be had before the said Tract was in a considerable degree settled.

That the settling it, besides the granting away many thousands of Acres of Land on no other Condition than of Settlement, has already occasioned to the said proprietors an Expence of above Eight Thousand pounds Sterling since 1749 besides a large sum that has been expended by Individuals of them.

That from this Expence & their great Exertions they have hitherto reaped no Benefit: and it will be many Years before they can expect any, unless the Mast Trees can be made to procure it for them.

That the Benefit of those Trees they are deprived of by the Agents of the Mast Contractors, who under the pretence that they grow in the King's Woods take them away at pleasure.

That the said Agents could not have procured those Trees without the means furnished them by the Petitioners by the Exertion & Expence abovementioned: And now it has become practicable by those means to procure Masts on the said Tract they are unjustly endeavouring to engross the Advantage of it to themselves. One of the said Agents, Mr Perry, lately had an Interview with one of your petitioners and was informed that your petitioners would allow his getting Masts provided a reasonable Compensation was made for them: and it was proposed to him that the Masts should
be procured for him at the same rate the late Contractor Mr. Henaker allowed for them, but he said they would turn out too dear to the present Contractor: whereupon he was told it was unreasonable to make an extra profit for the Contractor at the Expence & to the great Damage of Your Petitioners.

That the persons employed by the said Agents having no Interest in the Soil & its Growth, are wholly regardless of the Damage they do to either: and through ignorance or to make Advantage by it cut down many Trees unfit for Masts for the Navy which they afterward convert into Lumber thereby making great Destruction of the Timber to the great Detriment of your Petitioners.

That for the redress of these Grievances they have applied to Governor Wentworth Surveyor General of the Woods, but His Excellency has informed them his Office being only executive he could grant no redress; & proposed (in a manner that does Honor to his politeness) that the Matter should be settled by a Judgement of Court in a Suit to be brought for that purpose.

That the entering into a Law Suit having the appearance of refusing the Masts for His Majesty's Services (I would probably be so represented by the said Agents) & being ready to accept a reasonable Compensation for them, Your Petitioners choose rather to lay their Case before your Lordships, humbly praying your Lordships to take the same into Consideration, & grant or procure them such relief as in your great Wisdom you should think fit.

Boston New England 18th December 1771
Sir

I take the liberty to inform your Excellency that I had the honour of receiving yours of the 21 instant, and that I am extremely sorry (as you expected it) that I did not wait on you; I will therefore, as near as I can, give you an account of my proceedings since I had the pleasure of seeing you.

Immediately after, I set out for Portsmouth and at my arrival waited on his Excellency Governor Wentworth in consequence of my 6th and last Instruction, which enjoins me to obey such other Instructions as I shall from time to time receive from the Surveyor General. I soon found after I left Boston that the Summer was the most improper time for inspecting the Woods. The Surveyor General pointed out to me the impropriety of such an attempt; that the Flies &c would be very troublesome, and that the Country people born on the skirts of the Woods durst scarce ever make such attempts. However that no reflexion might be cast on my Conduct, I took the liberty to inform him, if he thought proper, I would try whether they would have the same effect on me — this his Excellency willingly assented to, and prevailed on Colonel Bagley (who is personally known to you Sir) to accompany me. We accordingly set out for Kennebec and soon arrived at Doctor Gardiners at Cobbiseconta (from a Report I received that the Banks of that Stream abounded with good Oak Timber) The Doctors Son made one of the party, we landed and found some Oak Timber — had not long been on shore before I was too sensible of the Surveyor General's kind caution; the flies had such an effect on me, that after my arrival at the Doctors, I found myself somewhat indisposed, and therefore was obliged to return. That no time might be lost, and from experience
finding that tis much easier to prevent than remedy, I determined to send the Colonel to the Eastward to remove any prejudices that the people might entertain from my appointment. He set out accordingly and I have the pleasure to inform your Excellency that it fully answered our expectation. The people in general were prepossessed with very strange notions one of which was that I was coming down with an arm'd force to dispossess them, and burn their Mills. As soon as the nature of my Commission was explain'd to them their prejudices vanished and they wished to see me. Immediately after the Colonel's return I hired a Vessel and engaged him to go with me; Before we sailed I received from the Surveyor General Instructions to confine myself, in this Expedition, to the Sea Coast and Rivers; This appeared to me to be a well concerted scheme tending much to prove his great knowledge in whatever is necessary for the preservation of his Majesty's Woods. We sailed for Gouldsborough, arrived and went on shore but could not make any important discovery. We sailed from thence for Eastern River, Blue hill Bay and Penobscot; At the latter place, the commanding officer (Colo Goldthwait being at Boston) afforded us every assistance in his power. We sailed up the River and anchor'd off the mouth of Condeskeeg Stream. Captain Fletcher accompanied us and informed me that the Indians was very desirous of seeing me—we saw one and had a conference. I desired the Captain to acquaint him that I should have occasion frequently to employ them as guides in exploring the Country. That his Majesty required all the large Trees for Masts &c for the Royal Navy and nothing would recommend them more to his Majesty's notice and protection than their affording me every assistance & information in their power; went on shore and walked some miles about the Woods. The best Pines, tho' not extraordinary, we found near this stream. I fully intended paying the Indians a visit and prepared accordingly, but was pre-
vented by the heavy rains which fell the day before. We sailed and Anchor'd in Kennebec River and observed with the greatest circumspection the appearance of the Woods, and are of opinion that very few pines near the Sea shore, are fit for Masts &c &c for the Royal Navy. I cannot pretend to assert at what distance from the Sea they are good, this must be left to a future inspection. I shall consult the Surveyor General respecting my report, and your Excellency may depend on having an exact Copy. In my report I shall be careful not to mention anything but what myself or Deputy have seen, little dependance is to be placed on the peoples account of the state of the Country. The internal part now claims my attention; I have therefore ordered a party for that purpose, from whose diligence and activity I form the greatest expectations. As my District has an extensive Sea Coast, and a very great part not inhabited, I therefore wrote to their Lordships for a Vessel of thirty Tons and a flat bottom Boat, and am in daily expectation of their Lordships Order: In which I took the liberty to inform them of your Excellency to the following effect, "As part of my District is the Eastern part of Mass* Bay I therefore conceived it consistent with my duty to wait on his Excellency Governor Hutchinson to apprise him of my arrival and to procure the best information of the state and limits of the unclaimed Lands; His Excell* received me with the greatest civility, enjoyned the Civil and Military power to be aiding and assisting—that I might depend on his protection and consult him in all matters relating to my office within his Government."

I entreat your Excellency's pardon for the liberty I have taken and assure you that I shall on every occasion be happy in convincing you how much I am with the greatest respect Your Excellency's much obliged and obedient humble Servant—

My Lord

The Proprietors of what is called the Plimouth Patent, being a Tract on each side the River Kennebec, have applied to me to transmit to the Lords of the Treasury a Petition and Proposal relative to the Masts within the Patent. I acquainted them that it was most regular for me to transmit it to your Lordship and to submit to you the presenting it, that I should say nothing concerning their Title — which is a Subject of Controversy in the Courts of Law here and which was revived about the year 1750. I am bound to observe to your Lordship that the whole of the Western side of Kennebec River is included in the Patent to Sir Ferdinando Gorges and although this Patent was dated after that under which the Kennebec Proprietors claim from the Council of Plimouth yet it is founded upon a patent or patents from the same Council of a prior date to that of the Kennebeck Proprietors.

The history of the Country East of Kennebec your Lordship is well acquainted with. This Tract as well as the Country East of it, settles with great rapidity and one of the Proprietors acquaints me that 150 new families are going out upon it the next Spring.

Mr Scammell is returned from his survey of the Eastern Country and had what assistance he desired from Fort Pownall. He is now at Portsmouth in New Hampshire. I have wrote to him to remind him of making some return to your Lordship but have received no Answer.

In consequence of a Warrant from the Chief Justice two of the persons concerned in the Assault upon the Comptroller at Falmouth have been apprehended & by a Justice of Peace there recognized in a sufficient Sum with Sureties for their appearance to answer at the next Assizes and upon
information brought to me of the names of five or six others concerned I have directed the same Justice to proceed with them in like manner and I hope they will all be brought to exemplary punishment.

Being still without Letters from your Lordship I have thought it for his Majesty's Service further to prorogue the General Court to the 19th of February

I am with very great respect My Lord Your Lordship's most humble & most obed' Servant

Letter, Dr. Franklin to Hon. Tho' Cushing & Committee

London Jan'y 13, 1772

Gentlemen,

On my Return from a late Tour thró Ireland and Scotland for the Establishment of my Health, I found your respected Letter of June 25, with the Papers therein referred to relating to the Townships settled eastward of Penobscot River.

I immediately waited on M'r Agent Bollan, to consult with him Agreeable to your Instructions; who inform'd me, that in my Absence he had by himself thoroughly considered the same, having formerly had Occasion to be well-acquainted with the whole Affair; and had suggested to his Constituents the Council a Plan of Accommodation, to be propos'd to Government here if they should approve of it, and that he hoped by the Meeting of Parliament (before which little Publick Business is done here, so many of the Lords of the Council being out of Town) he might have their Answer; and it would otherwise be to little Purpose to attempt any thing sooner. I make no doubt but the Proposal has been communicated to the House of Representatives if they have since had a Meeting, and that we may soon receive their farther Instructions thereupon.
The Town now begins to fill, the Members of Parliament & great Officers of State coming in daily to celebrate the Queen's Birthday, & be present at the Opening of the Session, which is fixed for next Tuesday. It is given out that nothing relating to America is likely to be agitated this Session; i.e. there is no Purpose either to abrogate the old Duties or lay new ones. For the first I am sorry, believing as I do that no Harmony can be restored between the two Countries while those Duties are continu'd.

This with the other Aggrievances mentioned in your Letters of June 29 & July 13, your Agents will constantly attend to, and take every Step possible in their present Situation (unacknowledg'd as they are here) to obtain the Redress that is so justly your Due, and which it would be so prudent in Government here to grant.

In yours of July 9, it is mentioned that the House desire I would annually send an Account of the Expence I am at in carrying on the Affairs of the Province.—Having Business to do for several Colonies almost every time I go to the Publick Offices and to the Ministers, I have found it troublesome to keep an Account of small Expenses, such as Coach & Chair Hire, Stationary, &c. and difficult to divide them justly. Therefore I have some time since omitted keeping any Account or making any Charge of them, but content myself with such Salaries, Grants or Allowances as have been made me. Where considerable Sums have been disburs'd, as in Fees to Council, Payment of Sollicitors Bills, & the like, those I charge: But as yet I have made no such Disbursements on the Account of your Province.

Please to present my Duty to the House of Representa-
tives, and believe me to be with great Esteem & Respect Gentlemen, Your most obedient hum' Serv'

B Franklin
Gov' Hutchinson to the Earl of Hillsborough

N° 21

Boston 31st Jan'y 1772

My Lord

It is my duty to acquaint your Lordship with every material occurrence relative to the Country East of Kenebeck.

I have been informed, within a few days past, that a person has taken possession of a small Island a few leagues from Fort Pownall and not claimed by private persons where he found great quantities of Limestone and soon after sold one half of the Island, the whole not exceeding 17 acres, for One hundred and fifty pounds sterling and the partners have burnt the last year four or five hundred hogsheads of Lime for a Market. The people have at all times been capricious in the choice of new settlements; the present caprice is to this part of the Country, and I expect a very great increase of Inhabitants there in the course of the next summer unless I am enabled to check it by some other aid than that of the General Court.

Except in this town, there is now a general appearance of contentment throughout the Province and, even here, the persons who have made the most disturbance are become of less importance. A Gentleman who has assisted them much by his money and by the reputation which his fortune gives him among the people seems weary of them and I have reason to think is determined to leave them. The plain dispassionate pieces in favour of Government which are now published with freedom in our News papers and dispersed through the Province have done great Service.

I have the honour to be most respectfully

My Lord Your Lordship's most humble

& most obedient Servant

Petition of the Inhabitants of Boothbay.

To His Most Excellent Majesty, George the third, by the Grace of God, of Great Britain, France and Ireland King, Defender of the Faith &c. &c.

The Petition of the Subscribers, inhabitants of Boothbay in the County of Lincoln and Province of the Massachusetts Bay, Most Humbly sheweth,

That many of us the Subscribers and the Ancestors of others of us, in the Year of our Lord one thousand seven hundred and thirty one, were settled on the lands in said Boothbay (then called Townsend) by Colonel Dunbar, who acted by Commission from the King, whose encouraging proposals, published in his Majesty's name, induced us to leave our habitations in the Western parts, and venture into this then howling wilderness, on what we thought the Royal word.

That, the said Dunbar settled us as tenants holding said lands immediately under the Crown, promising in his Majesty's name, upon demand, to give us deeds, under the King's Seal, of any quantity of Land, less than a thousand acres each, as might be desired by each settler, (next adjoining to the two acres he then laid out for each, in fee simple for ever.

That, having thus, as we thought, the promise of our King, we proceeded to build us little huts and to clear and cultivate, as we were able, an inhospitable desert, in the midst of Savage beasts, and yet more savage men: and altho' the said
OF THE STATE OF MAINE

Dunbar's power, was, some years thereafter, superceded, yet judging that all his publick Acts of office must necessarily have had the Sanction of the Crown as long as his said Commission was not revoked; and nothing doubting but his Majesty's Royal justice would ever defend, to his dutiful Subjects, the rights and possessions which his Royal Authority had conferred, we still continued in possession of said lands; tho' always oppressed with every kind of hardship horrible to humanity on earth; at the distance of near two hundred miles from any market; without any of the conveniences of trade or navigation; often without any other sustenance than a little Shell-fish called Clams, which, dug out of the mud at low water, was our only food, and water from the brooks our only drink for many weeks together; without any convenient houses, and often without any convenient clothing to defend ourselves and families from the inclemency of our severe winters; kept in continual alarms by the savage enemy, who ranged the wilderness all around, and who, in the year 1745, broke forth in such numbers, and carried on their murders, burnings, and depredations with such violence, as totally routed our whole settlement, and forced us to seek shelter for ourselves and families at near two hundred miles distance; where all our little substance was soon spent in the maintenance of our families so far from home.

That, four years after, when the rigor of the war was abated, we again ventured back and resumed our old possessions, tho' in circumstances rendered still more distressing by the losses and damages sustained by our so long banishment; whilst the murders frequently committed on our neighbours kept us in continual terrors; ever under arms; and, on every new alarm, obliged to pen up our families in a little Garrison of our own building and our own defending, no assistance having ever been given us by the Government, either for sustenance or protection; tho' numbers of our men
were called into the Provincial Army, and sent to the defence of other places; whist scalping or captivity was frequently the fate of some, and ever the expectation of us all.

That, matters continuing thus with us 'till the late peace with France, our settlement was then in most forlorn circumstances; but that happy event encouraged us to resume the cultivation of our lands, and soon changed the face of our affairs; for, tho' utterly neglected and disowned till then, no sooner was the peace of these parts secured by the cession of Canada, than we began to be harrassed with enemies of a new sort, swarms of persons pretending themselves proprietors of our lands, infested us from divers parts of the Country, demanding the possession of said lands and threatening us with prosecutions and utter ruin if we refused.

That, said Proprietors (so called) were opposite to one another as well as adverse to us, claiming by pretended Indian deeds, ancient occupations, and other pretences never before heard of, none of which deeds have ever been approved by the General Court, nor any of the said claims justified by a course of law:

That, tho' our lands are naturally poor, much broken with rocks, and fitted chiefly for grass, and hence, to this day, scarce any of us can raise the necessary provisions for more than a few months in the year, yet as we know not where to seek a place of residence for ourselves or families, on this side the grave, if we should be driven from these our Ancient possessions, therefore the said Proprietors, by threats prevailed on some, and by promises cajoled others of us so far that several have bought their lands three times over, from three opposite setts of competing claimers; none of whom have ever done anything to defend us from the others, and all of them still leave us open to the challenges of we know not how many more; by one or other of whom we are daily threatened and disturbed.
That, your Petitioners have applied to the General Court to be quieted in our possessions, but hitherto without effect; and it being now publickly rumored that various persons, around your Majesty's throne, are applying for grants of the Eastern lands in this Province, with design of reducing the Settlers to rack rents on leases of years, or turning them off entirely, we are thereby put into great fears lest, our true case being unknown to your Majesty, the said lands should be granted to some others, and so your Petitioners be reduced to utter ruin.

That, notwithstanding all our distresses, by the blessing of God, we are still preserved, and our numbers increased; in the year 1764 we were incorporated into a Town, by the name of Boothbay; in the year 1766 at our own sole charge, we erected and finished a convenient Church, settled a Gospel Minister, and still endeavour to support the cause of Christianity amongst us; and to contribute, from time to time, as required, our full proportion towards defraying the Expences of Government, tho' we still live very poor; many of us, some part of every year, being almost quite destitute of the necessaries of life, and few, if any, having any other subsistance for ourselves or families than by cutting down fire-wood and carrying it to Boston.

That, your Petitioners beg leave to assure your Majesty, that the above is a relation of facts strictly agreeable to truth, and that, without any exaggeration, much more might be added, as by the depositions accompanying this Petition may more fully appear; and we hope it may not be deemed unseemly arrogance to add, that we are as truly loyal, dutiful, and affectionate Subjects, as any others in your Majesty's Dominions, that we have never taken part in any of the seditious proceedings, for which many in the Provinces have rendered themselves justly obnoxious to your Royal displeasure, having never had a representative in the General
Court, and having positively refused to send one to the convention of deputy's that met in Boston whilst the Court was under sentence of dissolution; and having ever signified, in our little sphere, our abhorrence of all steps, by whomsoever taken, in opposition to lawful Authority.

Therefore, as loyal and affectionate Subjects to the best of Kings, who have (many of us) for more than forty years, without aid from any but Almighty God, possessed and defended a remote part of your Majesty's Dominions, which we first entered and have ever since held in dependence on what we thought the promise of your Majesty's Royal Grandfather by his representative, and which promise we still esteem equal to any Sealed Charter; as Protestants, decended from Ancestors many of whose lives and fortunes have been sacrificed in the cause of religion and the Royal House of Hanover, and who are still prompt to prove themselves not unworthy to be called their Sons, by standing ever ready to devote our lives to the defence of your Majesty's Royal person, family, and Government; Permit us Great Sire, to cast ourselves, our Wives and helpless little ones, at your Majesty's royal feet, humbly to implore a share in that Princely tenderness, that so strongly bespeaks a father's heart to all that have the honour to meet the notice of your Royal mind; and earnestly to beseech your Majesty to take our case into your most gracious Consideration, and to grant to us, our heirs and Assigns a Quietus in our several possessions, in said Boothbay, in such way and manner as, to your Majesty, in your royal wisdom and goodness, may seem meet; And your Petitioners, and their Posterity, to the latest generation, in gratitude for a favour, to which We and they must be indebted for their very beings in the world,

As in duty bound, shall ever pray

To His Exelency Thomas Hutchinson Esq' Cap' General and Commander In Cheiff In and Over His Majestys Province of the Massachusetts Bay — To the Hon'b His Majestys Councill and House of Represtitives. In Generall Court assembled

Humbly Shews: Samuell March of Scarborough in the County of Cumberland in said province — That the said Town of Scarborough have Ever Shewn their willingness to Bear their full Share of the Expences of Government in all Respects according to their abilitys and have not failed to Send Some person to Represent them in the Greate & General Court more than one or two years in Twenty years Last past — Excepting the years 1770 and 1771 (which Defect if any) your petitioner is Verry Sure was not owing To any
Slight of privelidge or unwillingness in his Constituents to pay their full Share toward the Support of Government—but So it was that as their was no one present that Could Represent the Distrest Circumstances of said Town to your Exelency & Honors in its True Light, when those matters were Considered by the General Court the Said Town was fined for their aforesaid neglect the Sum of ten pounds for the year 1770—which hath been allready assessed on the Inhabitants of said Town and also the further sum of fifteen pounds for such neglect in the year 1771 which has not yet been paid—and as said Town of Scarborough has of Late been not only at Greate Expence In Setling a minister and also at the Expence of pay for two ministers for a Long time together the settled minister being unable to attend on the work of the ministry—but the said Town has been also and Stands Obliged to pay allmost five hundred pounds Lawfull money within a few years Last past a Second time by means of Defective Collectors near three hundred pounds thereof being Not yet paid—Besides the said Town of Scarborough have Verry Lately Expended the Sum of One hundred pounds more for Repairing the meeting Houses in said Town: adding also the Verry Greate Loss the Said Town has Sustained by the Late terrible fire which Raged in Said Town To Such a Degree that many of the Inhabitants thereof Suffered Greate Loss thereby which they have not yet nor is it Likely they will for a Long time Recover altho the General Court in their Greate Goodness and Compassion was pleased to make them a Verry Considerable Grant for the then present Releif of Some of the unhappy Sufferers thereby

Wherefore your petitioner Most Humbly prays your Exelency and Honors To take the Several matters in the above representation of facts Into your wise Consideration and Remitt to the Said Town the Several fines above mentioned

\textit{Objection against the Petition.}

To his Exellency the Governor, The honorable Council And Representatives of the Province of the Massachusetts Bay in New England in general Court assembled—
The Petition of the Inhabitants of Narragansett No 1 in the County of York is most humbly presented

In Objection against the Petition of a Number of the Proprietors of this Place for the Incorporation of it into a Town, we beg leave to offer to your Wisdom & Lenity the following Considerations

We perceive ourselves unable to bear any further Taxes (except a far Minor Part of Us) by Means of our Debts,
And the unavoidable Difficulties of feeding & Clothing our Families in this infant-Settlement: Furthermore,

We pray your Excellency & Honors to Consider the Township Consists of 120 Rights & That the Petitioners for an Incorporation are only three or four, & they not Owners of more than six or seven Rights.

The Bounds between this Place & Gorham & Scarboro are not Settled. These Towns regard not the Line run by a Committee of a former general Court 8 or ten years past. We Sued them at law for Trespass within said Line, & also for the Title to the Land & lost about 5 or £600 old Tenor, & recovered Nothing. Should We be incorporated in this unsettled & quarrelling Condition, We know not what Loss & Sufferings we may meet with. Some of the largest Proprietors of the Township are by no means desirous of an Incorporation in this state, & one of them was a Signer to the Petition for the Corporation before He had weighed this matter, & therefore repents what he then so immaturely acted. Some Families from Scarborouh are now on the Gore, so called, a Strip of valuable Land Containing twelve Lots which are within the Line aforesaid run by the general Court. these Lots, if lost, must be a great Loss to the Proprietors, as well as to Us the Inhabitants of the Place. And Gorham Claims 40 Rods within said Line upon the Seven miles long. And besides this, that is, granting the said Line to stand good, Gorham will have about 70 Acres more to a Right than we have, whereas they ought by the Grant of these Townships to have been No longer than We. Considering these great Disadvantages, & that there are not as we know of four Men In the Place who desire an Incorporation, We humbly hope It will not take Place. We therefore most earnestly beseech your Excellency & Honors that we may not be incorporated till our Limits are finally adjusted, & we more able To bear the Expences & Charges of a Town by
granting This Petition, you will lay Us under new & great Obligations, as now in Duty bound, ever to pray &c

Memorial of the Associated Ministers of York.

To his Excellency Thomas Hutchinson Esq Governor The honourable his Majesties Council; and The honourable House of Representatives of The Province of the Massachusetts Bay.

The Memorial of the associated Ministers of the County of York humbly sheweth:
That many of the new Settlements in the Eastern Parts of this Province are without the Preaching of the Gospel; and by Reason of their Poverty, and other Difficulties they labour under, are unable at present to settle and maintain a learned and Orthodox Ministry, as by the Law of this Province is required,

That unless some Provision be made for their Instruction, they must remain for a considerable Time in a great Measure destitute of the Means of Religion; and in danger of loosing the Knowledge and Sense of their Duty to God, and their King, and one another; and sinking into Ignorance, Irreligion, and all Manner of Disorder.

That it appears to your Memorialists that it must be in many Respects for the public Emolument, as well as the temporal and religious Interest of these new Settlements, that some speedy and effectual Measures be taken for the Preservation of Christian Knowledge and Virtue, among those scattered Inhabitants of the Wilderness.

Your Memorialists therefore beg Leave, to lay the Premises before Your Excellency and Honours, in Confidence of your paternal Care for the Advancement of Religion, and the Welfare of this Province; and humbly to propose to the Consideration of your Excellency and Honours, whether the providing of one or more Missionaries for the Instruction of those destitute People, be not a Matter of public Concernment, that the Knowledge and Sense of our holy Religion may not be lost among them

And your Memorialists shall ever pray &c

No. 6 Boston 13th November 1772.

My Lord

Having received a letter from Mr Goldthwait Commanding officer of Fort Pownall and of a Regiment of Militia in
the Eastern part of the Province I take the liberty to cover a copy as an addition to the state of that Country which I have already sent. Upon a review of your Lordship’s directions I find that I have not fully complied with them, having made no mention of my opinion upon the steps proper to remove the difficulties which have hitherto obstructed the regulation of the settlements there.

The inducement to people to flock from the settled parts of this Province and New Hampshire and to prefer the Sea coast and Islands and Rivers there to the inland parts of either Province is the profit which arises from the pine and Oak Timber which, being near the Sea, is purchased of the Settlers for transportation to Europe or for the supply of the Inhabitants of Boston Portsmouth &c. A very great quantity has been carried to England and the King has paid no inconsiderable sum as a bounty for bringing away his own Timber without his licence. As the settlers increase this mischief increases. A restraint therefore from further settling seems to be the first steps necessary, and this would effectually be made if all Timber cut there wheresoever carried, was made liable to a forfeiture; but this would take away the present means of support from a thousand or fifteen hundred families and make most of them, for some time, miserable, and would also be sensibly felt by the Seaport Towns of both Provinces which have their principal supply of fewal from this Country. The Assembly I think without any good reason have repeatedly refused their aid in order to restrain these unjustifiable settlements and there is no prospect of their agreeing to such measures as may answer His Majesty’s purpose. It seems therefore necessary for the preservation of His Majesty’s interest the Country should be subject to His sole direction. To effect this an offer may be made of the Lands West of Merrimack River which were taken from this Province by the new boundary with New Hampshire in 1737
as an equivalent for the Country East of Kennebeck. Or the absolute property of the Country West of Penobscot may be vested in the Province provided all claim be relinquished to the Country East of Penobscot and if the line of the Province of Main might be allowed to run from the head of Newichewanock River, North West instead of North two degrees West, as I conceived it ought to run until His late Majesty in Council otherwise determined, this would not, being added to the Lands, West of Penobscot, make more than an equivalent for the Lands East and would make the proposal more likely to be accepted. In the Grant to Sir Ferdinando Gorges the line upon the Sea Coast is said to be Northeastward when the course of the Seacoast, which was then well known, is Northeast, and the plain intent of the patent seems to be a Tract of 120 miles square & that being the length upon the Sea, upon this construction the other three sides would be equal.

I cannot answer for a compliance with any proposals whatsoever but one advantage will arise from them. A refusal will facilitate and render unexceptionable a Parliamentary consideration the only remaining step, which will be absolutely necessary and which the repeated refusal to take proper care of this Country may, alone, be sufficient to justify.

Province of the Massachusetts Bay To his Excellency
Thomas Hutchinson Esq' Captain General and Commander in Chief in and over said Province
To the Honorable his Majesties Council and House of Representatives in General Court assembled, January Anno Domini 1773 —
The Petition of the Proprietors of a certain Tract of Land situate in the County of Lincoln in said Province at or near a Place called Pemaquid in the Eastward Parts of said Province granted by the Council of Plymouth in great Britain in the Year One Thousand Six hundred and thirty one, To Robert Aldsword and Giles Elbridge, known by the Name of Pemaquid Lands humbly sheweth —

That your Petitioners and their Ancestors, and Others whose Estate in the Lands aforesaid they now hold have been at great Pains and Expences in making Surveys Plans and Divisions of the Tract of Land aforesaid, and in bringing forward Settlements and making improvements there, and in many other Ways, in managing, ordering, and disposing the Affairs of said Pemaquid Propriety or Company, for a Course of Thirty Years past —

That in the Course of these Transactions, they have frequently voted to raise Monies for necessary Purposes relating to said Propriety, and have ordered such sums to be laid and Apportioned on the several Proprietors, according to each Proprietors Interest in the Land and to strict Equity — And they have stated Accounts, paid and received Monies and done other Things as appears in the Companys Book of Records and in the Company's Book of Accounts —

But in some Instances, through Error and want of Information in the Law, in Voting sums of monies to be raised, and in forming Assessments of those sums upon the Proprietors they have not as they are now advised conformed in all things to the strict regulations of the Law, tho' they have in all Respects conformed to the Principles of Equity and good Conscience, as they shall be able fully to prove to the Satisfaction of this Honorable Court or any Committee thereof, upon Inspection of their said Books of Records, Proceedings and Accounts —

That some of said Proprietors have not paid their respect-
ive Quotes, and Proportions of the Expenses and intended Assessments aforesaid but are considerably in Arrear. But on Account of the Irregularities aforesaid your Petitioners and the said Company are informed that they cannot proceed to collect and lay said Quotas or to make sale of the Lands of said delinquent Proprietors, for the Payment of their just Proportions aforesaid, which are still in Arrear, and unpaid, without great Hazzard of Lawsuits and Perplexities both to your Petitioners, and the delinquent Proprietors aforesaid.

Wherefore your Petitioners humbly pray the Interposition of this Honorable Court, for the Ratification of their past Proceedings, and that the said Company or Propriety may be impowered to proceed to collect and levy, the said Sums that are still in Arrear by sale of the delinquent Proprietors Lands, or otherwise According to Law; any want of Conformity to the strict Regulation of the Law, relating to the Votes, Assessments, Proceedings of Proprietors of common and undivided Lands, notwithstanding: and your Petitioners as in Duty bound shall Pray —

Petition of Selectmen of North Yarmouth. 1773.

To his Excellency the Governor and the hon'ble the Council of his Majestys Province of the Massachusetts Bay in New England at their Session in May 1773

The Petition of the Selectmen of the Town of North Yarmouth, on behalf of said Town Humbly Sheweth

That one Edward Doring, a transient Person, formerly a native of Ireland, Some time in July last came to said Town, and on or about the last of the same Month was taken sick at the House of Capt'n Solomon Loring, Inholder in said Town; whereupon said Loring finding him to be a person of no property, made application to the Selectmen of the Town, to provide for his Nursing and doctoring, and the Selectmen gave Orders to said Loring to provide accordingly —

That on the 20th of August the said Doring died there, and said Loring has debted the Town for Nursing doctoring and funeral Expence, as by the Attested Accounts accompanying this Petition may appear £4: 19: 4. Lawful money

That the Selectmen, on behalf of the Town, have taken pains to inform themselves of the circumstances of the said Doring, & can't find by all their enquiries that he had obtained a legal Settlement in any Town within this Government; nor can they find that he has left any Estate, real or personal towards defraying the Charges of his Sickness and burial —

Wherefore your Petitioners pray, that said Sum of £4: 19: 4. may be refunded to the Town of North Yarmouth out of the Province Treasury, and Orders given for that Purpose, agreeable to the Law of this Province in such Cases made and provided —

And your Petitioners, as in Duty bound shall ever pray —

Deposition.

Stephen Holt of Lawful Age Testifieth & Saith That he was one of the first Settlers in a Township Granted to Capt'n John Lovewell & others known by the Name of Suncook.— That the Grantees with great Labour & Expence brought forward their Settlements Soon after the grant of s'd Township was made Notwithstanding the opposition made by the Proprietors of Bow who Claimed a Tract of Land by Virtue of a Grant made by the Government of New Hampshire of the Contents of Twelve miles Square which Included Suncook & was made near the Time of the Massachusetts grant — That they were Encouraged by the People of the Massachusetts Government to Perfect their Settlements Notwithstanding the opposition made by Bow & Accordingly Persevered in their undertaking & Endeavoured to Defend their Rights in the Common Law of New Hampshire when many of them were held to Answer there by Process or be Defaulted —

That many Actions were Continued from Term to Term till the Defendants were almost Ruin'd — That the Proprietors of Pennicook being under like Circumstances (saving only that Pennicook was purchased with money & Suncook was the Price of Blood) Apply'd to the great & General Court of the Massachusetts Province for Relief & obtained a grant of One hundred pounds Sterling to Defend their Cause in England and the Suncook Proprietors Embark'd in the Same Cause According to their Ability Contributed to the Pennicook Agent for his Aid to them in the Common Cause. But so it is though the Actions at home were Determined in some sort in favour of the Massachusetts Grantees yet the point of Property most Essential to be Determined was Carefully Avoided, and after this New Actions were Commenced So that the Proprietors of Suncook as well as those of Pennicook have been Continually Harrassed & Worried in the
Law from their Infant State 'till within these two or three years last past they have almost all of them, Purchased their Improvements & them only at an Extravagant Lay, and all the unimprov'd Lands Revert to the Proprietors of Bow.

The Deponent further Saith that he was an Inhabitant of Suncook for the Term of Ten Years & Since his Removal he has been Conversant with the Proprietors, been Concern'd in Defending Sundry Rights & that he has no Knowledge of any one of the Inhabitants having Received any Consideration from the Province of the Massachusetts Bay, nor from New Hampshire, on Account of their Loss in Suncook; but on the Contrary is well assured that there is not one Individual of s'd Prop's of Suncook but what has Sustain'd more Loss than Double the Value of his Right when Granted, and that many Others have been Entirely Ruined And were Obliged to part with their Farms Valued at more than £100 Sterling to Defrey the Charges of their Vexatious Law suits.

Petition of Noah Johnson & others

Province of the Massachusetts Bay To His Excellency the Governor, To the Honourable His Majesty's Council & House of Representatives in general Court Assembled  
The Petition of the Subscribers hereto Humbly Shews —
That in the Time of the War with the Indians called the three year War, Cap't John Lovewell and a number of Men under his Command Voluntarily Engaged in the Service of Their King and Country, and bravely Exerted Themselves therein, by Pursuing the Indians in the Wilderness, where They repeatedly met with & Destroy'd some of Them. And finally, viz on the 8th Day of May A D 1725. He with thirty four Men, met with a Large Body of Them at Pigwacket, and had a Long & very warm Engagement with Them in which He, and a Considerable part of His Men Lost Their Lives. But the Indians were so severely handled in this Engagement, It Struck Them with so much Terror, That the Government looked upon Lovewell & His Men so Eminently Serviceable by This & Their former Bravery, as That They were Worthy of Some particular Regard from the Publick — In Consideration whereof, The Government granted a Township of Wilderness Land at Suncook, To the Heirs of the said Cap't John Lovewell, To the Heirs of those of His Men that fell with Him in the Engagement, To those who Liv'd thro it, and to a Number of such Other Men as the Government then thought were the most Proper to be admitted with Those who had been in said Engagement, and to make a Suitable Society for the Settlement of a New Township —

That in Consequence of said Grant, and in Compliance with the Conditions thereof, The Grantees Settled said Township, Some by Their own Persons and Others by Their Assigns; And as no Body at that Time, had any Suspicion of Danger in the Title of the Land the People who Settled thereon, carried all the Interest They had in the World with Them, and Laid it out on Their Respective Rights, and therewith bestow'd a great deal of Labour with Their own hands to bring Their Lands to be Profitable to Them, Trusting that They and Their Posterity Should Enjoy the Fruit
of Their Labour without Interruption — But by the running the Line for a Divisional Line between this Province and the Province of New Hampshire, said Township was taken into the Latter — Soon after This, there came a number of Men and laid Claim to the same Land, Allucing it was a Township granted by the Province of New Hampshire to Them by the Name of Bow. — And from thence forward Sues for the Land, and so worried the Massachusetts Grantees and Their Assigns from Time to Time in Law, That they found Themselves obliged, either to leave Their Possessions or buy Them — And being in such an unhappy Situation, They knew not well what to do. Some bought the Lands They had Subdu’d & lived upon, but Others, who would not buy, were Intirely ousted of Theirs. So that upon the whole, the Massachusetts Grant has been Obliged (by the Laws in Hampshire) to give way to the Hampshire Grant, and the Township (by that means) wholly Lost to Those of the original Grantees who never Sold Their Rights, and in a great Measure to Those who Settled therein by Purchase. Some of the Latter having had some Considerations from those of the Original Grantees of whom They Purchas’d Their Lands, They did not wholly Loose Theirs, but as the Considerations They Rec’d were much Short of the Damages They Sustain’d, They were greater Losers than Those were that they Purchas’d of — But in Fact both are Losers, so there is become more than one Sufferer on one & the Same of many of the Rights in said lost Township — wherefore your Petitioners, who are some of the immediate Sufferers by said Loss take Leave to Pray, That in Lieu of said Township, your Excellency & Honours would be Pleas’d to grant a Tract of Wilderness Land belonging to the Province Sufficient for a Township, to Such of the original Grantees of said Township as are Living, To the Heirs of such of Them as are Dead and to Those who Settled therein by Pur-

chase, So that the same may be Shar'd among all the Loosers, in Proportion to the Damages They have Respectively Sustain'd; with Liberty to lay it out to the Eastward of Saco River, adjoining to the Northwardly part of the Township, granted to Benjamin Mullikin Esq and others.

Deposition of Benj'n Holt 1773.

I the Deponent aged Sixty four Years Testify & Say That I was the Lawful owner of the Substance of three Rights in the Township at Suncook which was granted to Capt John Lovewell & others — That I Settled upon a Tract of my said Land, and have lived in said Township about thirty nine years, and have been knowing to and have been a large Sufferer in the Loss of said Township, which has been recovered & taken from the Inhabitants who Settled therein under the Government of the Massachusetts-Bay, by a number of Persons, who Claim'd the greatest Part of it by virtue of a grant
(as They said) from the Government of New-Hampshire for a Township by the name of Bow — By the Proprietors of the Mason Patent and by the Proprietors of the Township of Chester. That I know of no Compensation being ever made to the Sufferers for that Loss, by the Government of Massachusetts-Bay or New-Hampshire, Except Ross Wyman, who (as I have heard) has had a Grant of some land from the Government of the Massachusetts-Bay in lieu of his Loss — Also That the Bow-Proprietors gave (as I have been told) the Late Rev'd Mr Whittemore fifty acres of the Land He was Settled upon, and to one Francis Doyne twenty acres He was Settled on in s'd lost Township — And as for my Self besides the loss of my Lands I have been put to greater Expence than I can readily tell having been Ejected out of two Tracts of Land by two Actions which were continued in the Law for about fifteen years.

Boston 26th October 1773 My Lord,

I could not obtain the Report of the Attorney and Solicitor General in 1731 until I had finished my Letter of the 16th to your Lordship; I have since met with it & perceive that it makes a distinction between a Country possessed merely by Conquest and a Country yielded by Treaty, & Supposes the Country between Kennebeck & Nova Scotia to fall under the first part of the distinction. I observed to your Lordship that I had no right from my Knowledge of the Civil Law, which has never been my profession to be positive upon any
point. I had always received it that whenever Lands which had been lost by Conquest though ceded upon a Treaty were recovered by the Crown or State which had lost them, the subject also recovered his private property. I have heard that the French many years after the Cession of St. Christopher's, & the Spaniards also after the Cession of Jamaica, made it their practice to devise the Estates they had formerly possessed in those Islands respectively. This must have been upon the principle of Jus Post liminii after the Country had been given up by Treaty. I recollect, on the other Hand, that the Duke of York had a Grant of what is now New York in 1664 & kept possession until 1673 when it was recovered by the Dutch. It was soon after restored or ceded to England by Treaty. The Duke thereupon took a new Grant which looks as if there was then some doubt of this doctrine of Postliminii in general, for in that Case there was no more than a Suspension of property only & not what the Report of the Attorney & Solicitor General calls an Extinction the Country never having been ceded to the Dutch by Treaty. I have supposed the Duke might take this new Grant Ex Abundanti & to remove all Exception or Cavil.

If I have been mistaken in my Notions of Postliminii & the yielding up a Country by Treaty extinguishes the Right which the Subject had in it, the Massachusets can have no just claim to the Country East of Penobscot, for though the Charter is of a later date than the Treaty of Breda yet it is of an earlier date than the Treaty of Ryswick when all that had been before ceded by the Treaty of Breda was again ceded or restored. This however will not effect the Country West of Penobscot because it was never ceded by Treaty, nor has ever been in possession of any Europeans except the English.

I am &c. Thos. Hutchinson.

To his Excellency Thomas Hutchinson Esq'r Cap't General & Governor in Chief in and over his Majestys Province of the Massachusetts-Bay The Honourable his Majestys Council,
and House of Representatives in General Court assembled

The Memorial of Samuel Freeman of Falmouth aforesaid Merchant, humbly sets forth That in the Year 1764 this Court granted a Township of Land near Mount Desert, to one Ebenezer Thorneike and others, That the Grantees of said Township have been impower'd to hold Meetings as Proprietors, and have employed Persons to run out the same &c — and thereby incur'd some considerable Charge, to pay which they have assess'd the several Rights in said Township, chose proper Officers to collect the same, but the Proprietors not having obtained the Kings Approbation of said Grant, they have not been able to collect the Monies so assess'd and the Persons to whom the Proprietors are in debt want their Money and one of them lately brought an Action against, and recovered Judgment and Execution, which Execution was put into the hands of an Officer, who there-with arrested your Memorialist, and though your Memorialist has a considerable Sum himself due from the said Proprietors, he was obliged to settle the same or go to Goal, which your Memorialist looks upon to be extreme hard and unequal — and their can never be an End of Lawsuits in this Way, for your Memorialist may also sue the Proprietors and upon recovering Judgment, may levy Execution on the former Plaintiff, being a Proprietor or any other, and they again may do the same, and so continue to the End of Time —

Wherefore, your Memorialist, humbly prays, that this Honourable Court would take the Premises into their mature Consideration, and provide some remedy for your Memorialist, that he as well as the other Creditors of the said Propriety may recover of the several Grantees their proportion of the several demands due from the said Proprietors in such a manner as shall put an end to said Demands, either to distrain or sue the several Proprietors aforesaid for their proportion as aforesaid, or by any other way or means relieve
your Memorialist as Your Excellency and Honours shall, in your great Wisdom think proper — And your Memorialist as in Duty bound shall ever pray

Petition of Wm Elder 1774

To his Excellency Thomas Hutchinson Esq' Cap't General & Governour in Chief in and over his majesties Province of the Massachusetts Bay in New England the Hon'ble his Majesties Council and House of Representatives in General Court Assembled

The Petition of William Elder of Windham in the County of Cumberland Humbly sheweth that he was in the year one thousand seven hundred and seventy one chosen Assessor, with William Cofferin and William Knights for said Windham, the Papers Relative to the taking a Valuation of the Estates in said Town, Came very late to hand and one of the Assessors viz: Wm Knights having contracted for procuring a Number of large mast for his Majesties Navy was detained in pursuit thereof for a long time in the Woods, in all which time he never knew of the said Papers being Come to hand both which Cases Occationed a delay of taking said Valuation, and when they the Assessors entred upon the affair of valuation, and the Town Clerk living Remote and no Justice
in the Town and they strangers to the Duty of their Office
(as might well be expected from a New Plantation but
lately incorporated) and they observing that they were sub-
ject to a fine of fifty pounds if they did not return the Valu-
ation att or before a Certain Day Rashly took the Valuation
of said Windham before they the Assessors had taken the
Oath prescribed by Law, which two of them soon after did
dviz Your Petitioner and Wm Cofferin.

That altho there never has been any objection or exception
taken against the Valuation, as Partial, unjust or unequall
either by any one individual, Town, or Province, since it was
taken, notwithstanding one Caleb Grashom of said Windham
either from malice, ill nature, or Averice, or some other
motive brot his Action for the forty pounds Penaty and at
the Superior Court recovered Judgment, for said forty
pounds Anno 1773 and your Petitioner Moved that the exe-
cution might not be issued for the whole, but for the Moiety,
belonging to the Proprietor, that your Petitioner might lay
his case before the General Court, as to the other Moiety for
their Consideration, Your Petitioners Circumstances are but
low, his interest in the world but small and has found that
the paying the prosecutor his half of the Penalty has very
much distressed him, and if he is finally oblidged to pay the
other half to the Province, it will just Compleat his ruin and
absorb all his interest. Your Petitioner therefore, Humbly
prays that your Excellency and Hon* would take your Peti-
tioners Case (which - truly Pitable) under your wise Con-
sideration, and remit, release and discharge your Petitioner-
the payment of the Moiety Due to the Province, and your

Petition of Timothy Walker Jan 26 1774

To His Excellency Thomas Hutchinson Esq Captain General & Governor of the Province of the Massachusetts Bay —

To the Honorable His Majesty's Council and House of
Representatives of said Province in General Court assembled Boston Jan'y 26, 1774

The Petition of Timothy Walker Jun'r on behalf of himself and Associates humbly sheweth

That They and their Ancestors in the Year 1725 for a valuable Consideration purchased a Township of a little more than Seven Miles Square of this Government at a Place then called Pennicook afterwards Rumford on Merrimack River. That not at all doubting the Authority of this Government to make the said Grant, the Grantees, notwithstanding the extrem difficulty & Cost of effecting a settlement so far up in the Indian Country at that Time, yet so vigorously applied themselves thereto, that in the year 1733,—consequent upon ye Report of a Committee sent by them to view the same, the then General Court of this Province declared that the Grantees had to full satisfaction fulfilled the Terms of their Grant & incorporated them by the Name of Rumford, That by the determination of the Boundary Line between this Province and that of New Hampshire by his late Majesty in the Year 1740 the said Townships fell near Forty Miles to the Northward of the dividing Line, That about the 1749 a Society under a Grant from the Province of New Hampshire began to molest us in our Possessions and sued us in several Actions of Ejectment and always recovered against us in the Courts of New Hampshire. In this distressed State of our Affairs we applied to this Government to enable us to lay our Cause before his Majesty by Way of Appeal, That by virtue of several Grants from this Government amounting in the whole to about the original purchase Consideration together with simple Interest for the same and also by much larger Sums raised amongst Ourselves we have been enabled to prosecute two Appeals to his Majesty, and altho' in each we obtained a reversal of the Judgment that stood against us here, yet the Royal Order extending in
express Terms no farther than the Land sued for, the advantage fell far short of the Expence, And our Adversaries went on troubling us with new suits. Thus exhausted and seeing no end of our Troubles, we have been reduced to the necessity of repurchasing our Township of our Adversaries at a Rate far exceeding its Value in its rude State, That we have been at considerable expence in taking a View of a Tract of Land on Ammoroseggin River on the Easterly side of Fullers Town (so called) which we apprehend would answer for a Township. We therefore Humbly Pray That your Excellency & Honours would be pleased so far to pity our hard Case as to make us a Grant of a Township at the said Place to be on each side of Ammoroseggin River of equal extent with that formerly granted us by this Province on such reasonable Terms as you shall think proper. And your Petitioners shall as in Duty bound ever pray

Timothy Walker Jun'

in behalf of himself & Associates

In the House of Representatives Feb' 3, 1774

Whereas it hath been represented to this Court by Timothy Walker Jun' in behalf of himself and Associates that in the Year 1725 they purchased of this Province a Township of Land of Seven Miles square, which by the runing of the Line between this Goverment & New Hampshire in the Year 1740 was cut off to that Goverment, by which means the Original Purchasers have been vexed with many expensive Lawsuits, and at last were obliged to purchase the same Lands of Claimers under New Hampshire, Having enquired into the Matter, this Court find that the Facts set forth in said Petition are true; and that the Cost of defending their Title at the Court of Great Brittain have exceeded the Grants made to them by this Government to enable them to carry on the prosecution there.

Therefore
Resolved that there be granted to the Original Proprietors of the Township granted by this Province by the Name of Pennicook their Heirs or Assigns, who were Sufferers by said Township falling into New Hampshire a Township of Seven Miles Square to be laid out in regular Form on both sides of Amoscooggin River and easterly of and Adjoining to Fullers Town (so called)
otherwise Sudbury Canada laid out to Josiah Richardson Esq & others Provided the Grantees within Six Years Settle Thirty Families in said Township and lay out one full Share to the first settled Minister, one full Share for the Ministry and one full Share for the School and one full Share for Harvard Colledge and provided the Petitioner within one Year return a Plan thereof taken by a Surveyor & Chainmen under Oath unto the Secretary's Office to be accepted and confirmed by the General Court.
And in Order that Justice may be done to the Sufferers it is further resolved That Mr Webster and Colr Gerrish with such as the Honourable Board shall join be a Committee to repair to the said Township of Pennicook, who shall there enquire into and make out a List of the Sufferers, and that they return a List for Confirmation to the General Assembly, and that said Committee give suitable notice of the Time of their Meeting by Publishing an advertisement in the Essex Gazette and in one of the Portsmouth News Papers three Weeks successively; Two Months before the Time of their Meeting, That any Person claiming Right to the Grant aforesaid may appear and lay in their Claim.

Henry Young Brown 1774

To the Honble House of Representatives

A State of Facts respecting the Petition of Henry Young Brown February 8, 1774,— as follows Viz—

In January 1764 the General Court made him a Grant of a Township to be laid out on Saco River above Coll° Fryes Township, to lay it out according to order.—

In June 1764 he returned a plan that was accepted and the land confirmed to him his heirs and Assigns forever he then Gave bond for Two Hundred pounds as a consideration for said Township, as also a Bond to perform the Settlement of the Town, he immediately proceeded to lott out the Town, made Roads & settled Twelve Families in one year.—
In October 1765 he informed the Court that New Hampshire Claimed the Greatest part of the Town, they then looked into a report of the Hon'ble Benj' Esq' and others who were sent by the Court to view the foundation of the dispute between the two Governments, and on the first day of November they Ordered him to keep his possession and go on with his Improvements and Settlement and promised him relief if he met with any difficulty in consequence of this Order: He was prevented from making advantageous terms with the Grantees under New Hampshire, as also with his own Settlers

In June 1766, the Court further Ordered him to prosecute any that Entered under the Grant of New Hampshire, and defend himself and Settlers against New Hampshire Claim, at the Expence of the Government

He attended Strictly to their orders, lay his Accounts before the Court from time to time and received his pay.

On the Twelfth of June 1769 He received Ninety five pounds in full Satisfaction for the Ballance of his Account for the Expences of Law Suits agreeable to the order of June 1766, as will appear by said Resolve of Court of 12th of June 1769: There was then a Committee appointed to proceed to Pigwackett, and Take a View of what had been done by him and Settlers, the Committee Reported in April 1770: Their Report was rejected. Another Committee was appointed to take the matter into consideration, they reported for said Brown to have Eleven Thousand Acres of land which was the same Quantity he lost, and that to be considered in full Satisfaction for all Damages he had or might sustain, the Report was objected to by him as insufficient to make him whole for the following reasons. 1st For that he was prevented by the order of the General Court of November 1st 1765 from making advantageous Terms with the Grantees under New Hampshire, and thereby have saved his
Expences of laying out his Town and Lotting out the same, and for making Roads and getting his Settlers.

2d by said order he was prevented from settling with his own Settlers, who offered him advantageous Terms, he being subject to Damages by the Deeds he had Given.

And 3d That the Land proposed for him was not half so good as his first Grant. The Major part of the Committee supposed that he would not be subject to Damages by his Deeds to his Settlers, but rather make a great Saving, and that the Land proposed for him was as good as his first Grant, by that means he humbly conceives they were led to make such report as Induced the House to pass the Resolve of April 1770. Since that his Settlers have recovered sundry large sums against him which he has been obliged to pay.

He has now settled the whole dispute and is able to make it appear that the former order of Court was founded on some mistakes that he never received one penny out of the Treasury but what he accounted for to the Court, agreeable to the Order of June 1766, and had no reference to what he now asks allowance for, which is founded on an order of Court of first of November 1765.

He has not only, in a great measure lost the laying out his first Town, lotting the same, Clearing Roads, getting on his settlers which every Gentleman acquainted with New Towns must know is attended with great Expence, as also the Damages recovered against him by his Settlers. But he has also been prevented from making proper Advantages of his Land that did not fall within New Hampshire Claim, by a Claim under Major Phillips.

All which he humbly submits to the consideration of your Honors.

Henry Young Brown

The evidence to support the Facts, that do not depend on the Records of the Court, and within the knowledge of some of the Members, are ready to be offer'd when called for.
I pray it may be kept in View that all the money I Rec'd out of the Treasury was for Service performed in consequence of an order of the General Court June 1766 and has been accounted for.

Boothbay Petition. 1774

To His Excellency Thomas Gage Esquire Captain General and Governor in Chief in and over his Majesty's Province of Massachusetts Bay in New England

To the Honorable his Majestys Council, and To the Honorable the House of Representatives of said Province, in General Court assembled.

The Petition of the subscribers chosen selectmen of the town of Boothbay in the County of Lincoln in said Province for the year of our Lord one thousand seven hundred and seventy four,

Most humbly sheweth

That agreeable to the directions of the Royal Charter, the town of Boothbay held their anniversary meeting for the choice of town officers for the current year, at the Meeting house in said town, on the seventh day of March last, and then and there did publicly elect such officers as the law directs, and pass such other votes for the internal affairs of the town as were authorized by the Warrant by virtue of which said meeting had been called; and adjourned to the thirteth day of
But before the said appointed meeting by Adjournment, it was discovered that, by an inadvertency of the constable, the certificate required by law to be returned by him on the back of the March warrant was omitted; and this omission having, thro’ hurry of business, escaped the notice of the Moderator & Clerk at said Meeting, the whole transactions of the town at said Meeting were finished under this circumstance of illegality; and so are apprehended to be null & void. and it being then impossible legally to call another Meeting in the Month of March for remedying that mistake, the town is thereby deprived of the powers & privileges of a corporation, and all the public business of the year remains at a stand, therefore

Your Petitioners, having been chosen Select-men of said town for the present year, judge it incumbent on them to take necessary steps to have this inconvenience removed as speedily as possible; and therefore pray your Excellency & Honors, that, as early in your present session as may be, An act of the Great & General Court may pass, restoring us to the forfeited privileges of a town, and empowering some such person as you shall think proper to issue a warrant for calling a town meeting for the choice of the necessary officers of the present year, and for transacting anew the whole business contained in the said March warrant: and your Petitioners as in duty bound shall ever pray.

Letter from J. Brown March 29, 1775.

Montreal March 29th 1775

Gentlemen

Immediately after the Reception of your Letters & Pamphlets, I went to Albany to find the State of the Lakes and established a Correspondence with Doct' Joseph Young. I found the lakes impassable at that time—

About a Fortnight after I set out for Canada and arived at St. Johns in 14 days having undergone most inconceivable hardships the Lake Champlain being very high, the small streems Rivers, and a great Part of the Country for Twenty Miles each Side the Lake especially toward Canada under Water; the Lake Champlain was partly open & partly covered with Dangerous Ice, which breaking loose for Miles in length eough [off] our Coast drove us ag' an Island and froze
us in for 2 Days after which we were glad to foot it on Land —

I deliverd your Letters to Mess. Tho\(^4\) Walker & Blake and was very Kindly rece'd by the Committee of Correspondence at Montreal, from whom I received the following State of Affairs in the Province of Quebec. Govt Carleton is no g\(^2\) Pollition, a Man of a Souer morose Temper, a Strong Friend to Administration, and the late Acts of the British Parliament, which respect America, particularly the Quebec Bill, has restrained the Liberty of the Press that nothing can be printed with\(^4\) examination & Licence Application has been made to him for printing the Address from the Continental Congress and a refusal obtain'd. All the Troops in this Province are ordered to hold themselves in readiness for Boston on the Shortest Notice, 4 or 5 hundred Snowshoes are prepared for what use they know not — Mr Walker has wrote you about three Weeks Since, and has been very explicit, he informs you that two Regular Officers Leint\(^a\) have gone of in disguise, supposed to be gone to Boston, & to make what discovery they can through the Country — I have the pleasure and satisfaction to inform you that through the industry and exerctions of our Friends in Canada our Enemies are not at present able to raise Ten Men for Administration. The Weapons that have been used by our Friends to thwart the constant endeavours of the Friends of Government (so called) have been chiefly in Terrorem. The French People are (as a Body extremely ignorant, and Bigotted The Cur\(\bar{\text{s}}\) orPriests having almost the intire government of their Temporals as well as Spirituals — in Lapereare a Small Village about 9 Miles from Montreal, I gave my Landlord (a Roman Padde) a Letter of address, and there being Four Cur\(\bar{\text{s}}\) in the Village praying over the Dead Body of an old Friar, the Pamphlet was soon handed them, who sent a Messenger to purchase Several — I made them a Present of each of them one, and was desired to wait on
them in the Nunnery with the holy Sisters, they appeared to have no Disposition unfriendly toward the Colinies but chose rather to stand nuter —

Two Men from the N. Hampshire Grants accompanied me over the Lakes the one was an old Indian hunter acquainted with the St Franceway Indians and their Language, the other was a captive many years among the Caughnawaga Indians which is the Principal of all the Canadian Six Nation and western Tribes of Indians, whom I sent to inquire and Search out any intreigues carrying on among them, these Men have this Minute returned and Report that they were very kindly received by the Caughnawaga Indians, with whom they tarried several Days: the Indians say they have been repeatedly applied to and requested to Join with the Kings Troops to fight Boston, but have peremptorily refused, and still intend to refuse. they are a very Sinsible Polliticke People and say that if they are obliged for their own safety to take up arms on either side that they shall take part on the Side of their Brethren the English in N. England; all the Chiefs of the Caughnawaga Tribe being of English extraction Captivated in their infancy — They have wrote a Friendly Letter to Col° Israel Putnam of Pompfret in Connecticutt in Consequence of a Letter which Col° Putnam sent them, in which Letter they give their Brother Putnam assurance of their Peaceable Desposition — Several French Gentlemen from Montreal have paid the Governer a Visit and offered him their Service as officers to raise a Canadian Army and join the King's Troops, the Govt told them he could get Officers in plenty but the difficulty consisted in raising Soldiers.

There is no prospect of Canada sending Delegates to the Continental Congress; the Difficulty consists in this, Should the English Join in the non importation agreeemt the French would immediately monopolize the Indian Trade — the French in Canada are a set of People that know no other way of
Procuring Wealth and honor but by becoming Court Syco-phants, and as the introduction of the French Laws will make room for the French Gentry, they are very thick about the Governor — You may depend that should any movement be made among the French to Join agt the Colonies your Friends here will give the Shortest Notice possible and the Indians on their part have ingaged to do the same, so that you have no reason to expect to be surprised with Notice, should the worst Event take place —

I have established a Channel of Corrispondence through the N. Hampshire Grants which may be depended on. Mr Walker’s Letter comes by the hands of Mr Jeffries once of Boston, now on his Way thither which together with this is a full Account of Affairs here — I shall tarry here some time — but shall not go to Quebec as there are a Number of their Committee here —

One thing I must mention to be kept as a profound Secret, the Fort at Tyconderogo must be seised as soon as possible should hostilities be committed by the Kings Troops. The People on N. Hampshire Grants have ingaged to do this Business and in my opinion they are the most proper Persons for this Jobb. this will effectually curb this Province, and all the Troops that may be sent here —

As the Messenger to carry this Letter has been waiting some time with impatience must conclude by Subscribing myself Gentlemen your most Obedt humble Servt

Extract of a Letter from The Hon³ Enoch Freeman dated
Falmouth May 5, 1775 —

"We have lately heard that the Penobscott Indians are
highly exasperated at Cap³ Goldthwaite for suffering the
Tender to dismantle the Fort there, and carrying off the
Powder; and Truck Trade stope'd, as we are inform'd; and
that there was a Number of Men round about there, going to
take Goldthwaite for delivering up the Fort, into their Cust-
dody, but what they intend to do with him I don't hear.
Perhaps it would be prudent for the Congress to send down
there, and secure the Indians in our Interest, by keeping the
Truck Trade open, supplying them Powder, or any other
Method in their Wisdom, upon mature Consideration they
may think best — A hint on this Head is enough" ——
"The Selectmen of this Town have this moment agreed with one Mr Jabez Matthews and one David Dinsmore of New Glocester to go over to Quebec to make Discovery, whether any Canadians are in motion to come on our back Settlements, or to excite the Indians to do it; And I have wrote to Mr Remington Holby of Vassalborough, to procure one or two to go with them as Hunters; And they are charged to be cautious not to let the Canadians have Reason so much as to suspect their Business, and they will depend on your endeavouring to get the Congress to order them adequate Satisfaction out of the Public Fund. If they discover any evil Designs, we shall be glad to know it, that We may prepare accordingly for our Defence: If they find there is no Design upon us, it will be a great satisfaction to this Eastern Country —

"I could write a good deal in favour of sending such an Embassy, but as my Time is almost wholly taken up on Public Matters, I have little Time to spare."

Sir

I am very much obliged to you for your kind Letter of the
29th ult. p Lambert, which was interrupted and demanded with my other Letters &c at Brunswick by Samuel Thompson of that place and broke open, Copies of which have been industriously circulated thro' the Country by the different Committee men &c, several parts thereof being misconstrued or misunderstood by the illiterate — I should have answered your Letter sooner but did not know how to procure any safe conveyance — On the 4th inst Thompson attended by a number of Armed Men to the Amount of Forty or upwards insisted on my being his Prisoner, and to go with him; or give Bail Bond with two Securities in Penal Sum of £2000 payable to the Provincial Congress, the condition of the Bond compelled to be given, is that I should be kept in safe Custody by my Sureties, until released by the Congress — that I should not nor no one for or under me remove my Masts, Plank &c now here, nor write to any Officer of the Army or Navy for Protection, or against the Country — I prefer'd giving the Bond rather than to risk myself with them — A State of my Case has been sent to the Congress, who I hope will think it reasonable to release me; but such is the unfortunate Temper of the Times, that I am Apprehensive I shall be unable to proceed with my Business and fulfill my Engagements for Halifax Yard for the present and I think it will be extremely hazardous for some time to attempt it unless affairs take a Sudden Turn

I am with great Respect Sir your obligd & most obedt Hle Servant

William Tyng Esq' Dear Sir

I reced your favor of the 29th April by Lambert which was intercepted by Thompson and broke open with my other Letters — I should have answered Cap¹ Mowat's kind Letter, but did not know how to convey it sooner, I beg you will deliver him the inclosed — I suppose you have heard of my being in Thompson's Clutches. The Letter to Cap¹ Mowat mentions the particulars — my best Compliments to Mrs Tyng & Mrs Ross &c — May God Send us peace and Good order again—

Sir

I beg leave to lay before you that M' Samuel Thompson of Brunswick one of the Delegates of your Congress has attended by about Forty or upwards of His Minute Men &c Armed, restrained me from following my lawful Occupation, and has detained me here, and compelled a Bond to be given the 4th instant with two securities for me in the penal Sum of £2,000 lawful money payable to you or the Heads of the Province for the time being that may be appointed by the People — The Condition of the Bond prevents me or any Person for or under me from removing certain Masts, Spars, Oak Plank &c that are now under my care in this River and procured for the Service of His Majesty's Navy — and that I should be kept in safe Custody here until I may be released
by your Orders — he has also required that I shall not write to any Officer of the Army or Navy for Protection — He Grounds his pretences for these Violences to me by a Resolve of your Body (as he says) passed the beginning of April — The Subject matter of which as near as I can recollect is — “That Col° Samuel Thompson be appointed to notify certain Towns in the Eastward, that one Perry was gone down thither to Ship Masts, Plank &c for the Dock Yard at Nova Scotia, and that he and they should use all possible and “effectual means to prevent the same being done.” —

And likewise the People &c I employ’d have been intimidated and influenced from carrying on their work to my great detriment by Persons who appear by their Conduct to place Reliance on your Approbation — I imagine you will not justify but disavow these injurious proceedings — and I expect you will order without delay the Bond to be cancelled and myself released from my present confinement

I am Sir your very humble Servant

Letter from Falmouth Comm° of Correspondence to The Provincial Congress May 14, 1775.

Falm° 14th May 1775

Hon° Sir

the Committee of Correspond° in this Town beg leave to inform you that Some Time past we received Advice from George Town, that Col: Thompson was fitting Vessels there, with Design to attempt the taking the Kings Ship Canceaux stationed in this Harbour commanded by Cap° Mowatt, a Gentleman, whose Conduct since he has been here, has given
no Grounds of Suspicion, he had any Design to distress or injure us; but on the other hand, he has afforded his Assistance to sundry Vessels in Distress. As we thought such an Attempt had the Appearance of laying a Foundation for the Destruction of this Town, the Committee of Correspondence met & wrote to the Committee of Correspondence of George Town desiring they would prevent their Coming; we also wrote to Col: Thompson, desiring him to desist from such an attempt, as it would through the Town into the greatest Confusion imaginable: we sent an Express, & received his Answer, that he had dropt the Design of Coming—

But, on Monday night [May 10] he landed upwards of Sixty Men, on the Back side of a Neck of Land joyning to the Town, who came there in a Number of Boats, & lay undiscovered till about the middle of the Next Day; at which Time, Cap't Mowatt, the Doctor of the Ship, & Parson Wiswall, were taking a Walk on said Neck, when a Detachment from Col: Thompson's Party rushed from their Concealment, surrounded the Gentlemen, & made them Prisoners, & conducted them to the Colonel, who was with the main Body, on the back Side of the Neck. Capt. Hog, who now commanded the Ship, immediately clapped Springs on his Cables. She laying within Musket Shott of the Town, & swore if the Gentlemen were not释放'd by Six o Clock, he would fire on the Town. He fired two Canon, & although there were no Shott in them, it frightened the Women & Children to such a Degree, that some crawled under wharfs; some ran down Cellar, & some out of Town, Such a Shocking Scene was never presented to View here—The Gentlemen who were in Custody, were conducted to a publick House Where Cap't Mowatt declared, if he was not released it would be the Destruction of the Town. Every Gentleman present used their Utmost Endeavours to accommodate the Matter. Col: Thompson consented that a Committee should be chose,
consisting of Officers from his Party and Gentlemen from the Town, to consult in what manner the affair could be accommodated; but, as it was late, the Committee chose to defer the Consideration of it till next Morning. Cap't Mowatt then requested, he might go on Board his Ship that night & he would pawn his Word & Honour, he would return next Morning, at what Time, and at what place should be appointed. Coll. Thompson consented, provided Coll Freeman & Brigadier Preble, would pass their Words, that the several Gentlemen should return according to their Promise, & also pawn their Word & Honour, if the Gentlemen fail'd coming, that they would deliver themselves up, & stand by the Consequences, which was consented to. Cap't Mowatt not coming according to Promise, which was to have been at Nine o Clock the next Morning, the Sponsors appeared according to Promise, & were confined. Cap't Mowatt wrote to them, & let them know he had fully determined to have comply'd with his promise, but he had sent his man on Shoar to carry some dirty Linen to his washing Woman & to bring of some clean: that said man made Oath, that two of the Body under Arms, one of which, swore by all that was sacred, the moment he came on Shore he should have what was in his Piece, and the other, that he should never return on Board again with his Life: that two more of his men made Oath, they heard several of the Men under Arms say, the moment he came on Shore they would have his Life; this was what he wrote to plead an Excuse for not complying with his promise. Coll. Thompson told the two Gentlemen under Confinement, that he must have some Provision & Refreshment for his Men, which they procured, to the Amount of thirteen or fourteen Pounds L Money; on which they were dismissed.—about ten o Clock, he sent an Account to them for Time & Expence, amounting to 158.18 L M. and gave them till next morning, nine o Clock, to return an
Answer; which they did, in the Negative, he said he would have Satisfaction before he left Town. He then seized all the Goods he could find belonging to Cap't Coulson & Wm. Tyng Esq. They also carried off one Boat belonging to Coulson, & one other to Cap't Mowatt; they also obliged Cap't Pote to furnish them with some Provision & a small Matter of Cash: they also brought one Man on his Knees, for speaking disrespectfully of the Coll. & his Men. Coll. Thompson, we doubt not, is a true Friend to his Country, & a Man of Courage & Resolution, but, as our Town lays so much exposed to the Navy, that, had he succeeded in his Attempt, (which there was not the least Probability of) it must have proved the Destruction of this Town & the Country back, who are in the greatest Distress for want of Provisions. We have only related plain Facts, that the Honourable Members of the Provincial Congress may not be imposed on with false Accounts, to whom Please to communicate this Letter

Honourable gentlemen

These wait on you by Colonel Phinney who brought all the Papers necessary for Inlisting a Regiment in the County of Cumberland, I advised with the Committee of Correspondence, who are of opinion it would be difficult for our County To spare a Regiment to be moved out of the Province, of Maine, as we Lay much Exposed to the Navy by sea & the
Indians and French on our Back Settlements if they should be Employed against us, but should be glad to do Everything in our Power for the defence of our Just Rights and Dearer liberties, our men are Zealons in the cause of their Country, and ready to venture Everything for the defence of it, Colonel March informs me your Honours had appointed him a Colonel and gave him orders to Raise a Regiment in this County, and to Appoint all his officers, this he Acquainted me with after I had Delivered Colonel Phinney the papers back again, which he brought to me, it is impossible we can spare two Regiments out of this County, & they have both made Considerable Progress, am much afraid there will be some Difficulty in settling the affair, I am persuaded the men in general would prefer Col'n Phinney and so should I for that Reason, as I look on Colonel Phinney to be Equal To Colonel March in Every Respect —

Should have done my self the Honour to have waited on you in person, but am still in a poor state of health, and so Exercised with the gout, that I Cannot ware my Shoes I purpose to visit the Camp When Ever I am able to undergo the fatigue of so long a Journey, I wish Courage and Conduct in our officers, Resolution and a spirit of obedience in our soldiery, and a Speedy End of all our Troubles — I am your Honours most obedient Humble serv't

Friends & good Brothers

We the Delegates of the Colony of the Massachusetts Bay, being come together in Congress to consider what may be best for you & ourselves, to get rid of the Slavery designed
to be brought upon us have thought it our duty to write you the folowing Letter —

Brothers, the great wickedness of such as should be our friends but are our enemies, we mean the ministry of great Britain, have laid deep plots to take away our liberty & your liberty, they want to get all our money, make us pay it to them when they never earnt it, to make you & us their servants & let us have nothing to eat, drink or ware but what they say we shall, and prevent us from having guns & powder to use and kill our Dear and wolves & other game, or to send to you for you to kill your game with and to get skins & fur to trade with us for what you want. But we hope soon to be able to supply you with both guns & Powder of our own making.

We have petitioned England for you & us and told them plainly, we want nothing but our own & dont want to hurt them, but they wont hear us and have sent over great Ships & their men with guns to make us give up and kill us, and have killed some of our men, but we have drove them back & beat them, & killed a great many of their men — The Englishmen of all the Colonies from Nova scotia to georgia have firmly resolved to stand togeather and oppose them: — our liberty & your liberty is the same, we are Brothers and what is for our good is for your good. And we by standing togeather shall make them wicked men afraid & overcome them and all be free men — Cap' Golthwait has given up Fort Pownall into the hands of our enemies. We are angry at it & we hear you are angry with him & we dont wonder at it — we want to know what you our good Brothers want from us of Cloathing or warlike stores & we will Supply you as fast as we can. we will do all for you we can & fight to save you any time & hope none of your men or the Indians in Canada will join with our enemies. you may have a great deal of good influence on them.— our good brothers the
Indians at Stockbridge all join with us & some of their men have listed as Soldiers & we have given them that listed each one a Blankit & a Ribbond & they will be paid when they are from home in the Service and if any of you are willing to list we will do the same for you.—

We have Sent Captain John Lane to you for that purpose and he will show you his orders for raising one Company of your men to join with us in the war with your & our Enemies.

Brothers we humbly beseech that God who lives above, and that does what is right here below to be your friend & bless you to prevent the designs of those wicked men from hurting you or us.

Brothers If you will let Mr John Prebble know what Things you Want He will take Care to inform us and we will do the best for you that we can.

Honble Genl Prebble Sir

This Committee received your favour of the 15th Instant, touching this Colony & note your Just Observations on the Subject —

The Committee, after the Resolutions of the Congress for Establishing an Army of 13600 Men, thought the exigencies of the Times & the exposed Situation of the several Towns near Boston, made it absolutely necessary that the Army should be immediately raised, & that for the facilitating of this important Business it was Expedient that orders should be issued to such Men as are Recommended as proper persons for such important trusts. Accordingly, orders were issued to as many Col's as were sufficient to Complete said Army: but from the Delay which appeared in the Army's
being formed, by the slow progress made in the inlisting Men, & the Exposed Situation of the Colony Camp by the going off of numbers from time to time, it was rendered necessary, that further orders should be issued for completing the Army with all possible speed, & in consequence of that determination, among others, Col. March received orders for the inlisting of a Regiment for the Service of this Colony, & we understand, has made some considerable Progress in enlisting Men for said Service: We are also informed by your Honour that Col. Phinney has received enlisting Orders from you, & has engaged in the Business of enlisting Men to complete a Regiment, and we are further Informed by your Honour that it is impracticable that two Regiments should be raised in the County of Cumberland, & being told by Col. Phinney, that many of the Men that would be raised in your County could not be supplied by the Town from which they are enlisted with fire Arms & Blankets, this Committee taking into Consideration the exposed Situation of your County & the probability of the Armys being Completed without drawing Men from those parts of the Colony which are more immediately exposed, would Recommend, Sir that you would use your influence that a stop be put to the raising any Men in your County until it may be known by the returns from the Several colonels authorized for the raising Regiments wether it may be necessary to take any Men from your County, and should this necessaty take place this Committee will endeavour to give your such early Intelligence as may be necessary. The Request of this Committee to your Honour, we flatter ourselves will not be conceived by you as carrying in it the least disrespect to Col: March or Col: Phinney, but solely from the probability of the Armys being Complete without taking Men from those parts of the Colony which are more immediately exposed. We should be glad to see your Honour at Head Quarters, which we hope your health will soon
admit, & with you we Join in the hope of soon seeing a speedy end to the great Difficulties this distressed Colony now Labours under — We are, Sir with the great_ Respect, your Honors Humble Servants

Abiel Wood
Boothbay May 23d 1775

Sir

Pursuant to the order of Congress, & in compliance with the request of the Committee of the County of Lincoln, we have the honor to inform you that the town of Boothbay has not beheld with indifference the important contest between tyranny & patriotism at this Memorable Era: firmly attached to the cause of this injured country which they cannot but consider as the cause of virtue — of religion — & of God, their heart & hand has been ever ready — devoted to its defence:

Conscious of their obscurity & insignificance they have forborne taking any public part in the wise & laudable measures so generally adopted for redress of grievances, which the soul of slavery alone could endure: — they have not however been negligent of the means in their power, of co-operating with their brethren, in conducting their internal police at home: —

When the tea act took place they recorded some rational & spirited resolves, unanimously passed in town-meeting — suspended the use of that baneful herb — & all commerce with such as withdrew from the useful non-importation agreement.

In July 1774 they generally adopted a non-consumption covenant, but little different from the printed formula & charitably bound themselves to abide the results of the Continental & provincial Congresses — in March 1775 they drew up a number of resolves, in which a steady & persevering exertion of all their powers, in support of the measures directed by both those august bodies, was unanimously engaged: Committees of Correspondence & Inspection were appointed, & the town stipulated to support them in the discharge of their trust at all hazards — & these Committees have sat on business once every week since their appointment; & no infringement of the orders of Congress is suffered within
their bounds. — the officers of the Militia by request of the town, resigned their Commissions in March last — two Companies were erected, under officers then elected by the people: out of which, two Companies of minute-men have been since drawn: — our little force is under arms once a week — the Minute Companies often — & have made no inconsiderable improvements in the military exercises: — a guard of ten men is established in the several parts of the town — besides four appointed for centries at a public store resolved on: a plan for provision & defence has been concluded on, & voted: a Committee of Safety appointed: — & the delegate newly chosen to attend Congress, directed immediately to pay into the hands of Henry Gardner Esq receiver general 14£-6s-7d lawf: being the total of their Province-tax for the year 1774.

They reflect with pain on their having paid the whole of the Province rates of the two foregoing years, to the public traitor formerly at the head of the treasury — but the recollection that it was done in April 1774 is some alleviation of this grief: —

They have Voted to indemnify their Constables for collecting & paying whatever — town — county — or Province rates it may be necessary to raise during the unsettled state of this Colony — they are cordially disposed to lend their best aid to their distressed Country in all respects — & firmly determined to part with their liberties only at the price of their possessions & lives.

We have the honor to be, with the greatest respect Sir, your most obedient & very humble Servants

To the Honourable the Provincial Congress held at Watertown

Gentlemen: The Select Men of the Town of Partridgefield having Received a Message from the Provincial Congress Dated at Concord March ye 31st 1775 Requiring the Speedy Payment of Some Money to Henry Gardiner Esq' of Stow: They Immediately warned a Town Meeting: And the Inhabitants being Assembled and taking into Consideration the Present Circumstances of the Town: they Unanimously Voted: that Considering the Present Circumstances of the Town they were not Able to Pay the tax Required of them by the Provincial Congress: And Also Voted that the Town Clerk Should write to the Congress and give them Some Information Concerning the Present Circumstances of the Town. A Specimen of which is as follows Viz

This Town is but New and but few People in it And the Generality of them Are People of Low Fortunes And it is not Long since we were at Great Expense (for us) in Setling A Minister in the Town. And as our farms are mostly New And our Land not Quick to Produce A Crop; we are Obliged Every year to buy A Great Part of our Provision: And this Year Especially As the Blast and Vermin Destroyed A Great Part of our Grain the Last Year; We have no Town Stock of Ammunition Nor Do we know how to Procure it. As all the money we Can Get must Go to Purchase the Necessaries of Life. I Am Apt to think there is As many men Gone And going from this town in Defence of the Liberties And Preiviliges of America As from Any Town in this Province if not more; According to the Number of People in this and the other Towns. And we would be As free with our money as with our Men if we had it And Could Possibly Spare it.
The taxes which the Great And General Court of this Province Was Pleased to Lay Upon this Town We Petitioned to be Releived of And not Altogether without Success And we hope the Congress will be Graciously Pleased to Excuse Us for not Complying with their Requirements when it was not in our Power to do it

Boston 29th May 1775

Dear Sir

I have received your obliging favor, and return you many thankes for the trouble you have taken, and readiness you have shewn in giving your Assistance so Necessary at present for the good of the service. The Hay will be most Acceptable and I am in hopes Captain Princes Vessel has taken a part on Board As he promised me he should return immediately, and I will send you another one, as soon as possible. I shall want three or four Thousand Tons of Hay and I wish with all my heart poor Annapolis could furnish it—but all it can furnish I will take, and if they are Industrious they may get a great deal of Money for their Vegetables Poultry Butter Eggs &c.—And may come directly into this Port, without any expence whatever and will be sure to find every encouragement and Assistance that can be given them. On the Other hand if they give themselves Airs, and follow the Cursed example of these Mad Men they will Consider how easily Governm't can Chastise them, and they may rely upon it they will, and that immediately too—but I hope They will Consider Their Interests better and make all the Money they can. They never will have a fairer opportunity.
I have wrote to Messrs. Day & Scott at Halifax respecting Forage, and have desired them to Consult with you about the Quantity that may be procured at Annapolis, as they are to furnish the Remainder from Windsor, & that Neighbourhood.

Procure Hay screws at any rate, and the whole should be carried to a particular place most convenient for that purpose as Also for Shiping of it — You have not Advised me in what manner I am to make you remittances, for Expenses to be incurred in the above Service, therefore shall expect it p' Next. We are in the same Situation As when wrote you last — except the addition of twelve hundred Troops lately arrived from England, The Regiment of Horse and Eight Other Reg'ts are hourly expected — when I hope you will hear better Accounts from us. I am hurried to Death therefore have only time to add my Comp's to all friends & to wish you every happiness being truely Dear Sir Your faithfull and Obedient Servant

We, the Subscribers, being appointed a Committee by the Inhabitants settled on Penobscot River; the Inhabitants of Belfast; Majabigwaduce, & Benjamins River, to make a Representation to you of the difficulties & distress the said Inhabitants are under, in respect to the scarcity of Corn & Ammunition occasioned by the interruption of vessels, which they depended upon for their supplies & also the impediments in exportation from the Seaport Towns by inefficient committees after the said Articles have been purchased We accordingly herewith send you the votes of said Inhabitants pass'd by them at a general meeting on Tuesday the 6th day of June instant which we are to pray your consideration of, being encourag'd thereto from the many instances of fav'r & assistance which the province have heretofore afforded to this infant settlem't and without some, at this time we have real cause to apprehend that these promising settlements may be broke up. We are further to assure you that the said Inhabitants are ready with their lives & all y't they have, to support the cause which this country is engaged in, in defence of their liberties & priviledges; and will hold themselves in readiness for that purpose. The said Committee are also to inform you that it was represented at the said Meeting that the establishment of Fort pownall is nearly expired: That the Commander of the s'd Fort in obedience to the commands of the Gov't deliver'd to his order the Artillery & some Arms belonging to the s'd Fort: That he also deliver'd to our own inhabitants in the different parts of this vicinity upon their application some Arms & Ammunition; reserving only a small quantity of each for the use of the soldiers belonging to said Garrison, which occasions the said

All which we are enjoined to lay before you, Gentlemen, who represent the province in this unhappy time; & to pray you to take the same into your consideration & give them such relief as upon mature deliberation you judge expedient. To The Hon'ble Provincial Congress of the Massachusetts Bay convened and Assembled at Watertown

The Petition of Edward Parry Agent to the Contractor for Masts, Humbly Sheweth

That your Petitioner has been detained in his Occupation of shipping a small quantity of Masts and Lumber he was providing for his Majesty's Dock yard in Nova Scotia on the beginning of May last at George Town in Kennebeck River by Lieut Col' Samuel Thompson of Brunswick, and two Bonded Securities required in the penal Sum of £2,000 Lawful money, payable to the Provincial Congress or the Heads of the Province for the time being that may be appointed by the People. The Condition of the Bond prevents me or any Person for or under me from removing certain Masts, Spars, Oak plank &c that are now under my
Care in said River, and procured for the Service of his Majesty’s Navy, and that I should be kept here in safe Custody until I may be released by the Hon’ble the Provincial Congress’s orders — the particulars of which are fully explain’d in the said Bond, which I suppose Col° Thompson has before this deliver’d unto your Honors.

Your Petitioner humbly begs leave to represent to your Honors that his being detain’d here so long, at such a great distance from New Hampshir[e], the Place he has used to reside at, is of great detriment and damage to him, and that he daily suffers considerable loss in his private Concerns— Wherefore he humbly prays your Honors would take his Case into your wise Consideration, and that your Honors would compassionately be pleased to order him to be released and the Bond cancelled, or order such relief as you in your great Wisdom may think proper, and your Petitioner will ever pray &c

Fort Pownall June 9, 1775

Sir

I have proceeded agreeable to my orders as you’ll see by the inclosed journal, and have got one of the Chiefs to go as an Ambassador attended by three young men as far as Falmouth and I am in hopes to be able to get them as far as Watertown. I couldn’t have tho’t that, that they’d been so hearty in the Cause, and are very ready to assist us if occasion requires, the Cannada Indians are all of the same mind. The Indians are now here and we shall go to Casco Bay to morrow when I shall write more fully.

I am Sir with Respect Your much oblig’d Serv’t

The Honble Jos. Warren Esq
Sir

as I have had the Pleasure of being well acquainted with your Wisdom and unalterable Principles from the first Instant of your Publickly Ingaging in the Glorious Cause which you now so nobly lead on in the Defence off — Should your High Appointment and the Complicated situation of affairs under your Inspection & Direction make my Scrawl too minute for your Notice I shall not wonder. — As I now live on Penobscot-River, about 23 Miles above Fort Pownall; the Settlement very New, the first Man that Pitch'd in my Neighbourhood has not been there more than 5 Years, Tis True Cap't Jona Buck began near 10 years ago, but he Lives not more than 8 Miles above the Fort. The Inhabitants being Setled for above 20 Miles above Him. I find this a Country very good for both Tillage & Grass tho at present Cloth'd with a fine Growth of Pine, Spruce, Cedar, Hemlock &c Intersperc'd with large Spots of Rock & white Maple, Birch, Beach &c and some Oak; The River excels for Fish of various kinds, and easie Navigation for the Largest of Vessells. — The People firmly Attach'd to the Constitution you Precide in the Defence off. And I am confident will Support it to the Last Moment of their Lives, being willing in general to encounter any Difficulty rather than yeald to that Band of Tyranny, whose Plodding Pates have long been Projecting Methods to Enslave us: I am confirm'd in this Opinion by an Anecdotu or Two that has come to my knowledge since my residence on this River: for I Live in the Neighbourhood of Col' Thomas Goldthwait who was a Member of our Assembly (as you may Remember) for many Years and particularly in the Year 1762. From whom I had the following Story. Richard Jackson Esq' was then Agent for our Province; The Col' says that then, in some of His Private Letters which he Wrote after his Appointment, He
intimated his Fears, that it would not be in his Power to do the Province much Service as there was a Principle prevailing in England at that Time to render the Colony Assemblys useless. The Colo\(^1\) also says Mr Bollin (who was Agent before Mr Jackson) was continually warning the Gen\(^1\) Court of this Principle then prevailing in England, and yet no doubt you remember, both those Gentlemen were turn'd out of the Agency upon a Suspicion that they were not in the Interest of the Province. Certainly they were faithful as touching the most important Matter whatever part of their Conduct might give Offence to their Constituants. And there seems to be some Degree of Semelarety in the Case of the Above Gentlemen & Colo\(^1\) Goldthwait. For one of your Members viz Cap\(^1\) John Lane who is now here says the Congress had rec'd very unfavourable Acco\(^*\) of the Colo\(^*\) Conduct: Whereas on a fair and impartial Examination it will appear that Colo\(^1\) Goldthwait has been a Steady Uniform Friend to our Constitution. Should the Almighty Prosper us so as to bring on an Accommodation. Among other Grievances I look on the Greenwich Hospital-Money exacted from our American Seamen, to be a very Capital one. I hope the Congress will Compassionate the Case of this Infant Settlement as we are not got to the years of Tillage and raising our own Bread and Cloathing, & like to be Shut from the Previledge of Importing.

We could now Manufactor our own Cloathing, but are destitute of Woll & Flax which is a very Material Grievance. Pray excuse the want of Order in these Hints

Deposition of Eben' Whittier. 1775.

Ebenezer Whittier of lawful age testifies and declares that some time in april Last Abiel Wood merchant Recommended the Coasters for Carrying up Boards and timber to the troops that the said Wood Being asked why he Didnt carry timber to the troops Hee the said Wood said Becaus He was affraid of the People and aded it was time Now to throw of fear He
had lost thousands by fearing to supply the troops and on being informed by the deponent the provential congress had forbid the supplying the regular troops. he the said wood said the most of the congresses were damn'd villains saying their was handcock, adams & others acteid out of selfish views in destroying the tea and being told by the deponent m'r handcock did not destroy the tea the said wood offered to give his oath before any justice of peace that m'r handcock was the first man that went on board the vessell to destroy the tea and that the devil had made them believe that one of them should be king another a governor and that they should be in some great places of honor & profit & their views was to stir up the people to sedition in order to accomplis their designs this was spoke concerning mr handcock & the provential congress april 1775 that the said wood spoke disrespectfully of the method recommended by the provential congress for chusing officers and that the s'd wood reported for truth that the governor of new york & twelve towns in this & connecticut province had voted not to abid by the result of the continental congress and their by eudevered to discourage the people of this parish from approveing the same.

Report on Jones & Hicks

The committee appointed to examine the persons and papers sent this congress by the committe of the town of arundel have attended that service and after due perusal of said papers josiah Jones & jonathan hicks therein refered
to were brought before them and said Jones in his defence says he had no concern with the sloop Polly otherways than as a passenger in her to Nova Scotia. — notwithstanding which it appears clearly to this Committee, by s^d Papers as also by the evidence of Cap^t Smith Master herewith transmitted, that s^d Jones went on board s^d Sloop as supercargo in the service of Gen. Gage to bring hay & other articles to Boston to supply our enemies. — We find by s^d Jones's account of himself that he went to Boston soon after the memoriable Lexington Battle of the 19 of April last in company with John Ruggles of Hardwick who was ordred by a Committee to the said Town of Hardwick and that said Jones was knowing to the proceedings of s^d Committee against s^d Ruggles before they set out together from Weston to take refuge in Boston, that they left the comon road & went in the woods & diffcult places to pass the Town of Roxbury. — This Committee upon the whole have not the least reason to doubt of s^d Jones's being a Notorious enemy to his Country & of his having been employed in the actual employment of our enemies against the Just liberties of the people therefore beg leave to report the folowing Order. —

In Provincial Congress 10 June 1775

Ordered that Josiah Jones, taken from the sloop Polly be sent with a sufficient guard to the Town of Concord in the County of Midsx and committed to the comon Goal there to remain untill the further Order of Congress or house of Representatives of this Colony. —

Said Jonathan Hicks in his defence says that since the public disputes respecting the liberties of the Country he has not liked the part that has been acted, in many respects, on either side therefore could not see his way clear to join with any. —

Upon examination the Committe find by evidence that at Gardnerstown, while he lived there, he expressed himself
highly against Committees of correspondence &c calling them rebels & using other oprobrious language against the people who appeared for liberty and endeavoured to hinder their unity
That also while he the said Hicks lived at Plymouth he was esteemed by the good people there inimical to the liberties of his Country by his general conduct and that at certain times he appeared very high and once drew his sword or spear upon certain persons.

Said Hicks upon the whole owns his general conduct has been such as the people for liberty call a Tory, but still he says he is against the oppressive Acts. s\textsuperscript{4} Hicks confesses that the evening after the Battle of Lexington aforesaid he left Plymouth & took shelter with the troops at Marshfield not thinking himself safe in the Country, that he went with them to Boston & there remained untill he went on board the Sloop Polly with Jones & says he designed for Hallifax there to tarry if he could find business in order to be out of the noise.—

Cap\textsuperscript{1} Smith Master, of s\textsuperscript{4} Sloop can give no Account of Hick's business on board, all he can say is, he in general appeared inimical calling the liberty People rebels &c — The Committee therefore beg leave to report the following order

In Provincial Congress Watertown June 10, 1775

Ordred that Jonathan Hicks taken from the sloop Polly be sent with a sufficient Guard to the Town of Concord in the County of Middlesex & committed to the comon Goal there to remain untill the further orders of Congress or house of Representatives of this Colony. —

Extract of a Letter from Hon. Enoch Freeman.

Extract of a Letter from the Hon^1l Enoch Freeman Esq

"You informed me that the last Provincial Congress, did me the Honour to choose me one of the Committee of Safety for the Province. You may acquaint that Committee, that, was my Health and Capacity equal to my Inclination to serve the Public, I should cheerfully attend that Service without delay, but at present I cant possibly go up—Yet if I can be of any Service to the common cause, in the mean time, in these exposed parts of the Country, my utmost endeavours shall not be wanting, and as soon as I can find myself able, purpose to come up—

It won'd perhaps be convenient for the Public that some Person or Persons here, shou'd be appointed, whose business shou'd be to execute the Orders of the Congress and Committee of Safety, and to communicate back to them from Time to Time, Intelligences and Occurrences that may affect the Public, without the trouble of getting a Quorum of Com-
mittee, and Selectmen together, who live at a Distance, which often causes great delay, and my Time is so often taken up, on one public Affair and another, that I am obliged to neglect my own business to my great Damage —

If the Congress shou'd allow the Regiment raised here in this County to be stationed among us for our Defence, it will be necessary that some body shou'd have the Care of them, besides their own Officers, to employ them in such a manner as shall be most for the Safety of the whole —

In this Service, I think I might be of as much or more Service to the Public than if I was to go up to the Committee, as the Gentlemen there, are more acquainted with the Circumstances of that part of the Province than I am, I shou'd be of the less advantage to them. and I presume I am more acquainted with this part of the Province, and with their concurrence, may be of more service to the Public here than there; for here, new Emergencies may and do often arise, which require immediate attention —

I heard to Day, that lately there were a number of Indians of Androscoggin River consulting what Side to take, but could not agree among themselves. 'Tis Pity but some body here shou'd be employed to negotiate with them or any other Indians as opportunity shou'd offer —

A Man from Deer Island, near Penobscott, was here this afternoon, and gives a melancholy Account of the Distress the People are in that way for want of Bread owing to the stoppage of Trade — He heard that several Children had died of Hunger — What will become of them God only knows, we are not able to help them or our selves — I Dont know what can be done for them or us without some Vessel of Superior Force to the Tenders shou'd be provided to bring Bread kind among us — I just now heard that Cap John Cox was taken on his Passage to New York, with Spars, and carried into Boston —
Account of the Capture of the King's Cutter at Machias.
June 14, 1775.

"To the Honorable Congress of the Massachusetts' Bay."—

"Gentlemen We, the faithful & distressed inhabitants of Machias, beg leave, once more, in the most respectful manner, to approach your presence, & spread before you a just and full representation of our very critical situation.

On the 2\textsuperscript{nd} instant Cap\textsuperscript{t} Ichabod Jones arrived in this River with two sloops, accompanied with one of the Kings Tenders: On the 3\textsuperscript{rd} instant a paper was handed about for the people to sign, as a prerequisite to their obtaining any provision, of which we were in great want. The contents of this paper, required the signers to indulge Cap\textsuperscript{t} Jones in carrying Lumber to Boston, & to protect him and his property, at all events: But, unhappily, for him, if not for us, it soon expired after producing effects directly contrary in their nature to those intended. The next effort, in order to carry those favourite points, was to call a meeting, which was accordingly done. On the 6\textsuperscript{th} the people generally assembled at the place appointed, and seemed so averse to the measures proposed, that Capt. Jones privately went to the Tender, & caused her to move up so near the Town that her Guns would reach the Houses, & put springs upon her Cables,—

The people, however, not knowing what was done, and considering themselves nearly as prisoners of war, in the hands of the common enemy, (which is our only plea for suffering Cap\textsuperscript{t} Jones to carry any Lumber to Boston, since your Honors conceived it improper) passed a Vote, that Cap\textsuperscript{t} Jones might proceed in his Business as usual without molestation, that they would purchase the provision he brought into the place, and pay him according to Contract.—

After obtaining this Vote, Cap\textsuperscript{t} Jones immediately ordered his Vessells to the Wharf & distributed his provisions among those only, who voted in favour of his carrying Lumber to
Boston. This gave such offence to the aggrieved party, that they determined to take Cap' Jones, if possible, & put a final stop to his supplying the Kings troops with any thing: Accordingly, they secretly invited the people of Mispecka & Pleasant River to join them; accordingly a number of them came & having joined our people, in the woods near the settlement; on the 11th They all agreed to take Cap' Jones & Stephen Jones Esq' in the place of Worship, which they attempted, but Cap' Jones made his escape into the woods, and does not yet appear, Stephen Jones Esq' only, was taken, & remains, as yet, under guard. The Cap' & Lieutenant of the Tender, were also in the Meeting House, & fled to their Vessell, hoisted their flag, & sent a Message on shore to this effect: "That he had express orders to protect Cap' Jones; that he was determined to do his duty whilst he had life; & that, if the people presumed to stop Cap' Jones's vessels, he would burn the Town." Upon this, a party of our men went directly to stripping the sloop that lay at the wharf, and another party went off to take possession of the other sloop which lay below & brought her up nigh a Wharf, and anchored her in the stream. The tender did not fire, but weighed her anchors as privately as possible, and in the dusk of the evening fell down & came to, within Musket shott of the sloop, which obliged our people to slip their Cable & run the sloop aground. In the mean time, a considerable number of our people went down in boats and canoes, lined the shore directly opposite to the Tender, and having demanded her to surrender to America, received for answer, "fire and be damn'd:" they immediately fired in upon her, which she returned, and a smart engagement ensued. The Tender, at last, slipped her Cable and fell down to a small sloop, commanded by Cap: — Toby, and lashed herself to her for the remainder of the night. In the morning of the 12th They took Cap' Toby out of his vessell, for a pilot, & made all the
sail they could to get off, as the wind & tide favoured; but having carried away her main boom, and meeting with a sloop from the Bay of Fundy, they came to, robbed the sloop of her boom & gaff, took almost all her provision, together with M' Robert Avery of Norwich in Connecticut, and proceeded on her voyage. Our people, seeing her go off in the morning determined to follow her. About forty men, armed with guns, swords, axes, & pitch forks, went in Cap' Jones's sloop, under the command of Cap' Jeremiah O'Brian: about Twenty, armed in the same manner, & under the command of Cap' Benjamin Foster, went in a small Schooner. During the Chase, our people built them breast works of pine boards, and any thing they could find in the Vessells, that would screen them from the enemy's fire. The Tender, upon the first appearance of our people, cut her boats from the stern, & made all the sail she could—but being a very dull sailor, they soon came up with her, and a most obstinate engagement ensued, both sides being determined to conquer or die: but the Tender was obliged to yield, her Captain was wounded in the breast with two balls, of which wounds he died next morning: poor M'Avery was killed, and one of the marines, and five wounded. Only one of our men was killed and six wounded, one of which is since dead of his wounds.

The Battle was fought at the entrance of our harbour, & lasted for over the space of one hour. We have in our possession, four double fortifyed three pounders, & fourteen swivels, and a number of small arms, which we took with the Tender, besides a very small quantity of ammunition &c. Thus we have given your honors, as particular an account of this affair as possible. We now apply to you for advice, and for a supply of Ammunition & provisions (the latter of which we have petitioned your honors for already) which if we could be fully supply'd with we doubt not but with the blessing of Heaven we should be prepared to defend our
selves.—We propose to convey the prisoners to Pownalborough Goal, as soon as possible, there to await your orders. We are, with deference, your Honors most Obedient Humble Servants—

"Letter from the Com'tee of Machias relative to fitting out an Arm'd Vessel — & Report thereon accepted."
June 17, 1775.

To the Honorable Congress of the Massachusetts Bay

Gentlemen, Since the express left this, by whom we transmitted an account of the taking of the Margeritta, one of
the Kings Tenders, we have discovered, upon examining the Papers, that both Capt. Jones's Sloops, of about 70 Tuns each, were, in the Kings service. And as the People are now obliged to provide for their own safety, in the best manner possible, the Committee of Safety have resolved, with the utmost expedition, to arm one of s'd Sloops, & to act only on the defensive.

We are deeply sensible of our own weakness & danger; & with becoming deference, we once more apply to your Honors for advice & support, if we are judged worthy of your Notice.

We are Gentlemen very respectfully &c

Letter from Committee of Biddeford. June 28, 1775.

To the Honorable, the Provincial Congress

May it please your Honors. As we have tho't proper to forward to your Honors, under Convoy of the Bearers, Messrs. Noah Hooper and Edgecomb Nason; a Person who Calls Himself Tho Neat, we apprehend it to be our Duty as a Committee of Inspection, to transmit you an exact detail of our proceedings relative to him, that he may be dispos'd of as your Honors may judge expedient — therefore beg leave to represent, that on Saturday last, the Person in question arriv'd in this Town and being a Stranger — some of the Inhabitants were prepossess'd with a Suspicion of his being a Spy — The Committee in Consequence were immediately applied to — We attended — when he submitted to an Examination, and gave the following Account of himself — to wit, that he was a native of Britain — had liv'd several Years in America — had frequently travelled, and was well acquainted in most of the Southern Colonies, and had, previous to the present unhappy Crisis of the unnatural Contest between Great Britain and her Colonies, acquired the Birth of a Steward on Board his Majesty’s Ship Senegal Capt Doddington, Commander — that he left England in said Ship about 10 Weeks since — fully persuaded from the representations he had there receiv'd that the Disturbance in America was kindled by the Breath of a faction — by no means formidable that it might be easily quelled, and was universally disapproved by the Cool and dispassionate of all Denominations in the Colonies — that the first american Port they touch'd at was Boston — where they soon had Orders to repair to Falmouth, in Casco Bay, at which place he had been two Weeks — that on his arrival in America, he found, not a faction, but the whole Continent joined in Opposition to parliamentary Measures — that therefore he Could not in Conscience continue in a Service in which he must be Obliged to draw
the Sword against America — for that Reason he had left the Ship and propos'd going to Philadelphia — where he had several friends and Acquaintance — and that he should have applied for a Pass prior to his leaving Falmouth, but that he imagined such application would be attended with Danger, as the Ship lay in the Harbor —

In Order if possible to be more fully ascertained of the truth of the above Declaration — we next day dispatch'd a Person to Falmouth to wait on the Committee there — who informed him that the Steward had departed the Ship — and that the Cap't supposing he had been detained by the People, sent a Message to Col° Preble to demand a Restoration of him — The Col° return'd for Answer that he knew nothing of him, but that he was seen a little before going out of Town, Col° Preble likewise inform'd the Messenger sent by us that he had had some Conversation with this person, and heared him say he intended to leave the Ship for the reason abovemention'd — He hired a Horse a little without the Town of Falm° and came publicly to this place —

The above may it please your Honours is a true Account of what we have been able to Collect relative to the person in Custody — And as the People here are uneasy, and still apprehensive that he may be inimical to the Interests of America — we have judged it most eligible that he should be sent to the Congress that your Honors may give further Orders concerning him, as your Wisdom may direct

Counsel you mention are to govern ye Colony till Some Other Alteration. — In which projection we Heartily Join: But in publick townmeeting: After Debating ye Matter It was Resolv'd that it would Not be prudence for us in our Present Circumstances to Send a man As we are at Great Distance It would be Attended with a Considerable Cost, But further Resolv'd that ye Select Men be a Committee To Write to Yo's Honrs to let you know our present Situation & minds of ye Inhabitants in General —

It is Not Because of any dislike to Yo's proposals that we do not Send a man, for we heartily Concur with ye Measures you have propos'd And heartily Beg the Almighty Will not only Bless them but Direct you further; — As to our Circumstances our town is but A new Settlement & but a few Inhabitants; and we have Lately Suffered Very much by fire; Our Meeting-house Being Burnt & Several Dwelling houses Barns & other Buildings — With A Vast deal of fence & severl feilds & Mowing land Burnt over; —

Honooble Sir

As I have been represented as a person Counter Acting the Resolutions of the Honooble Congress. Justice to my Character requires me to Send you the inclosed, which, with what the Committee of Safety have done in my favour, hope will be sufficient evidence of my Attachment to my Native Country.

As I have heretofore Served my Country both in Millatary, and Civil Capacity. Shall most Gratefully acknowledge Any favours of that kind. And endeavour faithfully to discharge any trust reposed in me.

Sincerely wishing Success to the American Arms I am Honooble Sir most Respectfully, your obedient Humble Servant

Sir

In Confidence, I am determined to write freely to you this Time — A Certain great Fortune and Riddling Genius whose Fame has been Trumpeted so loudly, has given a silly cast to our whole doings — We are between Hawk and Buzzard — We ought to have had in our hands a Month ago, the whole Legislative, Executive and Judicial of the whole Continent, and have compleatly Modelled a Constitution, to have raised a Naval Power and opened all our Ports wide, to have arrested every Friend to Government on the Continent, and held them as Hostages for the Poor victims in Boston — And then opened the Door as wide as possible for Peace and
Reconciliation, after this they might have Petitioned and Negotiated and Addressed &ca if the— Is all this Extravagant? — Is it wild? — Is it not the soundest Policy?  

One Piece of News — seven Thousand Weight of Powder Arrived here last night — We shall send along some as soon as we can — But you must be patient and Frugal.

We are lost in the extensiveness of our Field of Business — We have a Continental Treasury to Establish, a Paymaster to choose, and a Committee of Correspondence, or safety, or accounts or something I know not what that has confounded us all Day.

Shall I hail you Speaker of the House or Counsellor or what? What kind of an election had you? what sort of Magistrates do you intend to make?

Will your new Legislative and Executive feel bold or irresolute? Will your Judicial Hang and Whip, and Fine and Imprison without Scruples? I want to see our distressful Country once more — yet I dread the sight of Devastation.

You observe in your Letter the Oddity of a great Man, He is a queer Creature — But you must Love his Dogs if you Love him, and forgive a Thousand whims for the sake of the Soldier and the Scholar.

Yours

N. B.

My Dear

It is now almost Three Months since I left you, in every part of which my Anxiety about you and the Children as well as our Country has been Extreme.
The Business, I have had upon my Mind has been as great and important as can be intrusted to One Man, and the difficulty and intricacy of it Prodigious, when 50 or 60 Men have a Constitution to form for a great Empire, at the same Time that they have a Country of Fifteen hundred Miles extent to Fortify, Millions to Arm and Train, a Naval Power to begin, an extensive Commerce to regulate, Numerous Tribes of Indians to Negotiate with, a standing Army of Twenty Seven Thousand Men to raise, Pay, Victual and officer, I really shall pity those 50 or 60 Men.

I must see you e'r e Long — Rice has wrote me a very good Letter and so has Thaiter, for which I thank them both. Love to the Children

I wish I had given you a Compleat History from the Beginning to the end of the Journey of the behaviour of my Compatriots — No Mortal Tale could equal it — I will tell you in future, but you shall keep it secret — The Fidgetts, the Whims, the Caprice, the vanity, the Superstition, the Irritability of some of us is enought to —

Colony of the Massachusetts Bay

To the Honorable American Congress at Philadelphia.

May it Please your Honors The distress'd Situation of the Eastern Parts of this Colony exhibited in the Petition (accompanying this Address) from the Committee of the Town of Bristol, and the impracticability of conveying provisions to them by Land will excuse this Court for troubling the Congress with an Address in their behalf — The two Houses of Assembly humbly request your Honors to take their Prayer under your wise consideration, and act thereon as in your Wisdom you shall think proper —

Representation of Bristol. 1775.

The Committee of the Township of Bristol in the County of Lincoln in the Province of the Massachusets beg leave to represent to the Honourable the Provincial Assembly now Assembled at Watertown the very Distress'd Situation that all degrees of the People are in for want of Provisions of every kind and in short of every necessary in Life, their Situation is still made more bitter & alarming from the reflection that the same want is General from the River of Kennebeck to the most Easternmost part of this Province And We are made Acquainted that there is a Standing Resolve of the Honourable Continental Congress that No Provisions Shoule be Sent from the Southern Colonies to this Province for fear of such Supplies falling into the hands of the King's Troops or Men of Warr —
It is our Study and desire that every Resolve of the Continental Congress should be held sacred by us; We are Sensible that it may happen sometimes that Individuals or particular places may be Injured by Resolves which may notwithstanding be of great Utility to the Whole Continent in producing a repeal of the Many Obnoxious Acts & forwarding a reconciliation between the Colonies & Mother Country — Yet We must Petition & Beg that you will take our Peculiarly distressed Situation under Your Wise Considerations and Grant Yourselves and also procure a Liberty from the Honourable the Continental Congress to permit the Bearer of this Mr Wm Savage to Ship Us one or More Loads of Provisions from such places to the Southward and West as May best Suit him; And as the above named Mr William Savage has been amongst Us And Made himself fully Acquainted with our distressed Situations We beg leave to refer You to him for such further Information as You may require from him; Having no doubt that you will Complye with this our most Earnest desire—

Lord Dartmouth to Major Genl Howe

Secret Whitehall 5 Sept' 1775.

Sir

After having in my Separate Letter of this day's date said so much upon the ideas which have been adopted of the great risque & little advantage that are to be expected from the Army's continuing at Boston during the Winter season, unless a more favourable Prospect opens, & having also repeatedly suggested the advantages of recovering possession of New York, I have nothing to add upon those material Objects of your consideration, but as it is of very great Importance that you should know upon what ground we entertain confident hope of having a large Army in North America in the Spring, I should be unpardonable if I did not acquaint you that His Majesty's Minister at Petersburgh having been well instructed to sound the Empress, how far she would be disposed, in case of necessity, to assist His Majesty with such Force as the state & security of the Empire would admit; Her Imperial Majesty has, in the fullness of her affection for the British Nation, & of gratitude for the benefits she received under her late difficulties, made the most explicit declaration, & given the most ample Assurances, of letting us have any number of Infantry that may be wanted.

In consequence of this generous and magnanimous Offer, a Requisition has been made for Twenty Thousand Men, & it is proposed to send the greatest part of these Auxiliaries, as early as possible in the Spring to Quebec; And I trust we shall have at least an equal number of British Troops in North America to act with them, if Occasion requires.

Letter from Committee of Safety at Machias. 1775.

To the Honorable Council and House of Representatives of the Colony of the Massachusetts Bay now setting at Watertown.—

Gentlemen, During the absence of Capt" Obrien, the Committee of this place commissioned Capt" Stephen Smith to take Charge of the Private-ter, & bring in here the Brigg Loyal Briton owned by Mess" Archibald Wilson, James Anderson, John Greenlaw, David Black and John Semple who had sent her to St John's River in Nova Scotia to load with Cattle &c. for the Army at Boston; & upon Capt" Smiths Arrival there, he found the said Brigg loaded & weighing Anchor. He thereupon took Immediate possession of her, without opposition and after taking the provision found in the Fort, burning the Fort, and taking a Corporal & two Privates, with two women & five Children he proceeded with his Prize & Prisoners, (Mr John Semple of Boston and David Ross the mate excepted, who found means to Escape), directly to this Place. An exact Inventory of the Goods taken in the Brigg and in the Fort we send enclosed.
The Cattle, sheep, Hogs, smoked Salmon & Butter, we have divided among the people, who took them, except one third part reserved in the Hands of the Committee for publick use: The other things are all Stored, & await the orders of the General Court. The two private Soldiers, with their wives & Children, at their earnest request, we have sent back to S't Johns, taking it for granted that they would be not only useless, but expensive lumber in the western parts of this Colony. William Miller the Pilot of the Brigg and three seamen are permitted to ship on board the Private-ter, and Capt'n Frederick Sterling only, the Master of the Brigg, and the Corporal above-mentioned are sent to Court. Capt'n Sterling has much to say for himself, but his conduct is not altogether unexceptionable: All we can say is, that he is a North Briton. We have given him part of his private venture, & reserve the rest till the pleasure of the General Court is known. John Anderson Esq' was also on board the Brigg, as a passenger who was dismissed & suffered to return to his own Home, not because he appeared to be a cordial friend to the Cause in which we have embarked, but because he belonged to another Province.

Nothing material has since happened, for we can do but little

We now beg leave to return your honors our Humble & hearty thanks for the many favors already confered upon us, of which we shall ever retain the most grateful remembrance. It would give us the highest satisfaction to find ourselves able, thro' the aid you have graciously given us, both in the Land & sea Service, to protect & support ourselves without giving your Honors any further trouble: But such are our Necessitous circumstances, thro' the almost total failure of our commerce, upon which we have hitherto subsisted & by which we have rose to such magnitude, as to be in some measure worthy of your Honors attention, the Admiration of
this Vast Continent and the dread of Halifax, and the brittish Navy, that we have no other alternative, but Either to "sink" or to make a most humble and dutifull application to our avowed, beloved, & beneficent Guardians. We are therefore under the disagreeable necessity of adding, That we have drawn a bill upon your Honors in favor of Mr Wm Shey of Philadelphia for a Cargo of provisions, a Copy of which, together with the Letter of advice given with it; we send enclosed. We could not but View the arrival of this cargo of provision as a very remarkable interposition of Divine Providence, in our behalf, & thought ourselves indis- pensably bound to treat the benevolent Instrument by which it came, with honor. But purchase we could not; Lumber would not answer, and all the Cash we could collect in the whole place was but barely sufficient to pay the freight. To suffer this provision to depart from us, & go elsewhere, would have been the heighth of distraction, as we were then in want, and armed Plunderers infested all our coasts, and picked up all the provision they could find; and especially when we add, we had no prospect of either Quails or Manna. The sacred laws of self preservation, therefore, deserved respect to Mr Shey, the tender obligations, that subsist between the Guardian & his beneficiary, & the Mutual affecti- on of Indulgent parents & dutifull Children, all conspired to Justify; & even recommend a draught upon the General Court of the Colony. The bill is drawn, & a copy of it now lies before you. If it is duly honored, our Mills, our boards, our shingles &c our houses and not to mention the sloop Mechias Liberty, sloop Unity, the Margeretta, Diligent, Tat- amagouch, or the Infidel reclaimed (once Loyal Briton) our all is yours, till the whole is repaid. This may soon be done, for we are both able & willing to pay the whole amount of said Bill in lumber on Demand. If this bill is not Honored, we tremble at the consequence!
On this occasion we send Mr. George Stillman as our Representative who was chosen by the Town for that purpose. And with him we send the Accounts of our expence in bringing the Dead, who fell in the day of battle, or died by the wounds they then received, in taking care of the wounded, & in supporting the prisoners & conveying them to Head Quarters, except the Doct'r's Bill, & the persons who attended him, which we choose they should present themselves. The charges of those persons who were lately at the General Court, & Mr. Stephen Jones's we have sent as they brought them in to us. But all the rest we have examined, and Approved. We are heartily grieved to see our expences run so high, but we see no way to reduce them any lower without doing apparent injustice. We have other enormous expences among ourselves which we never mean to mention in the ears of Government, for the greatest part of us have spent almost our whole time in public service since the taking of the first Tender. We are but an handful & every publick exertion required the most of our strength. And were your Honors graciously to add, to your parental bounty in the land & Sea Service of this place, which we esteem a rich & signal favor, all the Prizes we have taken, we should still be sufferers. We ask not a farthing more than we have merited; we expect, we are willing to suffer with our brethren, for it is honorable & Glorious to suffer in this Cause. Your Honors are well Acquainted with our infant state, with our critical situation, & with all we have done in support of the invaluable privileges of America, & Great Britain, and we rest assured that you will not permit us to suffer beyond measure. We must now acquaint your Honors, that the Company of Militia at our western Falls have chosen Mr. Jonathan Knight their Captain Mr. Daniel Miservey their first Lieutenant, & Mr. David Longfellow their second Lieutenant. The Company at Eastern River have chosen Mr. Joseph Sevey Captain Mr.
John Scott first Lieu & Mr Ephraim Chase second Lieu we pray therefore with submission that their commissions may be made out & sent down — The Town approves of Mr Benjamin Foster as a Magistrate, but prefers Mr Joseph Libbee to Mr Nathaniel Sinkler & humbly request that both these Gentlemen may be made Justices of the peace.

We also beg leave to recommend to your Honors Notice the Widow McNiel & her orphan children who are left under very poor circumstances. Mr John Berry who has a family Ebenezer Beal of Old York, a very old Man & Isaac Taft & James Cole, Young men, may not be, perhaps, unworthy of Notice. These were all badly wounded, and it is doubtful whether they will ever be capable of business as they were before, or not. The last mentioned is still confined. Before we conclude, we must observe that on the 8th Instant Eleven Deserters from the Somerset at Halifax arrived here, who informed us that the Tartar & two ships of war are now up the Bay of Funday, & that a Schooner of 14 Carriage Guns & 50 men, was fitting out at Halifax in order to Join two other Tenders, and proceed directly against this place. Eight of the said deserters are inlisted on board the Sloop Machias Liberty. Should Armed Vessels come against us we should be in danger of falling a sacrifice, for we are very Scant of Powder; as almost all that was taken in the Diligent was destroy'd, some body poured water into it privately. We earnestly beg therefore, that your Honors would please to send us More.

We are Gentlemen most respectfully your most Dutiful & Humble Servants.

To the Honourable his Majesty's Council and the Honourable the House of Representatives of the Colony of the Massachusetts Bay.
OF THE STATE OF MAINE

May it please your Honours The Destruction of the Town of Falmouth on the 18th current by a Fleet under the command of Capt'n Mowit (the particulars of which your Honours have doubtless been informed of) has greatly alarmed this part of the Country, which we fear is destin'd to Devastation and Ruin, by our cruel & unnatural Enemies—but our greatest fears at present are, that our Enemies design to take possession of Falmouth Neck, & fortifie an Eminence that overlooks the Town & Harbour there, as it has been reported that Captain Mowit has hinted that he expected to winter at Falmouth with as many of the Kings Ships, as the Country round wou'd afford subsistance for—Those of your Honours who are best acquainted with this part of the Country must be sensible that Falmouth affords a Harbour the most commodious for the Kings Ships to winter in of any perhaps between Boston and Halifax—that the Hill on the Neck may be easily so fortified, as with a small garrison of men, and a Fleet below to defend it, they may defie all the Force of this part of the Country, if not the united Forces of the whole Continent to rout them—And shou'd such an Event take place, not only this County, but all the Eastern Shore with the whole Province of Maine, may be lost to the Country for ever—The Consequences of which wou'd doubtless be most severely felt by the whole Continent, not only in the heavy loss, of so great a part of the Country, to the Community, but by the great Advantage such an Acquisition wou'd be to our Enemy in furnishing them with plenty of Lumber of all sorts Masts for their Navy, with Provision &c—

We therefore beg that your Honours wou'd take the distressed state of this part of the Country into your immediate Consideration, and afford us such assistance as in your great wisdom you shall judge best, either by seconding our Petition to his Excellency General Washington praying Him to take this part of the Country under his immediate Protection &
send forces to fortifie & garrison the said Eminence on Falmouth Neck, or shou’d he decline it, by affording us such Assistance yourselves, in men and Military Stores (in both which we are greatly deficient for such an undertaking) as may secure us from becoming the inevitable Prey of our merciless Enemies, for shou’d they once get footing in Falmouth, we shall to all human appearance, be soon reduced to the wretched alternative of yielding ourselves up into the hands of those whose Tender Mercies are cruelty, or of flying with our families naked & forlorn of all earthly subsistance to some other part of the Country, dependent upon Charity for our daily bread! We hope your Honors wont consider & treat our Fears as chimerical & groundless —

For further particulars we beg leave to refer you to Dr Russel the Bearer, a Gentleman who will be capable to give any further light and Information respecting the dangerous state of this part of the Country that your Honours may think proper to require — We are with great Respect and Deference your Honours most obedient and very Humble Servants

Letter from Jer'h Powell. 1775.

North Yarmouth Octo' 24. 1775.

To the Honourable Council, and to the Honourable House of Representatives of the Colony of the Massachusetts Bay—

May it please your Honours — Last Evening came up to this Town from the Halifax armed Schooner, belonging to a Fleet, viz the Canceaux the Semitry & the Spitfire, lying in Hog Island Road under the Command of Capt Mowit Three men Deserters from said Schooner, who ran away with the Yawl belonging to said Schooner, from a watering Place on Hog Island where they with one man more under the Command of a Midshipman were sent on Shore to take in Water — They came & delivered themselves up to some of our Militia who were at work erecting a Battery on the Shore — And give us the following Inteligence That on Monday the 16th Current the s'd Fleet arrived in Casco Bay. That the same Day their Orders were read to them which were to burn, sink & Destroy every Thing to the Eastward of Boston that they cou'd not conveniently carry off with them.

That Tuesday the Fleet went up to Falmouth & came too in a Line before the Town — That Wednesday Morning about 9, o'Clock they began to fire upon the Town, and about 2 Hours after the Fire began Boats were sent on Shore to fire the Houses by hand — that the men went on Shore unarmed, and to their apprehension not more than 20 were on Shore at any one Time. Further they say, that the
greater part of the Buildings that were burnt were fired by Hand — The mens names are Charles Stuart Quarter Master, John Elliot and Daniel Streetland Foremastmen, the two first taken out of Vessels which they took, & are now detained in Boston Harbour, & the last impressed out of a Schooner at Halifax —

The men give a fair and honest Acc of themselves and agree very well in their Relation of the fore mentioned Facts— We have sent them to the Committee of Scarborough to be forwarded to the General Court at Watertown, where when they arrive your Honors will have Opportunity for further Examination as may be tho't proper — The Yawl in which they made their Escape is now in our keeping, And should be glad to receive Orders what shall be done with her.

I am your Honours most obedient and most humble Servant

May it please your Excellency

Impelled by the triple tyes of affection for my Country, Attachment to Liberty, and concern for my family Interest
and place of residence, I am embolden'd to break thro' the rules of formality, and inform your Excellency, that at Annapolis in this Government, a schooner with hands impressed, which had two Cask of Powder, and an equivalent in ball, ship'd by some officers in the Governments service, was sent to St. Johns river, with orders to put the Powder, Ball, &c into the hands of the savages there, and stir them up to cut off the inhabitants of Mechias, having an Officer on board to whose care the matter was committed. Thrice they put out of the harbour & by violent winds, were drove back, the last time the vessel narrowly escaped being lost, which adverse Providence has induced them to lay by their design at present. At the same place a Ship of Six hundred tons, collecting stores for Boston, was lately cast away with entire loss of Vessel & Cargo — This intelligence may be relied on.

Altho I am from circumstances, disagreeably here at Present, my most fervent wishes are, that the Noble struggles for American Liberty may be succeeded. That your Excellency may receive all Wisdom, Valour, and Protection, in your exalted station, from the Supreme Parent of those Blessings, and be the happy Instrument of bringing our distresses to an honorable, speedy, and effectual close, is the unfeigned prayer of Your Excellencies most obedient devoted humble servant

This letter was wrote with a view of embracing the first opportunity to send it the General. John Frevoy of Yarmouth in Mr. Stanleys schooner promis'd to call at my lodgings before he sailed for Marblehead last winter, but failing of calling I had not opportunity to send it, fearing to give it him long before he said, lest it might be known in Nova Scotia —
Copy of Letter from Stephen Parker to Christopher Prince

Yarmouth N Scotia 16th Jan' 1776

Dear Sir

Neither for toryism or any other offence against Church or State am I here, a place not long since to me the least expected & at present the least desired. My scitation is from a similar to the peasant who secure in his cottage observes the rising storm with tranquil mind but more truely comparable to the trembling merchant that from a barren Cliff beholds the rushing tempest lash the furious waves which threaten each moment to devour his expectations & wealth. Dont ask me why. I draw aside the curtain of reserve & answer thus, my lot is providentially cast & the small property I own fixd in a place whose inhabitants have not been the least active in annoying & destroying what they deem'd inimical to this Countrys welfare. Their vigorous exertions have made it absolutely necessary to keep a continual guard for the defence of their humble possessions the price of their past labour & presage of their future livelihood which being wholly incompatible with those vocations that a daily support calls for have by consequence not only stagnated but almost annihilated trade their whole dependance & introduced want, distress & every concomitant evil.

You may remember I intimated to you a design of visiting the Southward in a letter —

The first of july last I took passage for Philadelphia in hopes of meeting with some open door to remove my family there, but finding Lumber the only article I could export in lieu of my property if I Disposed of it, would bear no price or scarcely more than pay freight I was obliged to abandon the thought & return where in my way back happening at Nantucket I met some business that with succeeding circum-
stances brought me to this place, at which I arrived the first of November —

The conceptions Mrs Parker my friend & the inhabitants have of my long absence I am a stranger to but tis not improbable they deem me a prisoner in Boston as I have reason to think they have had no opportunity of hearing where I am, should a conveyance from Anapolis offer of sending my family word a line from you to Mrs Parker informing my design is to see her soon as possible, and if not disagreeable your enclosing her this letter would lay me under very great obligations.

My dear Sir, is not this a dismal day, when our late peaceable habitations are invaded by hostile arms, Our safety, our lives held by the most precarious tenure, Famine threatening our once flourishing quarters, plunderers prowling from port to port, preying on the property of the distressd honest & industrious, and every evil with accumulated force sweeping, till now this happy land — In what direction or to what place shall we flee for safety. To Nova Scotia say you, I answer not, discord & disorder prevail here jealousy & distrust have seized the humane breast & expected dangers appall every countenance. Tis true the Royal word is past & government encourages with promises fair & doubtless faithful the loyal sufferer that shall shelter himself under this wing, but ineffectual scheme — will fanning breezes quench a rapid flame or smooth expressions tame the fiery courser O my Country — my Country — believe me Sir there is an unalienable tye, & the tenderest sensations forbid a divorce. In whom, or where, in every feeling heart. Can a woman dash the fruit of her womb against the poignards point, or call forth the savage of the desart to destroy her smiling sons & daughters? can she turn her once fostering hand on which her tender offspring proud of their parentage so fondly lean'd, against their breasts her own & every vital pore, forbid it Heaven —
But while I thus rove o'er the landskip of disorder I forget I may obtrude on your serene mind gloomy ideas & dismal presages. Let the Sons of ambition inebriate at the fountain of Honour till they quench their insatiable thirst, The votaries of mammon drive thro golden mines till they cry enough of shining dust Rapine & violence bleed upon its own point and the authors of publick calamities gasp out their contagious breath in a halter return but peace with humble fare and the gay like Indians fond for me may share all featherd fopgeries.

I have only to add, my fervent prayers to the Almighty, that he would be pleased to bestow on you & yours every blessing with the full enjoyment of internal & external peace and tranquility assuring you I am

Dear Sir most sincerely your obedient humble Servant

Sir I think it my Duty to remind you, as you have doubtly been informed of what we have done that we generously too generously returned to the officers taken in the Schooner Diligent
all their private property, & among their things all the plans of this Continent, in their possession, which oversight we greatly regret, & for which we can make no apology but our distress & confusion at that time, which would not admit of our attending to this matter as its vast importance required. Lieut. Knights goods are all sent away Lieut. Spry's only remain in our possession. These goods by Capt. Willards advice we have examined & have found the sketches now in our hands, together with a valuable compass some slop cloathing &c which is recorded. I now, in behalf of the Committee, humbly ask, if Lieut. Thomas Spry has not forfeited all his right to said goods? I therefore beg advice & direction of the Honorable General Court, which we should be glad to receive as soon as may be —

Gentlemen,

Yours of the 29\(^{th}\) of January last by Cap\(^tn\) Willard to the President of the Council is now before us. The subject
matter thereof hath been duly consider'd. Altho' we could wish that the plans in possession of Lieutenant Knight had been detained, yet we are far from censuring the Inhabitants of Machias for not doing it. We are inform'd they are now in his hands. Some steps will be taken to secure them. We approve the measures you have taken with regard to Lieutenant Spry's goods. You will safely retain the whole.

_Lord George Germain to Major General Howe_

**Whitehall February 1st 1776**

Sir,

Since my letter to you of the 5th of January every effort has been exerted in the different Departments, to bring forward the Preparations for the ensuing Campaign in North America, and though the Severity of the Weather, almost beyond what has ever been known in this Country, very much obstructs the Service in the Naval Department, yet I am encouraged to hope that the Reinforcement for the Army under your Command will be embarked before the end of March, and that the Armament intended for Quebec may be ready much sooner.

The unfortunate Events, which have happened in Canada, make it necessary that we should not only exert every Endeavour for the relief of Quebec as early as possible, but also for having a Force there, ready to commence its Operations, as soon as the Season will admit.

The great Attention, which the King shews upon all occasions to the rank & Merit of His Officers, would have led His Majesty to have appointed Major General Clinton to command upon this Service, under Major General Carleton, but as His Majesty's Pleasure has been already signified that he should command the Body of Forces to be employed
OF THE STATE OF MAINE

upon an Expedition to the Southward, & he is, by this time probably sailed for Cape Fear, in order to wait their Arrival, His Majesty has thought fit that Major General Burgoyne should act as Second in Command to General Carleton in Canada, and that he should proceed thither with the Eight Regiments from Ireland, which I hope will be ready to sail by the 20th of next Month.

If Quebec should fall before any Relief can be got thither and Major General Carleton should unhappily not survive the Loss of it, the King’s Intentions are that, in such an Event, the Command of the whole of His Majesty’s Forces in North America should devolve upon you. It is also His Majesty’s Intentions immediately to appoint Majors General Clinton, Burgoyne, Lord Percy & Lord Cornwallis, Lieutenant Generals in America; The old Colonels, who now act as Brigadiers, are to have Commissions as Majors General; and the other Colonels will be appointed Brigadiers.

In case of Major General Carleton’s death it will remain with you to dispose of the different Commands, as you, in your discretion, shall think fit. It will consequently be in your power to leave the Command of the Troops on the Side of Canada to Major General Burgoyne, or, if you think it more advisable you may appoint General Clinton to that Service; And it being His Majesty’s Pleasure that Major General Lord Cornwallis should be employed in Canada, he & his Regiment are to be sent thither as soon as he joins the Army under your Command.

In the present state of Affairs in North America the Security of Nova Scotia & Newfoundland are Objects of Attention; and I am commanded by the King to signify to you His Majesty’s Pleasure that the two Battalions of Marines, now serving under your Command, or any part of them you shall judge necessary, should be posted at Halifax, and that a Detachment of Major Gorham’s Corps be posted at St.
John's in Newfoundland, as a Garrison will be wanted there. It is also his Majesty's Pleasure that as many of the private Men of the 65th Regiment as are fit for Service should be turned over to the 27th Regiment, and if there are more than will complete it, you will incorporate them in any other Corps; That the 27th Regiment, when so completed, be joined to the Army under your Command, and that the Commissioned & Noncommissioned Officers & Invalids of the 65th be sent home to England.

I must not omit to acquaint you, before I leave the Subject of Military Arrangement, that the Officers of the Guards have expressed such Spirit & Zeal for His Majesty's Service, that His Majesty has ordered a Detachment of a Thousand Men rank & File, with Officers in proportion, to serve under you in America, and I have only further to add, that the King is so desirous of expressing upon every occasion His Royal approbation of the General Officers serving in the principal Ranks in America, that He has declared His Intentions that he will not employ any General Officer from hence who may be superior in rank to Majors General Clinton, Burgoyne, Lord Percy or Lord Cornwallis.

This letter will be entrusted to the Care of the Commander of His Mátys Ship Greyhound, who will also deliver up to you the Officers of the Privateer fitted out by the Rebels under a Commission from the Congress, & taken by one of Admiral Graves's Squadron. The private Men have all voluntarily entered themselves on board His Majesty's Ships, but the Officers having refused so to do, it has been judged fit to send them back to America, for the same obvious reasons that induced the sending back the Rebel Prisoners taken in Arms upon the Attack of Montreal in September last.

It is hoped that the Possession of these Prisoners will enable you to procure the Release of such of His Majesty's
OF THE STATE OF MAINE

Officers and loyal Subjects as are in the disgraceful Situation of being Prisoners to the Rebels, for although it cannot be that you should enter into any Treaty or Agreement with Rebels for a regular Cartel for the Exchange of Prisoners, yet I doubt not but your own Discretion will suggest to you the means of effecting such Exchange without the King's Dignity & Honor being committed, or His Majesty's Name used in any Negotiation for that purpose; And I am the more strongly urged to point out to you the Expediency of such a Measure, on account of the possible Difficulties which may otherwise occur in the case of foreign Troops serving in North America

I am &c
Geo: Germain.

Letter from Edwd Parry. 1776.

Gentlemen I take the Liberty of addressing myself to you, and acquaint you, that having many unsettled and domestic Affairs in New Hampshire, where I used to reside, I petitioned the Hon ble the General Court of this Colony to release me, that I might return thither, previous to their ordering me into this Town, and putting me under your Care: my Affairs there still continue in the same unsettled precarious state, and am also in want of cloathing and other necessaries, I sup-
posed their intention was to confine me here only for a short time, as I enjoyed no Office or commission under the Crown, nor (as I thought) had done any Injury to the Colonies, the duration of time they intended to confine me may possibly be elapsed; and if not, I apply to you Gentlemen to grant me liberty to return to my Home some time this Spring, and will return here whenever I am required; If you do not think that you can consistently grant me permission, be pleased to request your Representative to communicate my desire to the General Court, and you will greatly oblige

Gentlemen your most obedient humble Servant

Salem March 19, 1776

Sir The Selectmen of Salem this day delivered to John Obrien two hundred pounds of powder for the use of the privateers Diligent & Machias Liberty in the service of this colony, as will appear by the inclosed receipt. The said Obrien shewed us a letter from Francis Abbot written for you as Commissary General, to Rich'd Derby Esq requesting him to furnish Obrien with that quantity of powder; but as the town had purchased the whole his vessel brought home, Obrien applied to us; and as the necessity appeared to be urgent we supplied him upon certain expectation of receiving the same quantity of you when requested, to be delivered at Salem without any expence to the town, or paid for at the price mentioned in the receipt, as the selectmen sh'd chuse. Of all which they give you this early notice, & pray that provision may be made for replacing the powder on the shortest notice, if they should judge it necessary for the town's safety.

Order'd that the following Letter be sign'd by the President of the Council and forwarded to the Indian Chiefs of the Penobscot Tribes

Sent up for Concurrence.

Friends & Good Brothers.

This Letter is to acquaint You that we receiv'd your favor by Lieutenant Gilman dated at Penobscot River the 22d November 1775, by which you have acquaintance'd us, that you made choice of Mr. Jonathan Lowder for your Truck-master, and finding that Mr. Preble was appointed you were not contented, and that You want to know how the alteration came to be made, you say you have heard that it was altered by means of two young Indians that came here; in Answer to this We tell you that we are sorry that you are not contented with Mr. Prebble, and have so many complaints against him.

this alterations in the Truckmasters happened by a very great mistake, as both these Men were to keep at Penobscot, but we trust you will excuse it, as we were then very much troubled with the white people of old England, which we have since drove out of our Colony, you tell us that when you agree to a thing you mean to stand to it, we mean to stand to all the promises we have made to You, You may depend on it, that all we have promis'd You will be done by us, Cap' Lane is oblig'd to go to New York, he can't come to You this Summer, but we have order'd Lieutenant Gilman to keep at Penobscot &c with You. You desire us to mind nobody but the Heads of your Tribe. We desire You for the time to come to sign all the Letters you send us with your marks, that we may not be deceived.

Dear Brothers, We have the pleasure to tell you, that by the help of God we have drove them wicked people of old Eng-
land out of our Colony, and we trust and believe we shall be able to keep them out, we have built forts in almost all our Towns that are near the water, we are also a building a great many ships of war, with which we intend to drive away their Ships, we have heard that our enemies intend to go to Canada this Summer, if they do we trust you will help us drive them away, if we should want You. Your letter came so late that a great many of our Court were gone home before we received it, therefore we shall order the farther consideration of it to the next General Court which will be in June, they will send You a Truckmaster that You will be contented with, who will trade with You, and supply You with such things as You will want, if they can be bought. We wish You a blessing, health and prosperity and are

Extract from Letter of General Howe to Lord George Germain.

Halifax May 7th 1776

In obedience to your Lordships Commands for a more explicit Account of the Expedition to Falmouth, which was entrusted to Lieut¹ Mowat of the Navy, assisted by a Detachment of Marines & Artillery, I have reexamined the Officer who commanded this Detachment, & find that his Orders from General Gage were, to embark on board several armed Vessels the 6th October 1775, & to aid & assist Lieut¹ Mowat in annoying and destroying all Ships & Vessels belonging to the Rebels on the Coast, & in the Harbours to the Eastward of Boston: That they first examined the Harbour of Cape Ann, & finding the Attack upon it inexpedient they proceeded to Falmouth, & laid the armed Vessels before the Town on the Evening of their Arrival, after which Lieut¹ Mowat sent an officer on Shore with a Summons to the
Inhabitants to deliver up their Arms & Ammunition, acquainting them at the same Time, that his Orders directed him to destroy the Town, if they did not comply with his Demand, of which they should be allowed two hours to consider & to remove their Women & Children; shortly after three Persons, deputed by the Inhabitants, came on board requesting a longer Time, & it was agreed to wait their Answer until eight Clock next Morning, about which Hour the same Persons returned, & reported that the Inhabitants were determined to wait their Fate: Within half an Hour a Signal was made by Lieut' Mowat, the Vessels began a Cannonade, and several Carcasses were thrown into the Town, which set Fire to the Houses, & in a few Hours consumed the greatest part of them: a Detachment was then landed who compleated the Destruction, & embarked without Loss. The small Vessels in the Harbour were burnt, sunk, or brought away the 18th October, and the Armament returned to Boston the 5th Novr without attempting any further.

Petition of Stephen Parker. May 11, 1776.

To the Honourable Council and the Honourable Representatives of the Colony of Massachusetts Bay.

May it please your Honours—With the profoundest respect and submission I beg leave to acquaint your Honors that the fifth of July last I took passage from this place for Philadelphia in hope of obtaining a supply of provision for the Inhabitants here, as I had not cash to purchase the Reverend Mr James Lyon furnished me with a letter of recommendation to his friend Jonathan Smith Esq of Philadelphia, but after the most earnest application to that gentleman & others during a months stay in the City with offers of mort-
gaging a considerable interest till Payment for one hundred barrels of flour, finding no probability of success & having nearly expended the trifle of money I carried with me I took passage with Captain Edward Bacon of Barnstable in a sloop loaded with flour, belonging to Colonel Doane of Welfleet bound for said place, arriving at Barnstable, I made pressing suit to Colonel Doane offering him the same but was here unsuccessful, I then try'd Captain Solomon Davis, Melatiah Bourn Esq, and Colonel Joseph Otis of Barnstable for assistance but these gentlemen not being disposed to risque or Credit their interest and my money being gone I was obliged to sell two of three barrels of flour which I brought from Philadelphia for my family. I then met Mr Shubael Lovel of Barnstable who gave me encouragement of sending a small schooner with some provisions to Mechias, but failing of obtaining the provisions, or fearing to risque his vessel this also fell thro', my solicitude was now turn'd to get home with all speed and going from Highannas to Nantucket with Mr Lovell he mentioned my case to Mr Timothy Fitch there, who told me if I could obtain permission for exporting Lumber to the West Indies he would supply me with provisions, in consequence of which I prosecuted a journey to Watertown, waiting on Colonel Joseph Otis and the Honourable James Bowdoin, who furnished me with recommendatory letters to the Honourable James Warren, but Collonel Warren presuming the matter would not be acceptable to the Honourable House, I returned full of anxiety & distress to Nantucket being reduced so low as to fear I should either suffer or be obliged to solicit the hand of Charity. On arrival at Nantucket I let Mr Fitch know my Circumstances with the scituation of Mechias and inform'd him that I thought I could serve that place effectually if I could go to Nova Scotia & send or carry hay from thence which we always supplyd ourselves with from said government for the
support of our Cattle. Mr Fitch coincided in sentiment with me & we purchased of Captain Dunham of the Vineyard Three hundred thirteen bushels of Indian & fifteen bushels of rye Corn which was increased by a trifle of said articles & some rye flour & bread Mr Fitch had by him & we were preparing to sail when five or six people at Nantucket appeared dissatisfied on which I was advised by the Inhabitants to make application to the Committee at Falmouth, This I did & informing them what pains I had taken and at what expense I had been to serve Mechias with my earnest desire of getting home with what I could procure I obtained their consent to sail, on which we left Nantucket in a Brigantine commanded by Captain Thomas Fossey and meeting with one vessel only which appeared to chase us, arrived at East passage, from which Place we immediately proceeded to Cape Forschue in the bay of Fundy & directly opposite Mechias, here I disposed of what was on board save a small matter sold Mr William Pitts at East passage (exclusive of what I was intitled to from a Commission allowd me & which I strictly reserved in provision to Carry to Mechias) to New england people only, who appeared real friends to the welfare of America. On arrival I engaged a Schooner of one Mr Tinkham & seven Load of Salt hay (no english being to be had) intending immediately on the Brig’s sailing to proceed therewith for Mechias but the Hay proving very bad & none else to be got, I faile in this but embrac’d the first opportunity I could meet of getting to Mechias with my Provisions, at the expense of ten dollars.

May it please your Honors — Ignorance, inadverterence & absolute necessity were the sole cause of my setting foot in the government of Nova Scotia & during my continuance there which was at Cape Forschue, I neither corresponded countenanced or associated with any of the enemies of America but most warmly espoused the cause of Liberty &
bore unfeigned testimony against the iniquitous tyrannical ministerial measures & acts of Britsh parliament, nor was this confined to my tongue alone but my hand witnessed the same as leisure & oportunity gave me leave, Copies of which I humbly crave leave to lay at the feet of your Honours most solemnly declaring them to be authentic —

May it please Honours, from the first of my leaving Mechias last july to my arrival a few days since I have not ceased endeavours to serve the place to the utmost of my ability and I do most solemnly declare that nothing has, is, or can be remoter from my heart than an inclination to aid or abet the enemies of America, Liberty & Freedom, and in this necessary contest am willing to risque my interest in Life and for this purpose did strictly recommend to Captain Fossay to bring a quantity of powder for the use of the Colony Therefore throwing myself at the feet of your Honours I most humbly crave for myself and distressed family your Honours Pardon and protection, and as in duty bound shall ever pray for your Honours consummate Happiness & prosperity —

Stephen Parker

Mechias 11th May 1776 —

May it please your Honour

You may remember I waited on you some time last September with a letter from Mr Timothy Fitch craving your interest for permission to send a vessel to the West Indies, in consequence of which you were pleased to write Colonel Warren on the subject and recommend the same, on my arrival at Watertown, presenting your letter and informing the Colonel of my business, he advised me not to mention the matter to General Court, as thinking it would not be granted, I submitted, and returned, and having expended
what money I was possessed in seeking after relief for the inhabitants of Mechias, I mentioned to Mr. Fitch my real opinion was, if I could proceed to the Bay in Nova Scotia & procure a quantity of hay it would be of eminent service to our people, as a large stock of cattle must die if no hay could be obtain'd but what was cut in the place, we being supplied with hundreds of Tons from Nova Scotia yearly. Mr. Fitch joined in sentiment with me and accordingly agreed to allow me a commission for transacting some business, procured three or four hundred bushels of corn & advised me as soon as the Brig he sent was dispatched, to get a Schooner & proceed to Mechias the command of the Brig was given Captain Thomas Fossey who arriving at East passage, we immediately proceeded to Cape Forschue (alias Yarmouth) here I agreed for a Schooner of one Mr. Tinkham, & seven Tons of salt hay, no English being to be had, reserved what my commissions came to in provisions, & expected to proceed directly to Mechias on the Brig's sailing, but finding the hay so damaged, as to be unfit for any thing, and my being obliged to give fifty dollars for the run, freight, or no freight, it being now first of January, I concluded from the difficulties of weather & disappointment in hay to seek passage another and cheaper way, & the very first that presented I embraced at the expense of ten dollars tho' only twenty five leagues distant, bringing with me in provision which Mr. Fitch ship'd, what my Commissions intitled me to.

May it please your Honour, my ignorance of the resolves of the Grand Congress, my necessitous circumstances & real concern for my family, with my ardent desire of serving the inhabitants of Mechias, and not lucrative motives or the remotest thought of joining myself with the enemies of America, were the cause of my putting foot in the Government of Nova Scotia, and I here solemnly declare to your Honour that I went to a place (viz Yarmouth) which is inhabited almost entirely by New England people and who
appear to be as true friends to the welfare of America &
grand cause of Liberty as any persons whatever nor have I
corresponded with, or sold any articles to any other, having
strictly avoided furnishing any inhabitant of Halifax, officer,
soldier, seaman belonging to the Crown, or any transport
engaged in the service thereof with one article great or small.
On my arrival here, as I had been to Nova Scotia the inhab-
itants seem dissatisfied and to what length it may grow I
know not; I therefore presume most earnestly to crave your
Honours candor and interest with the Honourable Court in
my behalf, for if I have offended 'tis not with any design or
the least alienation from the great and glorious cause in
which America is engaged, but the effect of Ignorance &
pure necessity for from the first of my leaving Mechias for
Philadelphia, which was early last july, my principles & decla-
rations, publick & private have been immoveably fixt in the
most steadfast attachment to the Libertys & prosperity of
this suffering Land America. I beseech for the sake of my
poor distressed ailing wife, and helpless children that I may
not be deem'd an enemy to the welfare of my native Coun-
try, the Cause of America or the least cool thereto or be
made to suffer by censure or otherways, for as I ever have
been, I now am, and trust ever shall be ready to give the
most solemn assurances of my fervent regard to the Laws,
Dignity and Interest of this virtuous, oppress'd & most justly
struggling Land.

I beg leave to lay these my earnest requests at your Hon-
ours feet, and subscribe myself with profound respect Your
Honours most obedient humble servant

Stephen Parker

Sir Since I left the court I have recollected that there is no Truckmaster at Penobscot to supply the Indians on the Bay of Funday and the Saint Johns Tribe—When their Chiefs were up in the last Summer, they informed the Court that they had Six hundred fighting men—Brigadier Preble was appointed truckmaster for them but believe that he never Accepted the office one Lowder was Nominated by the Indians but Nothing has been done— as the Country of these Indians are within Nova Scotia & Contiguous to Halifax there is great danger of their being inticed to take part with the more Savage British Troops in which Case our Settlements in Machias &c will be broken up & a very great Number of persons will become a public Charge — as the Indians are ready to pay for all their Supplies in furs and as the present is the Time for their bringg the same in I think that this matter deserves immediate attention you will therefore be kind enough to mention it to the House

Hon James Warren Esq

To the Honourable the Council, and general Assembly of the Province of the Massachusetts Bay,

From the Committees of the Towns of Newbury, Haverhill, Bath and Mooretown met at Newbury June 25, 1776. On Account of some very alarming News from St. Johns, received the Evening before by two Men, from Onion River, of public Veracity.

That they saw a Letter from General Sullivan to Lieut. Allen, to have all the Inhabitants of the Towns on Onion River to Remove with all possible Dispatch, not knowing but the Enemy would be upon them soon, this they received last Thursday Evening, and they removed the next Day. That it was feared the Enemy would get the upper hand, the sick of our Army were all sent to Crown Point. In the Generals Letter it was said the Regular Army consisted of about thirty thousand, and fifteen hundred Canadians and five hundred Indians.

The Continental Army was retreated to St. John's, And last Friday a very heavy fire of Cañon was heard all the day.

The Committee voted to send Major Jonathan Hale and Capt. Robert Johnston with the Above said Information to Head Quarters at Massachusetts Bay and New Hampshire, and to inform them of the dangerous situation these Parts were in, and that except we are immediately supported we shall be obliged to quit these Parts. In our extreme Danger, as exposed every day to the Enemy, the Committees beg the Favor of two hundred fire Arms and Ammunition equal, As so much is necessary for our selves. And if the above Information be true, which we do not dispute, this fertile part of the Country must be soon abandoned to the Enemy except timely Aid can be had of a sufficient Number of Men as well
OF THE STATE OF MAINE

as Arms and Ammunition, the Damage of which to the Continental Cause is needless for us to represent. We would only further add, that if it be judged best to make a stand here a few Small Cannon will be necessary. We are Gentlemen your humble Servants

James Bayly

Honble Gent'n

The enclosed Petition from Winslow came to hand ye last Evening. The most effectual means of Securing the Eastern Parts of the Colony from an inland-Attack, and quieting the minds of the people settled there, I humbly apprehend is to
engage the St Johns, Mickmac Penobscot and other Eastern Indians to engage heartily in the war, agreeable to Genl Washington's Request.

For this Purpose I beg to suggest to your Honours, whether it would not be proper, that three or four or more Suitable Persons be engaged to go immediately into the Indian Country, along with the Indians that are now here, and inlist them into the Service without delay. I cannot but apprehend such a measure would be attended with Success, and that General Washington in that Case would in a short time have a considerable body of them: which would answer the double purpose of assisting him, and securing our Eastern Frontiers, which otherwise may be in great danger of being broken up by these same Indians.—

Boston July 30, 1776

Sir

At ye time your Excy's Letter was rec'd requesting the aid of this Governm't in procuring a body of ye Eastern Indians for the Service of the United States, it happened very fortunately, that a number of them were here as delegates from ye St John's and Mickmac Tribes in Nova Scotia.
They came on a visit to you in consequence of y^e Letter to them, which they produced: And soon after a couple of Chiefs arrived here from the Penobscot Tribe. At the Conference held with the former there appeared in them a very good disposition in favour of the united States, and the Gen'l Court having resolved that a Regiment should be raised for the Service of y^e States to consist of 500 Indians & 250 English, it was strongly urged upon them to join with us in the war: And accordingly they have engaged to do it, and have signed a Treaty for that purpose. By what they said at y^e Conference it appeared the six villages they represented could furnish about 120 men: but as those villages are at a great distance from each other, their Men dispersed in hunting, and they proposed to call the whole to consult together, they said they should not be able, and they could not engage to come till the next Spring. The S^t John's Delegates however, on being told they lived near, and could be soon here again, promised to return early in y^e Fall with about 30 of their Tribe.

There are six other villages of Mickmacs, who had not been informed of your letter, and had not therefore sent Delegates, but are equally well disposed, and have about y^e same number of men belonging to them. These therefore can probably furnish for the Service a like number with y^e other.

With regard to the Penobscots, They appeared well disposed. They said that when G^t Washington sent his Army to Canada, five of their People went with them, & were at y^e Siege of Quebec: two of whom were wounded, and three taken Prisoners who had Since returned; that they had been promised, an allowance sh'd be made to those who went with Col^o Arnold; the Support of whose families in their absence had been a great burthen to them: and that they had no recompence for these services. They were told this matter
would be represented to Gen' Washington, and that what is right & just he would order to be done. They said further they looked on themselves to be one people with us, and that whatever Governm' we were under, they were willing to subject themselves to; that they had no doubt that their tribe would be willing to join Gen' Washington and that when they got home they w'd call ye tribe together and consult them for that purpose.

This good dispositions appearing in all ye Indians, the Council thought it best, in consequence of your letter, to send with the Indians into their own Country, the most suitable persons that could be had in order to procure w'th ye utmost expedition the number of Indians you desire may be engaged in ye Service of the States, or as many as can be procured. An armed Vessel is accordingly engaged to carry these Indians to Penobscot and St' Johns where those tribes will be respectively assembled, and all that can be persuaded, inlisted into the Service immediately. Mr' Fletcher, who came with the Penobscots, is employed in this Business with regard to that Tribe, and Major Shaw employed with regard to ye St' John's and their neighbours at Passamaquoddy. It being expected a considerable number might be had from these tribes in a short time, the said Vessel was engaged in order to bring them up hither as soon as may be. One Mr' Gilman is also employed, to go to the St' Francois Indians, and engage as many as he can of them.

On the Conference with St' John & Mickmacs (a copy of which is enclosed, together with a Copy of the Treaty) three of them offered themselves to join ye army at New York immediately, and their offer was accepted: as it might not only Secure ye fidelity of the Tribes they belonged to but induce many others of them to engage in ye Service. Another has since joined them. Accordingly these four, one of whom can speak French, will immediately set off for New

The Council hope these measures will be effectual for the Purpose they were ordered. In their name & behalf I have the honour to be with every Sentiment of respect

May it Please your Honors

As I have some particular Business, of a private Nature which renders my being personally at Boston about the mid-

I can with the greater freedom sollicit your Indulgence herein, as we shall soon be in a tolerable state of defence at this Place, and I hope as well prepared for the Reception of the Enemy as our Number of Men and Cannon will permit——I wish to tarry no longer Time, than what is absolutely necessary for the Accomplishing my Business

**Letter from Thomas Fletcher. Aug. 16, 1776.**

To the Honble the Councill of the State of Massachusetts Bay——

May it please your Honours Agreeable to your Instructions Deliverd me in Council Dated 27\(^{th}\) July 1776 To proceed to ye residence of the Penobscot Indians to Endeavour to Enlist as many of them as I could to serve in the War under his Excellency General Washington——Agreeable to my Instructions Immediately on my Arrival at Penobscot, I Proceeded up the river accompany'd with Col\(^l\) Lowder to
Mr. Jere: Colburns near Penobscot Village where I meet with some Indians, & sent to the Tribe to acquaint them of my Business and in Answere to it they appointed Tuesday 13th August to meet me at Col° Lowders at y° Falls Accordingly they meet with Eighteen Canoes amounting to about thirty besides Woemen & Children. I read to them my Instructions & also his Excellency Gen Washingtons request to Inlist Indians, & the Establishment for ye Pay of the Army. Their Answer is as follows. That they don't think that any of their young men can be spar'd, for that they don't know how soon they may be wanted to Defend themselves against the English Army.

They hear by the Eastern Indians that their is a great many English Ships gone up Cannada River with Troops—and that their is a Large Fort Built on Point Levy Opposite Quebec & by whom they don't know and their is now a strong guard of English kept at Socoeconick a French settlement on Shodier River, which is the reason that their young men don't Choose to Engage at Present for fear that the English party may induce French & bad Indians to come amongst them & Destroy them and us—otherwise they would Emediately join General Washington in his Army at the Southward— They say they shall keep men to make Discoveries & from time to time will Inform us of their proceedings, for their safty and ours, as we are all of one familly— They were ask'd If the Colony should raize a Number of men as Rangers to reconnoitoier the Country, to watch the Motion of the Enemy—wether any of their young men would join the Party they reply'd they would willingly—

They desired me to inform you that all the Settlers on their, were present at this Interview, and that they agreed that the English shall remain as far up the River as ye Tide flows & no farther, & those that were settled above should be remov'd, and the Boundary Line should be at the head of the
Tide, & Gave the settlers leave to Tarry on their Lands untill they got in their Harvest—

There was a Number of their young men that was desireous to go up to the Court I told them unless they Inlisted for one or two years that it would not Answere the Intention of the Colony & therefore I would not Consent to their going— I beg leave to Subscribe my self

Gentlemen

I am Sorrey to troubel you with an Ace of the Desegreable Situation of our Troops under the Command of Coll Mitchell—the Coll has all along Shown Himself More unlike a Soldier or a Gentleman then any thing Ets- the task is Desegreable to Shew to the Publick the Defects of a Superior—I am Censable of the Desadvanteg I am under when Speeking of such was it only the Personal ill treatment Rec'd my Self (Knowing my obligation to my Superior) I might have Boarn With Such Usage When the Coll took the Command it was my Gratest Ambition (Knowing how
intierly unacquainted with the Buisness he had engaged in) to Inform him as far as my Small Abillityes w'd admit of — it was by the Coll's Desier I keept the orderly Book in the Same manner as whilst I Commanded — tho Never in the Least Contrould me all he had to Do with the matter was to Sign his name to the orders — yet I was often abused in other matters — as to his Giveing any Instructions Concerning the Loins Foorts Batteries or Prepareing tools timber Plank wood or Iron for Gun Carreges he Did not Chues to Consarn himself with — the Reason I Suppose is their was a Posability of marking the Caller — Provided the General Court Shuld Disaprove Such Proceedings — By this time the New arrangement Coms to falmouth for Ranking the Captns at which time I Request the Coll to give General orders to the Regiment in his own name that they might no their alarm Post and their Duty in case of an alarm — and the Duty of Guards and to Establish the Rank of Captains — the Coll Refused Giveing any orders of the kind to any Body Except Capt Morten and Lowell — which the Coll asked me to Rate — I Declind telling him I Culd not think it Proper to give orders to two Captns only when the whol Regiment was neglected — I then Desiered the Coll to Call the Regiment together and Let them no their Ranks — the Coll Ripled he Shuld not meddel with the matter — I told him I was Inform'd the Counsel had Ranked the Regement — He Said it was the first he Ever [heard] of — I told him I was well inform'd their was an order Counsel in falmouth for Ranking Capttains he Replid it was the first he Ever heard of it the matter was Intierly New to him — I Replid the third time in Near those words Coll I am well Inform'd that an order of Counsell has bin Deliverd into your hand for that Purpes and I am Surprised to hear You Say You Never heard of it — the Coll in a pasion Said if the Counsell had Dun any Such thing it was the most astonishing Proceeding he Ever
heard of — the Counsell had taken that upon them that Did not Belong to them that he Did not Beleve the Counsel Consarnd with it — for he had no Letter with it and talked with Coll Powell and Coll Powell Said he Never heard a word of it and Did not Beleve the Counsell Ever Consarnd with Ranking the Captns — and if he Coll Mitchel Executed that order Captns Hooper and Lithgow wd Leav the Service — that the Rank was only By the falmouth Representetives without his Desier that he only asked them to get Capl Morton Rank — I told the Coll that was not the Case for I was Present that he wd be glad to have them Rank and made no Destention who Shuld be first or last in Rank and the Coll well New that the Regiment was at that time without Rank from the Day that he first mustered them which was on the 19th of May — as to the two Comps Leaving the Service I am Sorrey Such thing Shuld be mentioned — We have Six Companies five of them is agreed to a man if I am not Deceived — I am Sorrey it Shuld be Said by the Coll that Cap Lithgow wtd Leav the Service for Such Reasons — it is far from it — he is a gentleman well attached to the Caus of his Countrey Studies for the Peace of the Regiment and is willing to Continue in falmouth or march into any Part of Amarica if Cald upon — Coll Mitchel has not Reviewed the Regiment Since the 19th of May or ordered them togather Since the 29th — I have often Pled with the Coll and Urged the Necesity of the Reg being well Disceplnd I have attempted to Call the Regiment togather for Exercise and Review and the Col has forbid any Such thing more than once or twice to my Self — and he has forbid Captns Crocker Lithgow Lord and Lowell of meeting togather at the Parrade or Exercising togather and told them it was Contrary to his orders for any Regimental Perrade whatever and he wtd allow of no Such thing the Capt farther Urged that they Vallew Nothing about the Rank if he wtd Permit as many Companies
as have a Desire of Exerciseing together they Should take it as a favour But the Col° Refused them as they Informed me — Saying it might be Considered as a Regimental Perrade which he Did not allow of — the 4 Captains have been Repremanded for marching to the meeting hous with 4 Companys together on the Sabath tho agreeable to his own orders of Ag' 11th & 18th yet so Contrary to his mind that he Sent a New order for all the Captains to march Separate. Dated at 12 oClock the Inclosed is a Coppey is it Possible for officers and Soldiers who are well attached to the Cause of their Country to Baer this from a man who has not the Least Idea of a Soldier or his Dutey — Neither will he be advised by his officers — But Compels his Regiment to Live in the Neglect of their Dutey — I Se no Part of his Conduct as a Soldier But what is arbitrary and Depending Intirely upon his own will that want the name of a Soldier — You will find by the Col's orders of Ag' 11th and 18th that I was ordered to Se them Complied with — that the Regt go to meeting in order — the Drums Give the time of Day as they March'd I no of no order but the Drums and Companys Going together the Coll was so Displeased to Se 4 Companies March agreeable to his own orders tho not to his mind that he Sent out the New order Dated Ag' 18th 12 o Clock which you have Inclosed — the officers were Supprised Sum of which applied to me to no my mind Consarning the orders I told them it was the Sabath I was Loth to advise. But as I had the Colls order for the Dutey of the Day. I Shuld Be on the Perrade at the Usual time & if the Companies were their I Shuld Lead them to the Meeting hous which was accordingly Dun — the Coll it Sem was Very angry to Se that the Regiment ware Like to be united the officers ware Repremanded for Disobeying orders — the Colonel will not talk with me on the Subject. But a great Deal about me — it is true they the Soldiers have Dun a great Deal of work in
fortifying and with Cheerfullness which is not Common amongst Soldiers and Culd we be Permitted to Qualify our Selves for their Defence: it might be the means under God of Saveing Part of the Countrey from the Raveges of our Enemies—I w'd not be understod that I am Clear of all Blame Neither Do I Contend on my own account it Cost me money a weresom hour when I might be at Rest Culd I be Content to Lie in the Night of my Duty —

the Post we hold is of the gratest importence to this State and Shu'd the Enemy attack us whilst Coll Mitchel will Not Suffer the Regiment to be Reviewed Regulated or Examined or give aney order for that Purpus, the Consequence must be Shocking — the Millitia that w'd Probably Com to our assistance Might Expect to Se us in Sum order I wish it might Prove So —

I Shall take it as Doing me a favour if You will Lay my Letter Before the Honourabel Court or Before the Honourable Counsell for this State as Soon as it Can Conveniently be Dun I think it a Duty which has to Long ben Neglected —

_Letter from Francis Shaw. Aug. 28, 1776._

Machias 28th August 1776

Hon^ble Gentlemen,

(Copy by Mr. Gardner)

After Removeing many Difficultys started by the Crew of the Diligent, and laying wind bound several Days We sail'd from Piscataqua the 14th Instant and arrived here the 25th after being Confined in Gouldsborough six Days by the Viper Man of War, who took two Sloops from this place within about six Miles of us, as we run into Gouldsborough
and lay off and on that Harbour most of the Time, as We had not more than half our Compliment of Men, and them but very Indifferent. Cap\(^1\) Lambert tho\(^2\) proper to let the Ship Remove before We should proceed, by Persons that have been taken and Released, We find she has but ten Carriage Guns, Eighteen Swivels and about 100 Men, one half of them Diseffected and only want an opportunity of being properly Engaged to rise on their officers. Her present Station is between Grand Manan and Seguin, should she Fall in with two of your Honors Sloops of War, I dare say they would Clear this Coast of the greatest Scourge they have had since the Commencement of the present War,—

Should I succeed in getting a Number of Indians it would be Imposible to git them to the Westward, unless the Viper is removed from her Station, add to that the Distress this Country must be in as they can get no provissions from the Westward past Her, and the advantage our Enemy has, by supplying the English W. Islands with Lumber and Fish they take

I would further add, one or more Ships are loading at Annopalass that the Inhabitants of Nova Scotia come to Passamaquodias for Lumber for them, and as several have been taken and afterwards Clear'd by your Honors our Armed vessels are Intirely Discouraged from taking them, and unless some Stop is put to that Trade, and the Viper removed, the acts of the Hon\(^3\)ble Continental Congress against the English Islands being supplyed will be Frustrated, and this Country ruined —

Cap\(^5\) Smith informs me that the Indians that have been in lately are very desierous of going to Cumberland, that some have offer'd to bring the Field Officers of that Regiment away, and from Letters lately Receiv'd from there, the Gentlemen agree in oppinion that the Conquest of that Fort may be easily Effected, by our Friends there and a few
Indians, however as your Honours would not give me Liberty to go there I shall not presume to do it, unless the prospect be so Clear that I should think it a Neglect of Duty not to attempt it.

Aug 30th Since I wrote the foregoing Mr. Gardner and several others taken in the Sloops from this place have arrived here as Mr. Gardner takes passage in the Diligent, he can Informat you that they have Rec'd acc'ts of Coming down, and both Ships being Sent to St John's after us Concluding it would not be prudent for the Diligent to proceed to St John's. We have thro't best for her to Return to your Honors —

I shall just Mention that the Schooners people Complained of not being paid for past services I am afraid it might be the same for this Trip therefore I was oblig'd to promise them that this Muster Roll would be paid Immediatly on their Return, and they now expect your Honors will make my promise good — several Bales of Goods by accident broak open on board the Schooner & 1 p' Linen & several small articles are missing — no doubt the Cap't must be accountable as I Often caution'd him against leaving the Cabbin Door open when absent. —

if the Diligent should be sold Cap[t] Lambert has Express'd a Desire to serve your Honors in any other Vessel that may be Sent this way, as I cant pretend to be a Suitable judge of the Qualifications necessary for a Commander I shant pretend to say any more than he has bro't us thus far safe and I suppose would have gone further if I had tho't it prudent —

I meet Mr. Preble at Piscataqua and Engaged him as Interpreter which was very Luckey as the Person I expected to git here is absent — The Reason I did not let the Diligent lay here it was so uncertain when I should Return, & the Expence would have been much greater than proceeding in two Boats with our provisions — I have two Days waiting a

Letter from James Lyon.  Sept. 1776.

Honorable Gentlemen

I have often troubled the Court with my scribling, & once with my presence, but was neither known nor regarded, because I did not approach in a parliamentary way, tho' supported, or rather sent, by the most respectable men in this place — Do your Honors expect all the formalities of a Court from loggers & millmen?

I once more beg leave to approach, with due respect, & to speak with freedom, without offence. My subject is the Country, which lies between Penobscot & Nova Scotia; & should I appear to express myself with too much energy & pathos, I hope it will be imputed solely to my exquisite sensibility of my subject. I feel what I say, & mean, if possible, that your Honors shall feel it likewise.

It has often been asserted, if we may credit human testimony, by members of this Honᵇᵉ Court, that the Eastern Country is a moth, that it has cost more than it is worth, & that it would be wisdom in the Government to neglect it utterly, & suffer it to sink — I suppose that part of the Country East of Penobscot is meant, for the other part is in
some measure represented, better known, & surely worth saving. I shall, therefore, take it for granted that the part only, in which I live is the moth to Government.

I readily grant that your Honors are competent Judges of the qualifications of your own members, but since you never yet pretended to infallibility, it is possible, that in some instances, ignorant & illiterate have by some means or other, crept in among you. And whenever this happens, I blame not this Hon'ble Court, but those, who sent them. Were I permitted even to name what I think the necessary qualifications in a good Statesman, I should say, He ought to be a gentleman of an enlarged mind, well furnished with historical facts & an extensive acquaintance with men & things, & with the constitution of his own Country, in particular, & with every part of his dominions; he ought also to be a gentleman of established integrity & extensive benevolence, who esteems the happiness of every part of the State his own highest happiness & glory. Such a person will do honor to a public station & diffuse peace & joy thro' the State; while the person destitute of these qualifications is really a nuisance & a curse to the public in any exalted sphere. Have these gentlemen, therefore, who think & speak so lightly of this Eastern Country, all these necessary qualifications? Have they any of them? Not to mention their profound acquaintance with history, ancient & modern, & the grand & interesting occasions of the rise & fall of states, kingdoms & empires, do they know any more of a valuable part of their own dominions, than they know of the extent of Country, & the nature of the soil, in the moon? And are not their integrity & benevolence strongly to be respected, when they openly oppose every thing that is motioned for the benefit of this infant Country, if attended with a trifling expense? & publickly declare their willingness, that thousands of wholesome inhabitants, & as brave a people, as any on the face of the earth, should perish
in all the horrors of famine & war? But they are my superiors —

Our situation is far more deplorable, than the situation of the Boston people ever was, till the town was shut up. And perhaps we are as useful members of the State. Yet donations were generously heaped upon them from almost every quarter. But did we ever ask for charity? Some of the principal inhabitants of this place, petitioned for a scanty pittance for their minister, & the ostensible reason assigned for not granting it was, "The petition does not come before us in a parliamentary way. The sums asked for, with this single exception, have always been requested as a loan, which, we think, we shall be able to pay, with interest, when the times are settled — I suspect, however, that this Hon'ble Court, in general, have too contemptible an opinion of this part of the Eastern Country. I beg leave, therefore, to speak a few words in its commendation. I have travelled over a great part of Pennsylvania, New Jersey, New York, Connecticut, Rhode Island, Boston Government, & Nova Scotia, & been an inhabitant of all these States, except Connecticut & Rhode Island: & call myself something of a judge of lands. And I must say, That the Eastern Country, in my opinion, is equal to any I ever saw. The climate, if not so pleasant as some others, is more healthy, & the natural increase of inhabitants is greater. The soil is exceedingly natural to grass, & when properly subdued, will produce immense quantities of beef, butter, cheese &c —

It produces excellent wheat, rye, barley, oats, peas, beans, hemp, & some Indian corn in the internal parts, & almost all kinds of roots. The proportion of barren land is probably less than in most other Countries.— To these things I must add the fishery on the Coasts, which will in time support an incredible number of people & furnish our navy with able seamen.—
However meanly, therefore, some persons may think of this Eastern & extensive part of the Continent, I assert, without claiming the spirit of prophecy, that it will one day vie with the other States of America in greatness & glory, if not give them law. Your Settlements here are promising children, in their minority who must be tenderly nursed, & when grown to manhood, will become the support and consolation of their aged parents.

Should your Honors, notwithstanding, think them a moth, & not worth keeping, I beg of you to dispose of the country, together with the right of dominion, & give us, the inhabitants the offer. We will engage to procure purchasers, who will give you 15 times as much as it will cost you. We shall then soon become a free and independant State ourselves. And I assure you, we shall think Nova Scotia worth annexing to our dominions.

And if your Honors think us worth keeping, I beseech you, by all the tender emotions of the human heart, & by every thing sacred—to take some care of us. The coast would be worthy of a guard, were there not an inhabitant upon it, but the inhabitants amount to thousands, who are a hardy brave people, & acquainted with the climate & the nature of the soil, & therefore are better than twice the number, that could be sent here, for such would have every thing to learn. But—Pardon my freedom! Instead of encouraging & supporting us hitherto, as we ought to have been, this Hon'ble Court has neglected us, & taken our privateers, our principal strength, which cost us our blood, from us. And in consequence of this, a number of industrious fishermen, & all the vessels, on which we depended for present subsistence, have been taken by brittish robbers, & a number of our respectable people, men, women, & children, carried into captivity. If any of our people have represented these two privateers as useless, while here, they certainly mistook
our true interest. They were a terror to our enemies, & under God, if I mistake not, our salvation last summer. Now they are gone, our enemies barges infest our harbours & take our vessels —

Should your Honors now ask, what I mean by all this? I reply. I earnestly request you to send one of your frigates, or two or three of your ablest privateers to take the ship that infests our coasts, & clear the way for fishermen & coasters; & then perhaps some generous persons may be disposed to send us bread & take some of our lumber. I ask for a small army to subdue Nova Scotia, or at least that some person or persons, may have leave to raise men, & go against that Province, at their own risque. I believe men enough might be found in this county, who would cheerfully undertake it, without any assistance from Government. The people this way are so very anxious about this matter, that they would go in whale boats rather than not go. Provided they might call what they took their own in common with the good people of that Province. I confess, I am so avaricious, that I would go with the utmost cheerfulness. I hope, however, I should have some nobler view, for I think it our duty to relieve our distressed brethren, & bestow upon them the same glorious privileges, which we enjoy, if possible, & to deprive our enemies, especially those on this Continent, of their power to hurt us. With these views the Committee of this place were petitioned for leave to go against that Province. And had our request been granted, in all probability, that Country had now been entirely ours, & vast quantities of provision would have been cut off from our enemies. Messrs Shaw, Foster & Smith would now do the business. But were our General Court, at their own expense to take Nova Scotia, the other States of America would have no pretensions to any part of it. And the acquisition would be unspeakably great. That Province is invaluable, & would make ample...
for the expense, & we must have it, or our fishery is lost. Now it is almost defenceless, & nearly nine tenths of its inhabitants would bid us a hearty welcome, & now it may be taken without much loss of blood, if any, but hereafter it may cost us very dear.—

I highly approve of the noble spirit & resolution of Capt. Eddy, & heartily wish him success, & all the honor of reducing Nova Scotia, provided our General Court do see fit, that any of their own subjects should share it with him. The reduction of that Province is a matter of the utmost consequence to this place, & would relieve us of many of our distresses.—

Should it be thought that I meddle with matters which do not belong to me, & that the Committee of Mechias ought to have written. I acknowledge, that their writing would have been the parliamentary way, but at present, this is almost impracticable, for they are much dispersed & broken to pieces, two of them are taken by the enemy, & one at the westward. Indeed we are all in a poor broken situation. If, therefore, the Committee cannot write, why may not I? especially when I write nearly the sense of all the members of the Comtee whom I have seen, & the sense of almost every inhabitant? The meanest Subject of a free State may complain, when aggrieved, to the highest Court, & draw near to the supreme authority, with filial confidence & freedom. I mean to do no more. This is my birthright: & should I neglect to improve it, when conscience, & the distresses of all around me command, your Honors yourselves would blame me. But I forget myself & intrude too far.

I am, with great deference & respect, Your Honors most faithful but distressed servant & subject

It is surprising Sugar continues so dear, when such immense Quantities are brought in; but I am informed that the Rich Merchants are bringing it all up to ship to Spain: Surely they can't be Friends to the Country to suffer the Common People, the Support of the Country to give such exorbitant Prices for necessaries, that they may make themselves exorbitantly rich — They may pretend what they will, but it is plain they have little or no regard to the good of the People — therefore no Friends to the Country — and I hope the Government will interpose to prevent oppression from our own Grandees as well as those of England —

At a Meeting of the Committee of Correspondence &c for the Town of Pownalborough Oct' 28" 1776 —

The Committee having received Information That the Rev'd Jacob Bailey had refused to read the Declaration of the Right Hon'ble the Continental Congress for Independence; and also that he the said Jacob still continues upon every Lord's Day to pray in Publick for George the Third King of Great Britain, as our King and Governor, according to the Liturgy of the Church of England. They accordingly summoned the said Mr Bailey to appear before them, and after a full hearing & Consideration of the Evidence, as also of the Defence of the said Bailey They resolv'd

1 That the said Jacob Bailey did refuse to read the said Declaration in Contempt of an Order of Council for this State requiring him to read the same —

2 Resolv'd That the Reasons assigned by the said Jacob Bailey for not reading the said Declaration, and which he has fil'd with the Committee, have a direct Tendency to undermine the Foundation of the United States of America —

3 Resolv'd, That it appears to this Committee That the said Jacob Bailey still persists in praying for the King of Great Britain, on every Lords day in publick, as the King and Governor of these united States; thereby approving of his Tyrannical Measures, against these States and of the Bloodshed in which they are involved

4 Resolv'd That the said Jacob Bailey is in Principle and Practice, a most inveterate and dangerous Enemy to the Rights and Liberties of these United States —

5 Resolv'd That the said Jacob Bailey appear before the General Court of this State, on or before the second Tuesday of the next Session of the said Court, to
answer for his Conduct relating to the Crimes aforesaid, & to any other Matters that may then and there appear against him

Rev. Mr. Bailey's Reasons for not reading the Declaration of Independence.

Gent:

I was very unwilling to give any Offence by refusing to read the Declaration for Independency, neither was I desirous of bringing myself into any further Trouble — But when I came seriously to examine the solemn Oaths I had taken and the Nature of my Subscriptions, I found I could not comply without offering great Violence to my Conscience and incurring, as I apprehend, the Guilt of Perjury —

I concluded that nothing more could be expected in the Affair than passive Obedience and Non-Resistance; and if an Active Compliance was required, I must persist in my Neglect, and patiently submit to the Penalty, resolving with the Apostle, That it is my Duty to obey God rather than Man. —

I would further observe, That my Conduct has been agreeable to that of my Brother Clergy Men of the Church, who have all (except Mr. Parker) neglected to read the Paper for Independency and I may add if rightly informed, several Congregational Ministers have done the same, notwithstanding they were not under the like Obligations —

I have consulted the most eminent Writers, & find that both Divines and Civilians agree with the Psalmist, That an Oath ought to be observed as sacred (except the Matter of it is unlawful) tho a Man swear to his Hurt, and that rather
than break it he should be ready to abide by any Consequences which may attend his stedfast Adherence to it.—

I had the Oaths administered to me in the Time of Divine Service on a Sunday, at the Church of St James, in the presence of a Multitude of Spectators, where I was requir'd to repeat every Word, laying my Hand at the same Time on the Holy Gospels; after which I signed a declaration to the same Purpose ex Animo, and then was order'd to St Martins the King's Parish Church, where I took the Sacrament as a Confirmation of my Oath—

Gent, A Church or Place of Religious Worship ought to be sacred to Truth, and no Minister ought to publish any Thing but what he really believes agreeable to the Truth. And if he declares any Thing against the Conviction of his own Mind, let who will be the Author or Director, he must, I think be highly dishonest, and disregard every Dictate of Honor, Conscience and Integrity — Now if I firmly believe as I have solemnly sworn, That no Authority has Power to absolve me from my Oath, and I find the Declaration contains such an Absolution, I cannot read it without the grossest disimulation. I both act directly against my Oath, and deal deceitfully with the present Government — If after swearing expressly as I have done, that the Pope, for Instance, has no Authority to absolve me from my Oaths, I should in a place of sacred Worship, against my Belief, in Obedience to any other Authority declare that the Pope has absolved me from my Oath of Allegiance, would not every body conclude That I had broken my Oath. Again, supposing I had taken an Oath of Fidelity to the Congress and had solemnly renounced all other Power that should attempt to subvert their Authority, and afterwards, the Army, for Instance, was to set up in Opposition to the Congress and to proclaim their General King of America, and should order me to publish such a proclamation in a place of publick Worship, could I honestly comply?
Gent.

I have lived a considerable Time in the World, and have passed thro' a Variety of Scenes, without being consider'd heretofore as a Seditious, injurious, revengeful or malicious Person —

There are several People in this Neighbourhood, and in this very Town who knew my Life and Conversation when very young, and I presume if called to give Testimony would declare that my general Conduct was sober, peaceable and inoffensive —

At College I was known to two of the Gent’s present, and defy them to charge me with any Crime and I appeal to the College Records, from which it will appear that I was never punished during my Residence there in the space of 4 years. I afterwards kept a publick school in several places from each of which I carried ample Testimonials of my good Behaviour to England, when I went there for Ordination — and besides was fully recommended by a large Number of principal Gentlemen and near 30 Clergymen of different Denominations — And since my Residence in the Eastern Country, I think none can justly charge me with being treacherous, turbulent, designing or factious — Who have I knowingly defrauded? have I studied to injure any one in his lawful Business? have I endeavour’d to foment or encourage private Quarrels, or officiously intermeddled with the religious, civil or domestic Concerns of my Neighbours —have I labour’d to create Discord in Families, or contended with any one in the Law, even to recover a just debt. have I taken any thing from the poor and necessitous, or sought to enrich myself at the Expence of others.— I can lay my hand upon my heart and declare I never attempted to render a human Being miserable, or took Pleasure in afflicting an unfortunate fellow Creature —
And pray, Gentlemen, what have I done to injure the American Cause? have I taken up Arms in favor of Britain? have I gone into any publick Meetings to defend or establish the Pretensions of either the King or Parliament? have I prevented any one from enlisting into the Service? have I by Word or Writing conveyed any Intelligence to the Enemy? have I ever attempted to escape out of the Country, even when I had an Opportunity, or have I aided abetted or assisted the Invaders of America? why then am I charged with being an Enemy to my Country: what is my Crime. Is it these Connections I cannot dissolve! I am criminal only for acting as every honest Man ought to act in same Circumstances in rather choosing to suffer the Penalty (if any such is annexed) to an Order of Council, than to feel the Eternal Reproach of a Guilty Conscience.—I would observe further, that supposing I was really in my heart unfriendly to the Country (which I absolutely deny) it is not in my Power to injure it. Can any Person without Money, without Influence, without Authority, without opportunity, in such a remote Corner, do any thing to obstruct the wheels of Government, or to determine the Operations of the War?—Is it not therefore ungenerous & a little inhuman to render any uneasy, who has neither power nor Inclination to hurt you—

Gent⁹ I sincerely wish to see the Prosperity of my Country and am willing to submit to the Authority of the present Government in all lawful and indifferent Matters; but to declare my self absolved from my former Oath of Allegiance I am convinced is neither lawful nor indifferent—

I acknowledge that I have not complied with the Order of Council, and have neglected to read the Paper for Independence; but I assure you that Refusal proceeded not from any Contempt of Authority, but from a Principle of Conscience, and I am willing to throw myself upon the Mercy of those
Hon\(^1\) Gentlemen, and to submit to whatever Punishment they shall be pleased to inflict.

Octob\(^r\) 28\(^{\text{th}}\) 1776. The foregoing are submitted to the Committee of Correspondence for the Town of Pownalborough as my Reasons why I did not read the Declaration for Independency—

Sir/

I here enclose you Copys of the Records of the Committee of Correspondence of this Town relating to the Revd Jacob Bailey the Episcopal Itinerant Missionary here, who is declared an enemy to the rights of America by said Committee, in order that the Genl Court may take the matter into Consideration & take such effectual Measures thereon as the Court in their Wisdom shall think proper for discountenancing such dangerous principles & practices as he has been Adjudged guilty of by said Committee—The reason he gave why he would not read the Declaration was because that he had taken the oath of Allegiance in the year 1760 to King George the Second—& he said that the same Oath was still binding upon him to Pay the same Allegiance to George the Third—And he further said that if the King should break his oath by which he was bound to Govern his subjects agreeable to Law, yet his Subjects who were under the oath of allegiance were still bound by the same to pay him the same allegiance as though the King had governed his Subjects strictly agreeable to Law & his oath & nothing could Absolve the Subject from their Allegiance let the King Conduct as bad as possible—If this Doctrine be Just what becomes of all the old officers in the United States that have taken the Oaths of Allegiance! Have they all incurred the guilt of Perjury! If they have: It would have been better to have worn fetters & Chain & endured the greatest Tirañy that George the Third his Ministry & the Devil could impose—but those Sentiments are erroneous & False & have no foundation in truth & righteousness and I dare Say the Genl Court will take care that such Doctrines should not prevail—If they are Connived at the States will be Saped in their Foundation—Amongst the enclosed are a
Copy of his reasons, which he sign'd for not reading the Declaration—but he was not so particular as to say that the oath he was Under was made to King George the 2d for which reason, I thought proper to Observe the same to You as aforesaid (the oath of Allegiance is not to the King & his successor) together with what he said upon his examination—You will see by the resolves that he was charged with Praying for the King—the evidence in support of that was his own Confession—further he did not duly observe the Days of Fasting—he had a Proclamation last May two Sabbaths before the Fast—but never read it to his People—He met with his People on the Day—but what they Fasted for they could not tell & he did not inform them & it is Certain he did not Observe the Contents of the Proclamation—he never Prayed for the Success of our Arms as therein directed—It was on Acc of those Clauses in the Proclamation in favor of our Land that he did not read it I conclude—He never failed of reading Proclamations from the Governor when they came in Season, and Proclamations before that from the Congress he treated with contempt—he would not even Observe the day—He gave Bond agreeable to the 3d resolve which Bond I here enclose you Should be glad you would deliver it to the Treasurer & in case he should not appear agreeable to the last resolve that then he may be cited to appear agreeable to the Condition of the Bond if the Court should think proper to Send for him—Also you have enclosed an Acc of the Committe's leasing out an Estate—The mast that Col Lithgow & you & I were to take care of Some of them want to be piled up anew Should be glad you would consult Col. Lithgow & write down orders to Luke Lambard who lives near to them to do it—

Hon'd Gent'men

The Committee of Safety for the County of Cumberland In Nova Scotia have Represented to us the extreem difficulties they labour under by means of their Joining with Cap't Eddys party and have very importunately requested all possible aid from us & every body able to afford them the least Assistance. And tho we do not altogether approve of Cap't Eddys going there in so loose a manner. & with so small a party, yet we are Disposed to help them as far as we are able and shall encourage all the men we can Spare. to go. the inhabitants of that unhappy County, upon the appearance of Cap't Eddy were reduced to the Shocking dilemay of Being Either plundred and butchered by their friends. or of incurring the highest displeasure of their own Government the latter alternative they preferred and now lie Exposed to the rage of an abandoned administration and their wicked instruments—

They also in form us that they have high Expectations from our Court & that Colo' Shaw will soon arive to their assistance, with a sufficient armement. We earnestly request your Honors therefore in your great compassion to send them Speedey Relief.

In Obedience to the Establishment I have ordered a Serjeants Guard consisting of a Serjeant & Nine Men to Saco River — A Serjeant and 10 Men to Kennebec River, and the like Number to Harpswell, who proceeded for their several Stations Eight days since — I should have sent out Guards before, but apprehended the necessity of the Works carrying on here, which are now considerably forward, demanded the presence of all the Troops stationed at this Place — larger Numbers I thought could not be spared, consistent with the Public Service, but if I have erred herein your Honors Orders will determine my future Conduct — I take the Liberty to represent to your Honors that Cannon are much wanting, without which our Fortifications must be rendered useless, except to the Enemy — I need urge no further to your Honours the necessity of having a supply of Cannon, as you are not unacquainted with the Importance of this Post not only to the Province of Main but to the preservation of all the United Collonies

Letter from Selectmen \& Comm\^e of Safety for Winslow.

Feb. 14, 1777.

Winslow February 14, 1777

Sir,

Sollicitude for the Publick Welfare, and a Desire of discharging the several Trusts reposed in us with faithfulness to our Constituents, is the only Apology we can make for thus addressing you, and we trust that a Gentleman of your known Patriotism will require no other.—

In the Spring of the Year 1775 one Ephraim Ballard from Oxford in this Colony took Possession of a Fortress in this Town known by the name of Fort Halifax, with about four Hundred Acres of land adjoining the same, claimed by Doctor Sylvester Gardner late of Boston.

Our Committee of Safety having received the Resolve of the General Court of the twenty third of April last, and
being credibly informed that the Doctor, fearing the just
Resentment of his injured Country-men had fled from Boston
with the Kings Troops in March last, and that the said Bal-
ard was of Principles inimical to the glorious Cause in
which we are engaged, apprehended themselves warranted to
take the said Fort and Land into Possession and lease them
out. Accordingly they waited on Mr Ballard and requested
him to deliver them up — He told them that he had hired
them of the Doctor, (For Proof of which he produced the
Original of which we have taken the Liberty to inclose you
a Copy) and could not deliver them up to them or any Per-
sons whomsoever; but desired that if they took Possession
he might have the Refusal of a Lease.

The Committee, being dissatisfied with this Answer,
advised with the Committees of three of the neighouring
Towns and several private Gentlemen, who informed them
that the Fort and ten Acres of the Land were the Property
of the State, and therefore, that they thought the Committee
had no Right by said Resolve to dispossess the Occupier.
Under these Circumstances the Matter rested till about three
Weeks ago, when a Number of the Inhabitants complained
to the Committee that Mr Ballard with a Number of People
(supposed to be unfriendly to the grand American Cause)
from the next Town were cutting and haling Mill Logs on
the Premisses, upon which one of the Committee waited on
him and remonstrated against this Conduct, to which he
replied, That he had lawfully purchased the Trees and that
the Committee had no Right to interfere in the Business;
And the People above-mentioned, being examined, answered
that they were no otherwise concerned in the Business than
as they were hired by Mr Ballard.—

This Affair's being so peculiarly circumstanced makes it
very difficult for us to act so as to quiet the Minds of the
good People of this and the neighouring Towns, who are
very uneasy — We therefore most earnestly request, that you would employ your Influence in the General Court to obtain particular Instructions to the Selectmen and Committee of this Town for their Conduct in this intricate piece of Business, and that they may be sent as soon as may be; and that you will afford us all the other Assistance in your Power.

We have the Honor to be, with the greatest Respect, Sir

Sir

The Anxiety of Mind which I am under for the publick Safety will I hope plead my Excuse for addressing a gentleman in your exalted Station without having the Honor of a personal Acquaintance with you.—

The Spring before Last one Ephraim Ballard from the Western parts of this Colony came into this Town and took Possession of Fort Halifax and four Hundred Acres of Land adjoining there, having hired them as he said of Doctor Gardiner late of Boston.

Our Committee after receiving the Resolve of the General Court of the 23d of April last, and being informed that the Doct' had fled from Boston with the Kings Troops, and that Ballard was of Tory Principles, applied to him and requested that he would deliver the Premisses into their Possession.
He replied that he had hired them of the Doctor and could not deliver them up.

The Committee desirous of proceeding with all possible Caution, advised with the Committees of the neighbouring Towns, who informed them that the Fort and ten Acres of Land were the Property of the Colony, for which Reason it was their Opinion they had no Right to dispossess Ballard. They therefore let the Matter rest till a few Weeks ago when some of the Inhabitants complained that Ballard with a Number of Persons from the next Town, who were unfriendly to the Cause of Liberty, were logging on the Fort Farm — This induced one of the Committee to go to Ballard and remonstrate against his Conduct, who answered that he had lawfully purchased the Trees, and no person had a Right to forbid him the Use of them. And the People at Work with him as abovementioned, upon being interrogated, replied that they had no other Business with the Logs than to cut and hale them for Mr Ballard, they being hired by him for that Purpose. — The peculiar Circumstances of this Affair seeming to require special Instructions from Authority, the Select Men & Committee have, by my Advice, wrote you by this Opportunity requesting you to exert your Powers in the General Court in order to obtain them, to which I beg leave to subjoin my earnest Solicitation, as the People here are very much exasperated and may possibly proceed to Extremities if the Matter is not soon settled, —

I am with great Respect Sir, Your most obedient Serv’

Mechias May 30th 1777

May it Please Your Honours — I write you in great haste the 26th Ins' giving an Acc' that the British Armed Sloop Gage had gone up the River S' John, & of the Arrival of Capt Jno Preble with Capt West, whom I had sent to the mouth of the River, and brought the melancholy Acc' that the Inhabitants were forc'd to submit. This Step has given me great Uneasiness; I could not fall upon any Plan wherein I could be assur'd of the least Success; Nothing appear'd so Eligible as my taking a birch Canoe, but Pierre Jommo the Chief with some others having been on board, & Mr Gould hearing of my Commissions & Business, had offer'd a Con-
siderable Premium for me. This detain'd me. I collected the Indians to whom I could get Intelligence, & have had some Conference, to outward appearance satisfactory, & have been oblig'd to deviate from my original Plan of Economy, & be very lavish: Necessity Commands it if we keep them in our Interest.

On the 28th the Rev'd Mr Noble & Doct' Nevers arriv'd here, after going through a series of Difficulty & Troubles during their Journey through the Woods, who Confirm the above Acc't & that Mr Israel Perley was taken Prisoner to Halifax.

Yesterday about three 'Clock, Cap't Howes (the Bearer of this) arriv'd, by whom I Rec'd the agreeable News, of the Britons having Evacuated the River, but with an Intent to Return with all Expedition to Erect two Fortifications; On hearing this I concluded it absolutely necessary to Endeavour to secure that Part with what Strength I could raise till your Honors' Determination.

For fear of a second Eddy's Affair, I thought it expedient to act upon this Plan that the Inhabitants might not suffer, should your Honors not think proper to pursue any Measures that Way.

As the Indians at their own Option went to Head Quarters & made a solemn Treaty with the Massachusetts State & the latter being under a strong Obligation to fulfill certain Promises, it was highly requisite for the Honor & Dignity of the State, to have it fulfilld and Executed; and as some of the Enemy had been upon the said River to persuade the Indians to turn against the States, & force the English & French Inhabitants to swear allegiance; some of whom had been overcome, it must appear highly reasonable that a force should go to act upon the Defensive, to prevent the Enemy from getting further Possession till the Business is done with the Indians. I mean by this to secure the different Passes as
well as possible with what goes & not to have any thing to
do with Inhabitants, nor Even to go amongst them, other-
wise than what may be necessary for our Defence. I con-
sulted with the Machias Committee, Mr Lyon, & the Gent\textsuperscript{a}
from St John's, who much approv'd of it. I accordingly set
off this Morning with about 40 Men including Indians & two
of the small Guns belonging to the Minsheat, where I shall
Endeavour to take such Precautions in acting on the Defen-
sive till I know your Honors Determination.

I Rely & trust that your Honors will consider the deplor-
able State of this Country & should not be so pressing, was
I not Convinc'd of the great Importance of this Part, & the
Advantage the Enemy will reap therefrom

I have Rec\textsuperscript{d} several Informations, That Col. Gould has
sent into Canada for one Bailey a French Priest who was
formerly in Nova Scotia & a great Jacobite. Gould also
gives Information that a Number of Gentlemen in Boston
had frequently solicited for a number of Troops to be sent
there which would certainly be done in a short Time — That
he had a Letter from Jn\textsuperscript{o} Anderson giving a State of
Matters, particularly the diff\textsuperscript{e} Speculations about the River
St Johns.

News from Halifax that the Hessians were order'd home —
That 16000 Men was the Number coming abroad. That a
Number of Transports which came some time ago to Halifax
from New York were sent up the Bay of Fundy for Provi-
sions; I fear this is intended for some secret Expedition near
your Honors plann'd by these Villains who lurk within the
Bowels of your Country & who I fear (if not speedily done
something with,) will bring things to an unhappy Crisis: I
hope that Justice which is so requisite & what I think a
Commanded Duty in time of War will take Place.

The Bearer Cap\textsuperscript{t} Howes, can inform you of many Particu-
lars, which may prove satisfactory.
I shall leave Orders for my little Schooner on her Return to proceed immediately up Sᵗ Johns River: I must earnestly Request of your Honors that you will as Expeditiously as possible inform me what is your Determination, for at present I am at a great Expence, which as it is a thing Contrary to what was expected when at Boston, & which may be call’d an Usurpation in me, that I shall be liable to pay it myself which I am not at present altogether so Capable of; & indeed if admitted to the publick Expense, I shall be as much Concern’d if it is not approv’d of.

I must Recommend that John Anderson of Newburn may be secur’d, as also his Wife, she is an Intriguing Person & has been always remarkable for Intelligence, & I am thoroughly Convine’d he has given as much information as any Person. I trust sour Speeches & friendly Gestures will not overcome or prevent Justice.

Time not permitting to wait I must pray your Honors to indulge me so far as to Communicate to the Honble the Continental Congress my Proceedings with such other Matters as you please, respecting me,

I am with the utmost Respect Your Honors most

Obedt Most devoted humble Servt

P. S. Should any thing be done this Way I Recommend the Bearer Capᵗ Howes, who appears to be a Man of an Universal good Character; a good Pilot & well acquainted with the Affairs of that Country.

He has lost a Vessel there. I must beg /if Consistent with the Service/ he may be Employ’d.

To the Inhabitants of Manciville

Report. 1777.

State of Massachusetts-Bay

In Council June 5th 1777

The Com'tee of both Houses upon Mr Hancock's Letter of the 13th ulto inclosing a resolve of Congress of the same date; & the Petition of the Com'tee of Mechias & the papers accompanying it report as their opinion —

That an expedition to the River S' Johns in Nova Scotia, is not only necessary in order to secure the Inhabitants of the Counties of Cumberland & Sunbury (who have applied to Congress for protection) in that State, from the cruel oppression & violence of our common enemy; but also, for the preservation of all our Settlements lying to the Eastward of Casco-Bay; & for preventing that Short & easy communication between our enemies in Canada with those in Nova Scotia, through said River, which they are now fortifying for that purpose.
That in order to carry this expedition into effect, there be one Regiment raised, as soon as possible in the Counties of Lincoln & Cumberland within this State, to consist of 728 men Officers included, & to be upon the continental establishment, be raised by enlistment for a term not exceeding Six Months.

That there be a sufficient naval force provided, to Convey all the necessary stores to said River, or such other place as may be ordered; not only sufficient for said Regiment, but also for such volunteers & Indians as may join them in this expedition for Securing that part of the Country against the depredations of the Independency of the united States of America.

That a general Officer be appointed by the whole Court, to command & direct this whole affair, under such orders as may from time to time be given him by the Council, to whom he frequently make return of the State & circumstances of the forces, & all proceedings in this expedition.

That the whole force, by Land & Water, shall rendezvous at Mechias as soon as possible & there receive the orders of said general Officer, to which, there shall be paid the Strictest obedience, by all inferior Officers, & others, who may be employed in this affair.

That four Field-pieces, with two 12 pounders & two Small Mortars be Sent with the Stores, to be used for the defence of the same, when at Mechias, or for such other purposes as the Commander may order.

That the Court appoint the Warrant & Field-Officers, & the Commissary, with such other Officers as they may see fit, exclusive of Captains & Subalterns, & non-commission-Officers: Blank Commissions for Capts & Subalterns to be delivered to the Commander who, with the Field Officers, shall appoint them, & deliver their Commissions, when they have raised their Companies: And the Captains & Subalterns shall
appoint the noncommission Officers for their respective Companies, to be approved or disapproved of by the Field-Officers.

That the Com‘ee of Mechias be repaid in kind, all the Stores which they have supplied, agreeable to their Petition.

That there be delivered to said general Officer, a compleat set of blank Commissions & Warrants for a whole Regiment Consisting of eight Companies to be raised from the Inhabitants of the State of Nova-Scotia or the Eastern parts of this State or the observing a Similar rule of conduct in all the appointm'is, with that held up in the above paragraph. A. Said Regim't to be continued in Service One Year, unless sooner discharged.

That the Commander be vested with power to dismiss the first Regiment if he may judge it necessary, when the Second is compleated; or, to employ both in any service for the united States which he may judge prudent to put them upon, in this or the State of Nova-Scotia.—

That a Com‘ee be appointed to make application to the Commander of the Alfred Man of War, & to the Owners of such private Ships of War as are likely to be obtained, & which may be needed for this, & to agree as the Court may order. And, that they also be Cloathed with Ample power to furnish every necessary Article for this expedition.

That, if the measure is adopted, not a moment is to be lost; for the enemy ought to be disrested before they have planted themselves strong; & their present naval Strength being small, may probably be taken.

The Com‘ee are further of opinion, That tho' the expence of this expedition will vastly exceed what the Congress had in contemplation when they passed said Resolve; yet as the object is much greater than is therein pointed out; & as the Congress had, some Months since, directed our views to still greater Objects, which this State did not then think proper to attempt; they judge it highly probable, that the whole expence will be continental.
All which is humbly submitted by the Com*tee who ask leave to Sit again as soon as the Papers are returned into their hands

The Committe appointed to consider the papers relative to David Thatcher Esq' of Yarmoth and report what is proper to be done, have attended that Service, and are of oppinion that s'd Thatcher ought to be esteemed a friend to these States and that that matter Subside.

Report

The Committee appointed to consider the Acco's of John Allen Esq' and his Letter of the 10th March have attended that Service and beg leave to Report — a State of Facts as followeth —

That on Examining said Acco's they find due to Col'o John Allen as Commanding Officer of the Troops rais'd by this State for the Defence of Mechias — the Sum of £237..7..9½
which sum ought to be paid him out of the Publick Treasury of this State —

That Col° Allen hath drawn out of the Truck House and Commissary's Store at Mechias Provisions and other Articles for the Suply of the Indians there to a considerable amount which he hath pass'd to the C't of the United States —

That on Inspection of his Acco's as Agent of the Indians as he hath adjusted them, there is a Ball° due to him of the Sum of £622.7.11¾ to be paid by the United States —

Your Committee beg leave to report as their Opinion — that it is necessary that Col° Allen be supply'd from the Publick Treasury of this State with the sum of £1200 — to enable him to discharge the Debts already contracted; and to carry on the Business of Agency with the Indians —

That Col° Allen be supply'd with 4 Whale Boats — and an Oyl Cloth Marque —

That Lieu Albee with thirty Men now under his Command & whose time of service expires in June, next, be continued in Service untill the 1st of Dec° next — and that Provisions be sent for the same —

That a Surgeon be appointed for the Troops —

That a Letter be wrote to Congress by the President of the Council inclosing all Col° Allen's Letter which he hath wrote to this Court — with his Acco's as Agent for the Indians — acquainting them with what they have Advanced Col° Allen — and desiring that they would take some proper Order respecting his further supply.

That it is unprofitable and cannot tend to the Benefit of this State to continue a Truck House at Machias. And that the same ought to be continued only by the United States under the Direction of Col. Allen as Continental Agent for the Indians and that Congress be inform'd thereof —

That a Bill be bro't in — to prevent Person's trading with the Indians at Mechias or any way supplying them with strong Drink — under severe Penalties
May it Please your Honors

Undoubtedly before this you have been Informed by Cap't Smith of the Movements of the Enemy at St John's River, by advice of the Different Committees I have Inlisted into the Continental Service during the Terme of two Months, a Captain a Lieut & forty two Men, and hope this day to sett off to the Assistance John Allan Esq who left this Eight days since — Relying on your know'- Candor and Generosity, I have obligated myself to the Party for their wages, the Committee of this place have done the same with Regard to this Provissions.

I have not the least doubt of keeping the Indians Freindly to the American cause, they must be dearly bought, and the Truck-houses well Supplyed. I doubt not you will give us every Assistance, as the preservation of so Valuable part of this state Intirely Depends thereon,—

Inclos'd you have Copy of a Letter from Col Lawder to Col Buck which I Receiv'd a few hours before I left Home, to which I Refer your Honors —

Gentlemen

I think it Incumbent on me to acquaint you of the proceedings of some of the Inhabitants of this place.

Last week we had an account sent us from Penobscot that their was an army of Indians with Regulars a Coming Down upon the Rivers Kennebeck Penobscot and S* Johns which made us very uneasy, and a number of the Inhabitants of this Place met, and as I am Informed some of which proposed to send some Person or Persons to meet the army up Penobscot River in order to Capitulate and come under their protection and give up their arms I think such proceedings is contrary to the Liberties of this and the other States and I make no Doubt in my own mind from many things I have observed in maney Persons that if such an army should come they would gladly embrace the oppertunity and I think my self and some here is in danger of our Lives if such a thing should happen one of these set of People said a few Days ago that he was told the Regulars had sent to Machias to submit and if they came it was the determination of the Inhabitants to submit. I write the above that your Honours may act as you think Best I should be glad for maney Reasons not to have my Name made Publick in this matter unless you should think it Best. Mr Tho^ Milliken the Bearer of this Letter can Inform your Honours as to the above.

Kittery 12th June 1777

Sir

I had the Honour a few days ago to receive a Letter from the Honble Board acquainting me, of my Election as a Member of the Council. The receipt of which gave me much concern, when I reflected upon the State of my Health, & the undeserved favour done me.—

I am heartily desirous of doing everything within the Limits of my capacity, for the Publick service, in this difficult day; but the Indisposition, I am now labouring under, and have for six months past been confined with, Obliges me to resign the Honble appointment; which at this Juncture I would not have done, notwithstanding my unfitness for the station, was there any possibility of my acting therein, and giving that attendance which would be incumbent upon me.—

I am with great respect to the Honble Assembly your most obedient & humble Servant,

Letter from Col. J. Allan. June 18, 1777.

Autpaque River St Johns, June 18, 1777

May it Please Your Honors

I Wrote to you of the 18th 26th & 30th Ulto"" Giveing Your honours an Account of the Various movements of the Enemy at St Johns & thiere Leaveing it. According to
What I Mentioned in my Last the same day (30th) I proceeded with 4 Whale Boats & 4 Birch Cannos Leaving Capn West & Twenty Men Under his Command, which with the Indians & my own Men Amountd to forty three. I arrived at Passamaquody By 6 O clock next Morning & that Evening reach'd the Chief of Passamaquody's Wigwam were I found three Birch Cannoes from St Johns who had Come thro the Lakes for me, on my Landing I was Saluted By all the Indians who ranged themselves in a Single file (about thirty and fired several Rounds in thiere fashion. I had a Conference the same Evening with much satisfaction — After Refreshing the Men I dispatch'd Capn West with his Boats for St Johns to Prevent Inteligence of Our Movements. the Next Morning (Sunday) I set off with Thirteen Canoes, overtook Capn West Same Evening Arriv'd at Musquash Cove about 9 Miles from St Johns, there I formed our Position to Go, on, after geting Some Refreshment I sent off (about 10 O clock at Night) Capn John Preble with Two Indians in a Birch Canoe to the Hearbour for discovery, in about an hour after I sat off With Two Boats & 6 Birch Cannoes Leaving the Other Two Boats. Provisions &c with Other Canoes which had familys. to Come Next day, but Notwithstanding our dispatch'd it was Clear day light before we Arriv'd. finding the Coast Clear & being determind to Seize Hazen & White who where the promoters of bringing the Man of War there, I immediately sent of— Capn West with 16 Men to Cross above the falls. distant three Miles, & an Indian with a Birch Canoe, all which was Executed so well; that about 6 Oclocok both these Gentlemen were Secured — About 9 O Clock I Arrived at the old Fort (Frederick) when Capn West Came accross with his Prisoners. on Confereing with them. they Uterly denied haveing any thing to do in the matter. but said it was Premediated design of the Government sence Eddys affair that Col' Gould told
them it was determind to Erect a fort at the Mouth of the River, & one About 40 Miles up, that Gould returnd with the Utmost dispach with a draft of Matters in Order to Return with all Expedition after Conversing some time with These Men I thought it Expedient from My Own Setu-
ation & Circumstances of thing on the River, which by this time I became More Acquaintd with, to Leave these Gentle-
men on their Parole with thiere Fannelies till the determina-
tion of Cort was Known; or more Strength. I Accordingly sent them Home, and that Afternoon Pass'd the Falls with all the Boats & Canoes the Whole haveing Arrivd by 4 O Clock P M. I Encampd About one Mile above the Falls: were I receivd a more Certain Account of the diffrient move-
ments, And I am sorry to say that the People has not Acted with that Spirit as becomes the Subjects of Liberty, Much Division has been Among them, those Who were Sperioted in the Cause follow'd too Much the Method of the Continent by letting the disaffected go aboute & Insenuate Diffrient Tales, & haveing no Encouragment of Succour from the Westward and being Surprizd so Suddenly the Whole Gave up & are now become the Subjects of Britain, the Greatest Part is I Believe as Zealous as ever & it is there Earnest request that a Sufficient Force May be sent from the Conti-
vent. are also Conscious of What will be the Consequence shoud the Britians Get a Hold here, as it will Command the Eastern Country and Open a Communicati'n into Canada, all that I can say for the Inhabitants is this, that they Might have very Easily deffended the Mouth of the River by Secureing the Falls Against 1000 men, but they Neglected this from Various Obstructions in their Consultations, they Admitted the Britiners about 100. Men to surprize them suddenly and Passively Submited & took the Oath of Alle-
gience, Many of them were Robd of thier all Many were those who had taken the Oath, they Appeard by What I can
learn dejected & forlorn & Sorry for what is done. but how to Manage the affair they Appear at a Loss. Stupid & fluctuating from this Your Honours may form a Jugment of the Situation of this River —

theres Some that are Great Zealots for Britain among them is one Lewis Mitchel, who is well Acquaintd with the differnt parts of the Country and Often Goes to Halifax, is of an Insinuateing Turn Particullarly Among the French and Indians. he was one of the two who went last March to Git Troops. I was ditermind to Secure him if Possible —

On the 3rd Instant I Gave Cap'n West his Instructions which was to Range the Woods from Hazen Across the River above the falls Round to the Old Fort, to Keep himself Scret not to be any where but in the Woods & Endeavour to Annoy & disturb the Enemy in thier Lodgment ( shoud they Come) till further Orders —

I Proceedd my self with Two Boats & 6 Birch Cannoos up the River on the 4th about 10 OClock Mr Preble and me with three Indians went to Mitchels house & took him. Hes now a Prisoner with me, in the Afternoon I Got up to Mangerville & went a Shore Opposite the Town & Wrote a Letter to the Inhabitants (a Copy of Wich is here for your Honors Perusel ) I woud Observe to Your Honours that upon hearing of the Inhabitants submiting to Brittain I was determind not to Go in Any of the Houses, nor go to Any Settlement nor have Any Conception or Intercourse with them Otherwise then Procureing some Refreshments & every Night I Encamp in the Woods distant from Any House —

On the 5th at day light Proceeded on, & when Within one Mile of the Indian Settlements. a Centery Haid & desired us to Stop till he Acquainted the Rest of Our Coming — after a Signal was Given We Proceeded. When in Sight the Indians formd in a Single Line between Fourty & fifty in there Shirts Painted fired a fieu dejoy which we Answerd,
upon my Going ashore one Pierre Toma. Ambroise & the Other Chiefs Receiv'd me in form — I walk'd towards the Wigwams When Pasing the Line of Indians before mention'd, they began a firing & Continued some Minutes — after them all the Squas ranged along Curtsying as I pass'd, Went to Ambroise's Wigwam where all the Captains attended & the Young Men Came in one by one & seluted me & then went of. we Pas'd the Evening in telling News, I Lodg'd in the Wigwam. I am Reather More Perticular in Mentioning these Triffling Matters, It is only to Give Your Honours an Idea of Thiere ways. & the Friendship which some of them Retains for America who were the Occation of this Method of Complimenting.

I shall very Likely, be very Perticular in Communicateing our Diffrient Proceedings & Conferences, till Your Honours desire me to Desist from Troubling you — The next day I Conversed with several Indians privately & found that I had a very hard task to Go Through with Little hopes of Success. I found that several were Vastly fond Colo^ Gould and Seemd Undetermind what to do. when some of the Chiefs were on Board the Bible was Presented for them to Swear Allegience which they Comply'd with. Pierre Toma in Perticular appear'd Enraged at his Treatment when in Boston. Said he was not Treated as he Ought to be & what was Promised him therefore he was determin'd to Go to Halifax — I used every Argument I was Master of to Dissuad him from his Design & to Convince him of the GoodDisposition & Intention of the States towards the Tribes & that I had Come to do them Justice: with the Same Authority as Monsieur Besuebair in the French time. this Pleased them Much & upon the Whole I Gained such an Assendency over the other Indians that they Interpos'd. for the Present Appeared somwat Satisfy'd till another Conference among themselves — On the 7th about 11 O Clock I was sent for
to Piere Tomas Wigwams where I found all the Chiefs & Young Men. after I was Seated. Ambroise Rose and in a Solome Attitude Address'd the Chiefs Giving An Accout of his Embasy and did him a String of Wampum Then Addressd the Young Men in the Same Manner delivering them Another String of Wampum, they all Answerd him Agreeing with what he had done, & that they were still United in friendship one with Another they then dispersed — About an hour after I was Again sent for to Ambroises Wigwams were I found the Whole Present. One of the Chiefs then Rose & Addressd me in the Same Manner as Monsieur Beauchear was in the French time, as thiare Con-tryman in behalf of the Congress & Genev Washinton after taulking Much upon Matters Concerning themselves & Wel-coming me. I was present With a String of Wampum from the Chief. then Another String was Given from the Chiefs & Young men. Piere Tomma then Rose & takeing the two Strings from me, Addressing me in behalf of the Whole Jointly & then Returnd them to me. we then Parted after I had Invited them to My House on Monday to Give them an Answer, on Which day they all Attended. When I deliverd them three Strings of Wampum — after Introduce-ing the Conversation I stated to them As Clearly as Possible the Nature of the dispute & what Occationd the War between America & Brittain all which Appearently Gave Much satisfaction, we Parted Great friends. I have ever Since attended the Visiting the diffrient Wegwams & Con-versing privately with them — Giveing them a Minute Detail of Matters which they Gave Great Attention to. On the 8th I Recd a Letter from Capn West Giveing me an Account of his takeing a Schooner from Halifax with Sundrys On board Amoung Which was some English Goods which I shoud have been Extreamly Glad of had they Been sent up here but for Fear of Being Block'd up he sent to Mechias 2 days
after Colo\(^1\) Shaw Arriv’d at the Mouth of the River with 45 Men.

On the 9\(^{th}\) I Reciev’d Intelligence in 9 days from Quebec that Gener\(^1\) Burgoyn Arrived there About the 16\(^{th}\) of May, with About three Hundred men he Stay’d there but Eight & forty hours & Sett off for the Lakes. the Canadians were very much distress’d that every 6\(^{th}\) Man was Drafted, & were daily deserting that they were very much discourag’d and Appeard Certain that they Con’d not Penetrate farr, As they heard of the Great Strength of Ticonderogo that those that were Advocates for America suffer’d much, Gov’r Carleton is to Continue at Quebec.

on the 11\(^{th}\) Mess’a Hazen & White haveing been Made Prisoners on Seeing the Brittish Ship Coming into the River; which prov’d to be the Vulture Sloop of Warr. with her Came a Sloop with Supplys Cap’n West Board\(^4\) the Sloop, but such Numbers Coming from the Ship, & no Prospect of Success he thought best to Quit her. the Brittinors being somewat Intemidated Thought proper to Set Sail the Next day, but I fear their Return with Superior Force —

I have sent a Canoe for Other Indians on the Head of the River whome I Expect this Week — I have sent Another to Merameekee with a String of Wampum, to Let them Know of my Business and Intention of Being Amoung them, which I Intend doing when I Can Get the St Johns Indians a little more Secure & Settled, a Number of them I Expect will Go with me I have also sent off after an English Officer who is Amoung them up the River who Calls himself a Deserter but I presume is a spy —

Since my Arrival I have Impoy’d several of the Indians in Sending them about with Express to the Other Tribes By wich I Keep up their Spieriets I am Compelled at Present to Stay here for I Fear on my Leaving this Place the Indians woud be Immediatly down the River the Impression Colo\(^1\)
Gould has Made on their Minds seems to Occation an Unsteady Conduct so much (that Notwithstanding) thier Fair Speeches & friendly behaviour at Times I after all think they Will Leave us — I Can hardly Write Any thing Certain about them And I doubt Not but my Own Letters may Conterdict one Another for thiere Beheavour is so Changeable, And When Any thing is on the Carpet on Either Side they Appear So Assiduas & Sanguine. that I am often Led to Suppose they are Come to A final Determination which brings on an Unsteadyness in my own Conduct with them & my Letters often Dictated as the Situation of my mind is, After a Conference —

But upon the Whole I must say there is none acted more Vertuous Even Those that are more Refind. they Are naked & in Great want of Provisions Notwithstanding they Persevear, and only in Distress will Purchais from the Adhearents of Great Brittain. Many of them sence the Treaty & Promises Made them have Quitted Hunting their familys I find in Great Distress, with Many Complaints on the Arrival of Coll° Shaw I call'd a Meeting of Chiefs Sachems & Young Men to Lay in their Complaints and upon the whole was that they had not the Treatment they Expected. this Expectation was found'd on the French Custom. which was when they went to War their Famelys were Supplyd and Whatever was Lost in War or drunkenness was made up to them. for they say the Evil which arrises to them is in Consequence of thier being in the Service there is no Conveineing them to the Contrary they say they were also Promised hard Money & Many Other things —

Their Councels have often Met sence my Arrival here: And have always been Called to Consalt; thier Maner of Beheavour is both Solemn & Orderly—I have somewat Elated their Spiriet & Ambition By Conviceeing them of thier Cosequence Among Other Matters Agreed upon was
the Prices of Furrs with Some Staple Commodities Your Honours may think the furrs are Placed high But this I Presum’d a Piece of Policy from this Reason that it was no Likely hood Any American wou’d purchais’d furrs with hard Money. that Furrs sent to the Continent bears a Great Advance Enequivalant to the Goods purchais’d that this Method woud Naturly Occation a Jealousy & Dispute between the Indians and the Adhearents of Brittain, as the Latter woud Refuse to pay the Price, & very Likely Supplys might not arrive time enough from the Continent all which I thought wou’d Tend to the Service of the States, this Arrangement is to the 1st of January —

I have Only to add in Respect to the Indians. that there must be timely Supplys, it will now take 15 or 20 pieces of Strounds for this Tribe, besides Other Matters in proportion & a Considerable Quantity of Corn & other Provisions, it Cannot be Supposed that these Persons will Keep Always so Quiet without Assisting them (I mean for their furrs in payment) if they are Forced to Deal with the Brittains the Consequence is Obvious & Sure & it must soon take place if not Speedly prevented I woud Try at Meramechee for some Cut Money is Wanting —

Mr John Preble, has been very Assiduous and Active he was Forced to flee & Secure his Effects in the Woods, Quantities of which were found & Embezzell’d by Tories & Soldiers. some things has been got. I have Orderd them to be Remov’d from Masigerville to this Place. the Indians have taken most of them — I have sent Mr Preble to Mechias for what Things I brought to Procure what Else he Can, Before the Brittains Get to the River, But after all this Preparation if a Force Does not Come; it will be Imposible to Keep their Interest — I am at Present at a very Great Expence haveing been forced to be very Lavish & Likely to be far more then I Expected. I must therefore Earnestly
request Your Honours to Give me Speedy Information what is your Intention that I may Order things Accordingly —

I have Recieved no Perticular News from Cumberland Nor do we Know Any thing of the State of the Famelys Sence Decemr Any more then In General. The Property of persons absconding. & those who Refuse the Oath is mostly Sized and Sold Several Famelys turnd out of their Homes — I am rather afraid to send to Know for fear of Exasperating to more Cruelty. & Little Expect to see my family this Year if Ever —

The River is Now Quiet, 60 Men at the mouth of the river & my Keeping the Indians at Home & now & then Raising a Small Allarm, to put the Indians in a little Motion Staggers the whole Inhabitants & Keeps any Inclinaison from Attempt any thing — Many has been Here Makeing the Greatest profession of Friendship — I desire them to Keep away. I was determind to have no Connection what ever with any Others but the Indians & declind Any of thier Company this way. as I shoud not Trouble Any of thier Houses. And as Yet I have not been in Any House sence I am on the River —

The bearrer Doctr Nevers who is a Person who has Sufferd the Greatest hardships, the most part of his Interest Carried off by M'r Gould & himself Lyable every day to be made a Prisoner, his Charector in Private Life as well as his Zeal for his Country — Being a Great Instrument in Keeping the Indians Quiet in Furnishing them with Provisions &c Merrits the friendship of every person Concerned. Must therefore recommend him to your Honours favour —

The Schooner which West took & Sent to Mechias belongs to the States. Except so Much as the State pleases to allow to the Captures your Honours will please to Authorize Captn Smith or some Other trusty Person to Secure the Property.

I am with much duty & Respect Your Honours

Most Obv very hbl S't

May it Please your Honors

The following is a short Narrative of our proceedings since I wrote your Honors from this Place —

After a passage of three days we reach’d Musquash Cove about three Leagues West of St John River, during the Night We heard several Cannon, on which We Concluded Immediately to send off a Boat of observation, which Returned in the Morning; and Inform’d that a Ship & Sloop were under sail coming out of the Harbour — as soon as they were well Clear of the Land, we push’d into the River & joined Cap’n West’s party — after taking such steps as we thought Necessary to secure our Boats & provisions &c &c I proceeded up the River to Aukepague, after settleing my Bussiness with Mr Allan & the Indians, I sett off for the Mouth of the river, intending immediately for this place, leaving the Command ( with the advice of Mr Allan ) with Cap’n Dyar, on my arrival I found the Ship Vulture had been in the Harbour 2 Days, that on Monday the 23d June upwards of 40 Men Attempted to Land in two Boats, near where we had a party of 21 Men Stationed, who gave them so warm a Reception that after 20 Minuits they were glad to drift off to the Ship, the side of one of the Boats that was next to our fire was so shattered, they were obliged to heel her Gunnel too, to prevent her sinking — it is uncertain how many Men they lost, but it was generally supposed by the Spectators they had 16 or 18 Killed & Wounded, one through a Glass saw 8 hoisted on board the Ship — our party did not suffer the least Damage —

I tarried there several days untill two Ships more and one Sloop had arrived, and Concluding they did not Incline to attempt landing again, I left them on the Evening of ye 29th June in high spirets, the Boats & provisions well secured, and they posted in such a position as to Defey the Enemy
to defeat them, unless assisted by the Inhabitants, who I think will generally join our party as soon as they are Inform'd of your Honors Determination to defend the River, notwithstanding the oath lately Extorted from them—here with you have two Letters from John Allan Esq which were intended to be delivered by Doc Nevers, as his Vessel could not pass the ships, he is prevented proceeding for the present

Letter from Col. Alex Campbell. July 13, 1777.

Number Four July 13th 1777

yesterday Received Letters from the Committee & Major George Stillman of Machias, wherein I have the Following Acc Viz that the Captains Dyer & West, had made an Honorable Retreet from S't Johns, /they Commanding a Recruiting Partey: to Watch the Enemys motions/ there was at that time, in S't John three men of War two Tenders And a Sloop belonging to the British King, the number of men on bord these Vessels is unCertain, but we are Certain they Landed 120 men, at one Peabodys, at Mahogany Bay So Called. They March'd through the woods two miles & a half, our Troops having timely Notice, thought Best to call in their Gards and Secure a Retreet — they Accordingly Detach'd their main Body, to a place Called great Bay Above the Falls to Secure their Boats. Leaving Cap Dyer With twelve men to Observe the Enemys Motions — Captain Dyer let the Main Body Come within good muskett Shot, then
fired and Retreated. on his Retreat fell in with the Enemys Flanque Guard, who fired on them at ten or twelve yards Distance killed three and two Slightly Wounded, who got off with Captain Dyer, our Party immedeatly Retreated up River, at one oClock was Seen 25 miles up, Next Day the Enemy follow'd up River.— this intilegence Comes Straight from S' Johns, By one Mr Bromfield, a Gentleman of undoubted Credit and Veracity, who Supposes our troops intirely Safe, as the Enemy proceeded but only 20 or 30 miles up River, he was also Eye Witness to the scurmish: by the same Authority, we find the Enemy well inform'd of the Eastren Campaign, two Ships from New york was Despacth'd Imediately who was into S' Johns. The Maremaid of 36 guns the Ambuscaid of 32 Dº with another Ship, With Orders to Cruise Between Machias Harbour and Mount Desert to intercept our fleets on their way Eastward — this from Machias at the Same Time Desireing me to Communicate the Same Westward — and as it is become the Duty and intrest of Every Well Efected Person to Exert and Streech Every Nearve in Oposition to Ministerial Tirany and Oppission — precaution and Prevention being the Best of Action; I would Earnestly Recommend to all Officers of the Continental or States Troops, Commanders of forts, or Millitia, Commanders of Privateers, Committees, and others who may have it in their Power, that they use Every Means that the Commanders of Troops or Ships Engag'd on the Present Expedition Eastward: may have Timely Notice of this matter So as to Govern them-selves Accordingly — A mistake of this Kind, may Prove Extreemly Fattal, to the Eastren Countrey and a Damage to the Publick Cause in Generall — the Contrary of which is the Sincere Desire of a friend to his Countrey

NB its carefully to be observ'd that Mr Bramfield informs that the Ships have left St Johns and now on their Cruise: and often Seen on the Coasts between Mount Desert and Machias how many more may be Collected is uncertain.

*Letter from Francis Shaw*

Gouldsborough 15th July 1777

May it please your Honor's,

on my arrival at Machias the 14th Instant I wrote your Honor's, and gave you the particular situation of our party on the River St John's.

By Mr Broomfield of Newbury just arrived, I have the disagreeable News that the Enemy had Landed 120 Men against our party and after a Short Engagement obliged Capt's Dyer & West to retreat up the River, leaving two killed & one Mortally wounded, since dead, he further Informes our people were seen 20 Miles up the River with their boats the same day, I doubt not they will be able to Join M't Allan & his party, & hope soon to have more favourable Accounts from them — I am with much Respect & Esteem

State of New Hampshire

In Committee of Safety July 16th 1777

Sir, The Accounts we are continually receiving make it more than probable that our Northern Army have suffered
very much on their retreat — and that these who escaped are much scattered — We have sent Officers to No. 4. to stop all the Soldiers on their way home, as well those of the other States as our own — and we understand a considerable number are collected there.—

We have received no Letters from the Army, and know not the Rout they have taken, & are greatly at a loss what Measures are necessary to be adopted at this important Crisis — We therefore desire a Communication of your Sentiments on this Subject — Our General Court will meet Tomorrow, and we are sure will readily coincide with our Sister States in using the most spirited means to retrieve the Losses and save our Country from threatened destruction —

By order of the Comtee

I am Sir Your Obedt Humbl Servt

Meshech Weare Chairman

Honbl President of the Council of Massachusetts Bay

P. S. The Inhabitants of our Frontier Towns on Connecticut River are sending their Committees in the most pathetic manner, begging to be supplied with fire Arms as half of them (they say) are destitute, and other parts of the State not much better stocked — We must again repeat our solicitation in the most urgent manner to our Sister State to sell us some of the large Quantity of Guns they have lately imported, or a considerable part of our Militia must remain unwilling spectators of the War in which they would gladly assist their Country.— We are also in the greatest want of Lead, and pray to be supplied with what you can spare of that Article —
